New Business		45 min	
<u>Building Council Goals & Curriculum Council Goals Review</u> (15 min) Discussion: Collecting feedback from Building Councils around Open House (10 min) <u>Diversity, Equity & Inclusion - Process for Stakeholder involvement</u> (20 min)			<p><u>Review building goals-</u> Breakout session to look at each building goals in the district. Members provided feedback on Post-It notes on a printout of each building’s goals. These then will be given back to each Building Council. <u>Compiled notes</u> were shared with Building Principals to bring back to their Councils.</p> <p><u>Open House-</u> Surveys had gone out to collect data surrounding the structure of open house. ECS and Primary have not had open house yet. There was a discussion of collecting data surrounding what other types of open house structures exist. District Council can start to define what different stakeholders want out of an open house. Once those parameters become defined we can start to flesh out different options/structures for what open house might look for different buildings within the district.</p> <p>Equity & Inclusion: The district is in the process of forming a DEI Team.</p>

			<p>Karen Finter handed out a rough draft of what the charge, membership representation and criteria of the DEI committee would look like.</p> <p>Looking at feedback for the rough draft, maybe restructure it into attention grabbing questions.</p>
