

Virus Prep & Your FSA

As the novel Coronavirus (COVID-19) pandemic continues, your FSA is here to help. Now with fully FSA-eligible over-the-counter (OTC) medicines, you can plan ahead without the need for a prescription!

We've made virus preparedness our top priority.

We pledge to provide fair price protections for all items in our Virus Preparedness category. Learn more about our [Fair Price Pledge](#).

We will donate a portion of the proceeds from the sale of each product on the Virus Preparedness page to the [CDC Foundation](#) to support their response in combating COVID-19.

For the safety and health of our community, we strongly recommend following these best practices from the CDC:

Wash your hands thoroughly and often.

Cover your cough or sneeze.

Stay at home when you are sick.

Get started with \$20 off \$200+
Use code: **VP20POA**

Expires 12/31/2020

Everything Flex Spending.
