Should we build reserves for a rainy day? How much should be kept in bank account at all times?

New Business:

Captain Picker requests permission to purchase all the cadets, who are on teams, a team shirt from Captain Tee's.

Moved, seconded, approved, not to exceed \$1,500.00

Discussion about whether or not the Parent's Association should supply a meal for the cadets when they are at comps and whether a budget should be formed for comps.

- 50+ students attend
- How much should we set for a limit?
- Do the kids pay? They already pay \$20, can we use money from that for food budget?

Moved, seconded and approved: cadets continue to pay \$20, the funds to be applied to food costs, and any other travel expenses not reimbursed by the district. Sign-up for "Food Committee" will be posted on Sign-UP Genius. Candi Gates, Jeff Cameron, and Anita Reynolds already volunteered to be on committee. Need one or two more. Budget for food is not to exceed \$400 per comp.
