Youth Sports

There is a wide variety of youth sports offerings within our community for children in kindergarten through 6th grade. These groups are community based and run through each respective youth sports booster. In the fall, youth football and youth cheerleading are in action. In the winter there is youth basketball. In the spring/summer, youth baseball, softball, soccer and lacrosse are all in action. These are all great opportunities to involve your child in fun physical activity and also start to learn skills within each sport. This link - [Community Youth Boosters](#) - on our school website has contact information for each of the youth sports boosters listed above. Information about registration typically goes home through backpack mail at Valley Primary and Gorham Elementary as well.
