

NEW PARADIGM LOVING ACADEMY

SCHOOL PLEDGE
Right now, today, this very moment, I am capable of giving myself, the gift of absolute self-assurance, self-belief, and powerful non-stop confidence in myself.

"IMPACT AND OUTCOME"
"TO, THROUGH, AND BEYOND COLLEGE"

Happy Monday Families,

We are nearing the end of Quarter I and gearing up for the next quarter. Scholars who need additional support in the areas of reading and math have been identified. Resources will be sent home this week in order to support students academically. Loving will have a rotating schedule for tutoring in Quarter II. We will begin tutoring on Tuesday, November 1st for four weeks. Tutoring will be every Tuesday and Thursday from 4:00-5:45. Students will get a jumpstart on their homework and enjoy a snack from 3:30-4:00. The deadline to sign up will be Friday, October 28th.

It is also important to check your Scholar's backpack daily to locate homework and parent communication. Students need extra help and reinforcement to support content taught in the classroom. Please ensure the work is complete and correct. Students should be submitting quality work free from errors, tears, stains, and should be legible enough to read. The first graders will keep their RR books in order to build a library at home.

If you have additional questions or concerns, feel free to reach out, thank you.

Ms. Ringo,
Principal

STUDENT SPOTLIGHT!!!!

- **First grader, Jourdyn Hatten, is extremely helpful in class and supports her peers during math class**
- **Third grader Kadrion Allen has been a role model for the smaller students while riding the bus home from school**
- **Fifth grader, Lillie McCullom, continues to work diligent in class and always willing to help others**

Dean's List is a new software tool that we will use to analyze our attendance and behavior data, and most importantly to improve communication with our parents.

To start, we have scheduled continuous alerts in Deans List that will send messages to your cell phone or email address regarding areas of opportunities, positive behavior, and uniform violations.

Provide effective feedback to students that affirms what they have done well and guides them toward academic improvement and achievement of learning goals.

Study and leverage student-level data on a regular and consistent basis to identify learning opportunities and create plans to address them.

Use rubrics as tools to provide a shared language with clear guidelines and expectations to provide a measure, adjust, and evaluate learning
