*Dr. Keith W. Hiltz, Superintendent of Schools*

Good morning, Wausau School District Families:

As you know the safety of your students is our top priority. While we are doing everything we can to ensure that; safety and security truly requires all of us to work together. That's why we are reaching out to you today. Please check into your children's social media activity. We recently became aware of some fake social media accounts out there. These accounts are using the logos of our schools, but what's most troubling is that they're so often being used for bullying. We have observed inaccurate comments that are truly hurtful and malicious.

Bullying, in any shape and form, is not tolerated in the Wausau School District. Students who do bully, will be held accountable for their actions. Furthermore, our logos are trademarked so using them without permission is a copyright violation.

We are bringing this to your attention, because we care about our partnership with you. You need to know this is happening and help us bring an end to this activity. It takes us all working together to make this happen.

If you have any questions or concerns, please reach out to your child's principal.

Thank you for your attention to this very important matter,  
Wausau School District Administration
