- Nolan Duce
- Sandy Long
- Sarah Methner
- Mike French
- Terra Horton
- Sean Worthington
- Steve Methner
- Kristen Lunt
- Kelsey Orgler
- Melissa McBride

PURPOSE OF SPECIAL MEETING – Marty Brewer

Superintendent Brewer shared that it is important to have the committee in agreement on the final design requests for the play field in order to bring a clear vision to the Site Workshop Team at the meeting scheduled for December 7th. This was an opportunity for the group to speak freely about what they would like to have included in the design of the much anticipated field.

- After much discussion on the following items:
 - Multi-purpose practice field that some games can be played on
 - Priority of field use would go to in-season district sports
 - Lines/Markings/Logo for the field (permanent/temporary/painted/sewn)
 - Lighting at field (timeline/price)
 - Backstop (portable/price/size/location)
 - Parking (Roosevelt has sufficient parking to support the play field activities)
 - Bleachers (layout of the field according to seating)
 - Walking Path around field

- PACAC Agreed on these 5 Design Requests:

- 1) PA Logo in the middle of the field

- 2) Soccer Lines – Most Prominent (yellow)

3) Multi-Purpose Field to Include:

- Softball (bases/plugs) coaches boxes/batter boxes (Temporary Paint)
- Football (Industry Standard) Lines not prominent (white – hash marks, not yard numbers)

- 4) Portable backstop – gate must be large enough to transport on and off field

- 5) Walking Path is a must – asphalt is preferred

CLOSING COMMENTS – Marty Brewer

Superintendent Brewer thanked everyone for attending and said the next meeting will be on Tuesday, December 7, 2021 (*complete design package prepared for review*) at 3:30 p.m. at the Lincoln Center in room 208.
