Nursing Supervisor

Dear Parents,

Vision screening is mandated by the State of Connecticut and the Killingly Board of Education Policy for students in grade Pre-K, K-6 and grade 9 on a yearly basis.

A free vision screening sponsored by the CT Lions Eye Research Foundation will be provided to all students enrolled in the Killingly Public School System and St. James School.

The equipment used is a special camera which takes a picture of your child's eyes from a distance of three feet. A trained professional will be conducting this screening but a familiar Killingly staff member will accompany your child to the screening.

This screening is more comprehensive than the distance screening provided by the school nurse. The photographic screening can determine:

- **Hyperopia/Far Sighted**—can see only far clearly or complains of fatigue or eye(s) cross
- **Myopia/Near Sighted**—can see only close clearly, distance appears blurred
- **Astigmatism**—irregular shape of cornea
- **Anisometropia**—refractive power difference between both eyes—each eye sees differently
- **Strabismus**—crossed eyes
- **Ambliopia**—"Lazy Eye"—one eye focuses better than the other, then one eye becomes stronger, weaker eye may become useless
- **Anisocoria**—unequal pupil size

Parents will be notified of any abnormal findings identified for your child. A referral to your eye doctor will then be indicated for a complete examination.

This screening gives our children the tools needed for educational success.

Thank you,

Noel Coraccio, R.N.

LUNCH CHARGING

A requirement of the USDA National School Lunch Program (NSLP) requires that sponsors of school Child Nutrition Programs maintain a policy that addresses the charging of meals and a child's inability to pay. Bad debt (uncollectable accounts) and collection are unallowable costs under NSLP, as are alternative, "emergency" lunches that do not conform to the menu item requirements of the program. It is the intent of the Board that school lunch payment issues are handled in a manner that maintains student dignity and supports its objective of operating the Killingly Public School Lunch Program as a self-supporting venture.

If a student does not have his/her lunch money, the district will permit charging of his/her lunch meal for a maximum of twenty-five dollars. Upon attaining a negative balance in a school lunch account, the student's family will be contacted by the Food Services Department or their designee.

A student lunch debt is deemed to be uncollectable when the student graduates or otherwise is disenrolled from the district. Upon request, students who exit the district with a credit balance on their account will be issued a reimbursement. Such reimbursement shall be automatic if the credit equals or exceeds ten dollars.

At the end of each school year, the manager of the Killingly Public School Lunch Program shall submit to the business office a detailed list of outstanding student lunch debt and the amount of credit balances considered abandoned by students who are no longer enrolled in the district.

Delinquent Debt and Bad Debt

The District's effort to recover from households money owed due to the charging of meals must not have a negative impact on the children involved and shall focus primarily on the adults in the household responsible for providing funds for meal purchases. The school food authority is encouraged to consider whether the benefits of potential collections outweigh the costs which would be incurred to achieve those collections.

Money owed because of unpaid meal charges shall be considered "delinquent debt", as defined, as long as it is considered collectable and reasonable efforts are being made to collect it. Such debt must be paid by June 30, effective with the 2017-2018 school year.

After reasonable attempts are made to collect the delinquent debt, and it is determined that further collection efforts are useless or too costly, the debt must be reclassified as "bad debt." Such debt will be written off as an operating loss not to be absorbed by the nonprofit school food service account, but must be restored using non-federal funds.

Dissemination of Policy

This policy shall be provided in writing to all households at the start of each school year and to households transferring to the school district during the school year.

This policy shall be included in student/parent handbooks, on online portals that households use to access student accounts, placed on the District's website, on the website of each school, and published at the beginning of each school year at the time information is distributed regarding free and reduced price meals and again to the household the first time the policy is applied to a specific child.

LUNCH CHARGING

Dissemination of Policy (continued)

This policy shall be included in student/parent handbooks, on online portals that households use to access student accounts, placed on the District's website, on the website of each school, and published at the beginning of each school year at the time information is distributed regarding free and reduced price meals and again to the household the first time the policy is applied to a specific child.

This policy shall be provided to all school staff and/or food service authority staff responsible for its enforcement. In addition, school social workers, nurses, the homeless liaison, and other staff members assisting children in need or who may be contacted by families with unpaid meal charges also should be informed of this policy.

The district's school food authority shall maintain, as required, documentation of the methods used to communicate this policy to households and school or school food authority-level staff responsible for policy enforcement.

Addendum C: Information on the Supplemental Nutrition Assistance Program (SNAP)

Dear Parent/Guardian:

If your children qualify for free school meals or milk, you might also qualify for **SNAP** (formerly called Food Stamps). SNAP helps people buy food for themselves and their families. SNAP benefits are issued each month on plastic debit cards. You can use SNAP benefits to buy food at major supermarkets, neighborhood grocery stores, and some farmers' markets authorized to accept SNAP.

How to Qualify

If and how much SNAP you qualify for depends on:

- your household's income;
- allowable deductions to your household's income (examples include monthly shelter expenses, medical bills, and court ordered child support);
- your household size; and
- at least 5 years U.S. residency for qualified non-citizens.

If you have access to the Internet, you can go online to see if you may be eligible for SNAP. Go to www.connect.ct.gov and click "Am I Eligible?" **Owning your own home or owning a car will not prevent you from being eligible for SNAP.**

Effective October 1, 2021		
Household size	Gross monthly income	Gross annual income
1	1,986	23,832
2	2,686	32,232
3	3,386	40,632
4	4,085	49,020
5	4,785	57,420
6	5,485	65,820
7	6,185	74,220
8	6,885	82,620
For each additional member	+699	+8,388
Larger households = higher incomes
