

Phlebotomy Technician

Phlebotomy Technician jobs are in demand in southwest Ohio and beyond. Employment of phlebotomists is projected to grow 23 percent between 2018 and 2028. Join the growing health care career field with this short-term certification program.

Prepare for your new career at Great Oaks!

The Great Oaks Partnership Program

This 90-hour course combines academic and hands-on classroom instruction. Off-site and externship experiences are offered as they are available.

Students will learn to safely collect actual blood samples, clean and sterilize equipment, and use infection control precautions.

Successful completion of the course will qualify students to take the national certification exam, Phlebotomy Technician Certification (CPT), to become a Phlebotomy Technician.

Employment

Phlebotomy Technicians have opportunities in hospitals, labs, blood banks, nursing homes, and physicians' offices.

Certifications

Students who successfully complete this program will be eligible to take the NHA Phlebotomy Technician Certification examination.

The Phlebotomy Technician program is offered at Great Oaks by Condensed Curriculum International (CCI). Since 1993, CCI has supported schools in communities nationwide with educational programs focused on healthcare and other in-demand disciplines.

The next class begins soon!
