

MOBILE HEALTH CLINIC

Serving the Port Angeles School District

ABOUT THE NOHN MOBILE HEALTH CLINIC

North Olympic Healthcare Network (NOHN) is a Federally Qualified Health Center providing a full spectrum of healthcare services, including primary medical care, behavioral health, and dental services at locations in Port Angeles.

In partnership with NOHN, school-based healthcare services for PASD students will be available through regular visits from the NOHN Mobile Health Clinic, which will provide services directly to students at each school's location.

RANGE OF HEALTHCARE SERVICES

North Olympic Healthcare Network's Mobile Health Clinic will provide access to a range of healthcare services, including behavioral health counseling, well child checks, sports physicals, immunizations and dental screenings.

EASY AND CONVENIENT

When parents grant their student access, parental presence is not required. Parents suffer no loss of work time! Just complete the NOHN patient registration and consent forms in advance and you're good to go.

SITE VISIT SCHEDULES

The NOHN Mobile Health Clinic will expand access to healthcare services in our community with regular visits to PASD elementary, middle and high schools. For the latest schedules, visit www.nohn-pa.org/mobile_health_clinic.php.
