

Horizontal Alignment

For groups teaching at the same grade level or subject area.

If you are the only one teaching the subject at the grade level, this step is not necessary.

- 1. Individually identify power standards.**
- 2. As a group, share power standards.**
- 3. Write down similar power standards.**
- 4. Discuss why you included or left out particular standards.**
- 5. Come to an agreement on power standards for your grade level or subject area.**
- 6. Write power standards and “good to know” standards on chart paper and post around the room for K-12 to see.**
