### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Garfield Community School, housed on the border of Redwood City and Menlo Park, is surrounded by a beautiful tree-lined field, full size gymnasium, amazing murals, an inviting, supportive Family Center and a newly remodeled library. Garfield Community School is a culturally-responsive, child-centered, and family-focused positive learning community. Our students are provided a supportive educational experience while supporting their social, emotional, physical, and intellectual needs. Technology reinforces students' daily classroom experiences, with one device for each 3rd through 8th grade student and 1 device for every 2 students in grades k-2. Garfield offers families additional assistance with school uniforms, health needs, emergency financial support, food banks, Parent Universities, and mental health. Our on-site Boys and Girls Club facilitates social and academic opportunities through an extended day option for students in kindergarten through eighth grades.

Garfield Community School is more than a building where students learn basic subjects—it is a safe learning atmosphere where students and their families are part of a bigger family. The support and care of teachers, staff members and other Garfield families encourage each student's individual gifts, talents, and their social, emotional, physical and intellectual growth. Students have various opportunities to engage in experiences to build social-emotional and leadership skills through: Peer Empowerment, Student Council, Community Circles, Jujitsu, music and PE classes, BaileFolklorico, BAWSi Girls', and various other student activities. Throughout the school year our school community enjoys events such as Read On The Green, Reading Banquet, Spring Fling, awards ceremonies and the Winter Festival. Through our positive school behavior focus, students learn to approach conflicts and problem solving using respect, responsibility, relationship building and relationship repairing. Garfield Community School flourishes because our entire school community—parents, staff, students, and community partners—embrace families, which are at the core of our students' cultures.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

<b>Total Teaching Positions</b>	21.0	100.0	368.2	100.0	274759.1	100.0

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	18.7
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	4.1

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All Redwood City School District students have equal access to state adopted, standards aligned textbooks and instructional materials. Funds are appropriated according to the textbook adoption cycle.

Additionally, the district is using EngageNY <http://www.engageny.org> to support English language arts instruction as we transition to the Common Core State Standards.

Pursuant to the settlement of Williams vs. the State of California, Redwood City School District thoroughly inspected each of its school sites at the start of the 2021-2022 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in the four core subject areas: English language arts, mathematics, history/social studies and science), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the State Board of Education.

The Redwood City School District Textbook selection is done by a District, grade level and subject area committees coordinated by Executive Directors of Educational Services. The final textbook selections for grades TK-8 from the current approved State lists are then selected and the recommendation goes before the School Board for final approval.

The chart below displays data collected during the August 2021 District Textbook Audit, in regards to student editions in use at Garfield Elementary School during the current school year (2021-2022).

## School Facility Conditions and Planned Improvements

Garfield Elementary School was originally built in 1926 and is currently comprised of 30 classrooms, one computer lab, library, multi-use building, two playgrounds and a baseball and soccer field. There are two additional portable classrooms. The school was completely modernized in 1998 and further renovated in 2001-2005 as a result of two separate bond projects. The following projects were completed with these two bond measures:

- Construction of a new seven classrooms building.
- Construction of a new Multi-use building.
- Renovation of all classrooms and restrooms in the old buildings.
- Upgrade of computer lab and library building
- Roofing replacements
- Installation of fencing, security systems and security cameras on the campus.
- Resurfacing of parking lot.
- Upgrading of restrooms to meet the ADA requirements

Garfield School provides a safe and clean environment for students, staff and parents. Basic cleaning operations are performed on a daily basis throughout the school year on the campus by three custodians. A thorough maintenance occurs during the summer break. In the 2008-2009 school year, the school converted an existing classroom into a state-of-the-art science lab, and replaced the roof on the main building using state emergency repair funds. Major investments in facilities repair took place in the beginning of the 2009-2010 school year with the return to the school district, including resurfacing of the playground, safety upgrades to the parking lot, and tree-trimming, as well as numerous carpentry repairs in the classrooms. Garfield is about to begin a large construction project that will provide a new middle school building, library, outside amphitheater and eating area. Existing classrooms will be upgraded and our early childhood education program will receive a new complex as well.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Families play an integral role at Garfield School and in their child's education. We offer and encourage formal and informal opportunities for parent involvement. Covid guidelines have limited us to mostly virtual meetings and we are working with families to increase access to technology, e.g. chromebooks, tablets, hot spots, etc. Parents are asked to participate and co-lead School Site Council, English Language Advisory Committee, PTA, School-Wide events and various school committees. Monthly meetings are held to inform parents of our academic programs, social/emotional child development, and various other school information. Twice a month Garfield holds Cafecitos so parents can have an open dialogue with the school administration (principal, assistant principal, and community school coordinator) and various other community members. Cafecitos are held either virtually or in a "drive-by" format where families can stop at a table, pick up flyers, and converse with school staff and other community members. At the classroom level, teachers make themselves available to families and establish ongoing communication via email, texting, phone conferencing and other virtual platforms. Garfield's Community Gazette, website and Facebook page provide information about our district, school, and upcoming events to parents. Flyers and ConnectEd communications are also shared via phone calls, texts and emails. All communication are translated in order to meet the needs of our community.

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
<b>Suspensions</b>	0.00	0.00	1.63	0.07	3.47	0.20
<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The school health and safety policy is annually updated and reviewed, in consultation with staff and the School Site Council. The policy is shared with all staff at the August staff meeting before school begins and is included in the staff handbook. Staff and students regularly review and practice Big 5 Emergency Information and Drill procedures. In addition, behavior expectations, interventions, and consequences are revisited in classrooms and school-wide frequently as part of our PBIS plan. We have implemented an extensive SEL (social-emotional learning program) led by our Mental Health Program Director, Shirley Cano, and Community School Coordinator, Lizette Hernández. The program includes curriculum designed to address the needs of students so that they feel safe coming and want to come to school. The Safety Plan is also shared with parents through a community meeting in the fall of each school year and included in the Student/Family Handbook. Partners also receive a copy of the plan, and a copy is kept in the school office.

The policy includes the following information:

Behavior Expectations, Interventions, and Consequences

- Big 5 Emergency Information
- Emergency drill procedures and schedule (earthquake, fire, and lock-down)
- Health screening procedures (vision, hearing, and scoliosis)
- Immunization requirements
- Procedures expected of staff and parents in case of a sudden illness or injury occurring at school.
- Procedures for administration of medication at school
- Requirements for reporting child abuse
- Suggestions for families as to good nutrition for their children
- Explanation of the necessity of physical education for the child's health
- Legal obligation of reporting contagious conditions
- Prevention of drug, tobacco and alcohol use
- Safe use, maintenance, and sanitation of school equipment and facilities

## D. Other SARC Information

## Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### 2018-19 Elementary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per class). The “Other” category is for multi-grade level classes.

Grade Level	Average Class Size	Number of Classes with 1-20 Students	Number of Classes with 21-32 Students	Number of Classes with 33+ Students
K	27		2

## Professional Development

2021-22

The focus for districtwide Professional Development (PD) has been the connection of teaching strategies to our evolving “Student Learner” profile: Students as knowledge constructors, effective communicators, and empowered learners. Three days of PD were offered to all teachers prior to the beginning of the school year, and each topic was explicitly linked to one of these attributes.

In addition, with close to 95% of our students returning to in-person instruction, the social emotional health and wellbeing of our students, staff and community have been a focus in engaging outside resources for training and workshops.

The development of teacher leadership is highlighted this year through “Lead Learner” structures, bringing together teachers from across the district to delve deeply into subject areas with an equity lens.

Underlying and fortifying all of this work continues to be our commitment to equitable practices and our systemic approach to analyzing our current system for biases and inequities. This work is currently being undertaken by the Multi Tiered Systems of Support (MTSS) District Leadership Team (DLT).

2020-21

The focus for PD during a school year in which the majority of instruction took place virtually, was on providing excellent distance learning opportunities for all students, regardless of grade level. All students were provided with the necessary devices and hot spots to be able to participate in daily synchronous and asynchronous instruction. Teachers received 5 days of training at the beginning of the school year in a variety of online tools and applications. Throughout the year, Doug Fisher, of Corwin Press, presented key aspects of designing high quality distance learning lessons: clarity, engaging, feedback, and supporting the students as drivers of their own learning.

National Urban Alliance (NUA) mentors and coaches worked with teachers in grades 4-8 across the district to develop rigorous, student-centered instruction through opportunities for collaboration, creativity, communication, and critical thinking.

2019-20

In the beginning of the 2019-20 school year, school staff were trained in the implementation of the Multi-Tiered System of Supports (MTSS) framework, accompanied by Positive Behavior Interventions and Support. Each school developed an MTSS Leadership Team, designed to develop leveled supports for students in the academics, behavior, and social-emotional domains. While this work began during this school year, it was interrupted in 2020-21 by the pandemic, but has been renewed in 2021-22.

The Sobrato Early Academic Language (SEAL) initiative continued for part of this school year (interrupted by the pandemic). The focus of this training was to promote language and literacy development through integrated units of study.

This table displays the number of school days dedicated to staff development and continuous improvement.
