INTRODUCTION

POSITIVE, RESPECTFUL SCHOOL ENVIRONMENTS ARE IMPORTANT FOR LEARNING

Everyone desires their school to be a welcoming, friendly, and respectful place. By working together, students, parents/guardians, staff, and the community can make their school a great place to learn. The principal is responsible for maintaining a positive learning environment. Students can help by remembering to:

- Be safe, responsible, and calm
- Be respectful to all peers and adults
- Be respectful of all school property
- Be at school and in classes on time
- Be prepared for class, including assignments and supplies
- Participate in their learning
- Be kind and use appropriate language
- Dress appropriately
- Follow the rules of the school and their teachers
- Respect and accept the differences among others
- Express how they are feeling or what they need in helpful and appropriate ways
- Resolve disagreements in acceptable ways

SCHOOLWIDE POSITIVE BEHAVIOR SUPPORTS (SWPBIS)

Nine (9) FHSD schools have adopted School-wide PBIS as an approach to teaching the desired behaviors and supporting students that need additional reinforcement. All schools have received recognition at the state level.

CHARACTER EDUCATION

Many FHSD schools also have well-established Character Education programs that work to create a “caring community of learners” by developing positive character traits in young people through intellectual, social and ethical development. The District has three (3) schools that have received Missouri School of Character designation and two (2) schools that have received the National School of Character recognition.

LEADER IN ME

Several FHSD schools have adopted Covey’s Leader in Me as a way to develop leadership in students. Based on *The 7 Habits of Highly Effective People*, Leader in Me equips students with the self-confidence and skills they need to thrive in the 21st-century economy. Leader in Me schools consistently report improved school culture and an overall decrease in disciplinary issues.

The Francis Howell School District Code of Student Conduct describes student behavior that is considered inappropriate or disruptive. It also provides a range of procedures that may be used to prevent such behavior and disciplinary responses that may be used if students engage in stated behavior. The Francis Howell School District also supports the use of intervention procedures that provide students with guidance, direction, and support for success in school.

CLASSROOM DISCIPLINE GUIDELINES

Building positive relationships with students is the cornerstone of effective classroom management. Teachers have the responsibility to maintain a classroom environment conducive to learning. Community building circles are encouraged by the District as a way to build a caring community that takes care of and monitors itself. Classrooms with strong, positive relationships between the students and teachers promote engaging learning environments. We believe that learning occurs best within a learning community where students collaborate with one another and are developing skills to make them ready for society and the workforce. Classroom disruption or a combination of disruptions including, but not limited to, excessive talking, being out of seat, throwing objects, disturbing others, improper use of electronic devices, note passing and/or other actions which interfere with the educational process are not acceptable. The Code of Student Conduct will also apply to students who are learning in the District's virtual setting. Behavior infractions will be coded in similar ways as if the student were attending school in person.

Steps for Disciplinary Action

Initial Problem	Teacher confers with student
Continued Problem	Teacher gives student a warning Teacher may contact parent(s)/guardian(s)
Problem is not resolved after warning	Teacher may opt to assign detention or hold a collaborative problem solving meeting with student and/or parent(s)/guardian(s)
Problem is not resolved after detention or meeting	Teacher refers the student to the principal's office

Tardy Policy

Detentions will be assigned by the teacher/principal when students arrive to class after the bell rings. The number of tardies that constitute a detention will be determined at the building level. After multiple tardies have been accumulated, students may also receive a referral to the office for further discipline.

INTRODUCTION TO BEHAVIORAL INFRACTIONS AND LEVELS

Policies of the Francis Howell School District are designed to contribute to a positive educational environment used on safety, achievement and personal success. Keeping students and staff safe during the COVID-19 pandemic will be one of the District's top priorities this school year. Students will be expected to follow all safety protocols (social distancing, wearing a mask, boarding the bus correctly, etc.) outlined by the District. Staff will provide reminders regarding social distancing and the expectation to wear a mask. Continuous refusal to comply with reminders and requests will result in school discipline, up to and including the student being required to enroll in the District's virtual program.

Therefore, the charts on the upcoming pages will demonstrate behavioral infractions defined by the Francis Howell School District and the corresponding level of discipline.

The levels of consequence may vary between the elementary and secondary. It is important to remember that the sole purpose of discipline is to teach the desired, appropriate behavior and to prevent the inappropriate behavior in the future.

The Behavioral Infractions listed in the upcoming pages will be reviewed with all students in an age- appropriate manner. Parents are encouraged to review the infractions with their children.

School trips or other school activities, including those off school premises, are under the authority of duly assigned school personnel. All District policies and regulations are in effect during these activities whether elementary or secondary (middle and high school) students are involved. Students will be held accountable to the Code of Student Conduct for infractions that occur during field trips and activities that take place off of FHSD property.

The FHSD can and will assign school discipline for incidents that occur off campus if there is a nexus (connection) to school or if the incident causes a disruption to the school environment.

THE CODE OF STUDENT CONDUCT CANNOT BE EXPECTED TO LIST OR DESCRIBE EACH AND EVERY OFFENSE WHICH MAY REQUIRE THE USE OF DISCIPLINARY ACTION. NEVERTHELESS, THE DISTRICT SPECIFICALLY RESERVES THE RIGHT TO IMPOSE ANY CONSEQUENCE THAT MAY BE APPROPRIATE UNDER THE CIRCUMSTANCE, DEPENDING UPON THE NATURE, SEVERITY AND FREQUENCY OF THE CONDUCT AT ISSUE.

STUDENT ALCOHOL & DRUG ABUSE CODE

The Board of Education recognizes its share of responsibility for the health, welfare and safety of the students who attend the Francis Howell School District. Therefore, the use, sale, transfer, possession or being under the influence of alcohol or drugs are prohibited on school property, at school sponsored activities or events, on field trips, or in any vehicle while being used to transport students for the school district.

Alcohol, as used in this Code of Student Conduct, is defined as alcohol, “non-alcoholic” malt beverages or substances represented to be alcohol or “non-alcoholic” malt beverages.

Drugs, as used in this Code of Student Conduct, are defined as intoxicants, illegal drugs, prescription drugs, non-prescription legal synthetic substances or over the counter medications that cause impairment, and/or physical or mind-altering chemicals or controlled substances; or substances represented to be intoxicants, illegal drugs, prescription drugs, non-prescription legal synthetic substances or over the counter medications that cause impairment, and/or physical or mind-altering chemicals or over the counter medications when used for a purpose foreign to their design; or drug paraphernalia.

While it is not the intention of the Board or school faculty and administration to restrict the education of any eligible person in the school district, it is recognized that good school discipline and school citizenship are necessary for the proper learning environment to take place. It is not fair to those students desiring to make the most of their educational and activity opportunities to be exposed to unnecessary disruptions and distractions caused by fellow students under the influence of drugs or alcohol or in possession of these substances.

A student found to be **under the influence or in possession of alcohol or drugs** may be suspended for a period of up to 180 school days or expelled. The principal/designee **shall** suspend such students for an initial period of ten (10) school days. For the first alcohol possession or drug possession offenses, in lieu of the 10-day suspension the student may choose to attend an alternative intervention program at a separate school location. The student will be required to participate in a comprehensive drug assessment through Preferred Family Health. The student will attend a full day of school and will complete all assignments from their courses and receive drug/alcohol counseling during the 10 days. Students will receive continued support in positive decision-making and resiliency-building upon return to their home school. If a student or parent/guardian does not satisfactorily complete the required paperwork, assessment or continued support meetings, the initial 10-day suspension will be imposed and a Committee on Conduct Hearing shall be held to determine the appropriate penalty(ies) and/or additional days of suspension. A recommendation of the penalty(ies) shall be submitted to the superintendent/designee for their decision.

Upon the occurrence of the second offense under the Code of Student Conduct, the student shall be suspended for up to 180 school days or expulsion.

Depending on the severity of the infraction, a student found to have been **engaged in the sale, sharing or distribution of alcohol or drugs** will receive a suspension of up to 180 days or expulsion. The principal/designee **may** suspend such students for an initial period of ten (10) school days. A Committee on Conduct hearing may be held within the initial ten (10) school day suspension period to determine the appropriate penalty(ies). A recommendation of the penalty(ies) may be submitted to the superintendent/designee for their decision. The Committee on Conduct hearing officer, within their discretion, may recommend an alternative educational placement--the Alternative Learning Center (ALC). If such a placement is accepted: Within two (2) weeks of starting ALC, a drug assessment must be completed at Preferred Family Health. (2) The student will be required to participate in drug counseling sessions provided by Preferred Family Health.

STUDENT ALCOHOL/DRUG ABUSE CODE

The following **definitions** will apply:

"Sale, sharing and distribution" means the actual transfer, constructive transfer, attempted transfer or offer to transfer from one person to another of alcohol or drugs. This term includes, but is not limited to, sales, barter, exchanges, social sharing and gifts.

"Under the Influence" means the ingestion, consumption or absorption (by mouth, injection, through sniffing, etc.) into the body of drugs. "Under the influence" includes, but is not limited to, any use of alcohol or drugs prior to being present on district property or at a school sponsored activity or field trip whether on or away from district property when such use is detectable by observation or testing while the student is at school or the activity. If an administrator suspects a student is under the influence they may administer a field sobriety test, consult with medical professionals or administer tests. Testing will consist of breathalyzers for alcohol and a saliva test for drugs when there is reasonable suspicion. Under no circumstances shall the definition of "under the influence" be limited to the term as applied to the operation of motor vehicles.

"Drug paraphernalia" means all equipment, products, substances and materials of any kind which are used, intended for use, or designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, storing, containing, concealing, injecting, inhaling, or otherwise introducing into the human body a controlled substance or an imitation controlled substance.

FIREARM-FREE SCHOOLS CODE

The Francis Howell School District seeks to provide a safe, violence-free educational environment for its students and workplace for its employees. The District affirms that firearms have no place on school grounds.

The District recognizes that it must comply with federal and state laws concerning the treatment of students who bring firearms to school. Accordingly, this information complies with the provisions of the Improving America's Schools Act of 1994, the Individuals with Disabilities Education Act and other applicable federal and state law.

The District recognizes the risk of harm that a person who brings a firearm to school may present to themselves and to others on school premises. The District recognizes firearm possession as a potential threat to the health, safety and security of students, employees and other persons. The District will not tolerate the risk of harm presented when a person brings a firearm on the premises of our schools.

Thus, the District states as follows:

I. DEFINITIONS

The term "firearm" is defined pursuant to federal law as set out in the most recent version of 18 United States Code Section 921. The term "firearm" includes, but is not limited to, such items as:

- A. Any item which is a loaded or unloaded weapon, weapon frame or weapon barrel and which is designed to, or may be readily converted to, expel a projectile by action of an explosive; or
- B. Any item which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has a barrel with a bore of at least one-half inch in diameter; or
- C. Any explosive, incendiary or poison gas, such as: bombs; grenades, rockets with a propellant charge of greater than four (4) ounces; and other similar devices as recognized under federal law; or
- D. Any combination of parts either designed to or intended for use in converting any device into a device as described in paragraphs B or C of the Definitions section.

II. STUDENT WHO BRINGS FIREARM TO SCHOOL

The District will not tolerate a student bringing a firearm to school. Therefore, the District will take the following action upon determining that a student has brought a firearm to school:

- A. The District will refer the student to the appropriate criminal justice or juvenile delinquency system; and
- B. The District will suspend the student from school for a period of not less than one (1) year (365 days) from the date of the infraction, and may, at its discretion, expel the student from school permanently. This suspension provision may be modified on a case by case basis upon recommendation of the Superintendent of Schools if the Superintendent determines that circumstances justify such a change.
- C. The District may, at its discretion, provide a student suspended under District Policy 2620 with educational services in an alternative setting.

III. APPLICABILITY TO STUDENTS WITH DISABILITIES

If the student who is determined to be in violation of these Firearm-Free Schools guidelines is a student with a disability under the Individuals with Disabilities Education Act, the District will adhere to federal and state requirements as set forth in applicable statutes and regulations. Such laws and regulations set forth special procedures to be followed when a disabled student brings a firearm to school. These guidelines will apply to disabled students to the extent that their application is allowed under the Individuals with Disabilities Education Act.

IV. APPLICABILITY TO OTHER DISTRICT POLICIES

All other District weapons policies, discipline policies or look-alike weapons policies shall remain in effect as they currently exist or are hereafter amended.

DISCIPLINE DEFINITIONS

Detention Study Hall - a supervised study hall environment served outside of school hours. Saturday School is a supervised study hall environment served outside of school hours on Saturday morning. Times will vary by school. Student activity is closely monitored and restricted. Students are expected to be quiet during the entire detention period and to work exclusively on assigned tasks. Late arrivals will not be allowed to serve the assigned detention.

In-School Suspension (ISS/ISAP) - a structured, self-contained environment where the student will be given the opportunity to complete assignments for credit. A parent/guardian will be contacted prior to student placement in ISS/ISAP. If a student with an IEP is placed in ISS/ISAP, their special education services will be provided as stated in the IEP or the time in ISS/ISAP counts as an out-of-school suspension. A student may participate in activities upon completion of their in-school suspension.

Out-of-School Suspension (OSS) - removal from attendance at school. A student and parent/guardian conference may be required prior to the student's return to school. Students who receive OSS will have the opportunity to make up their missed work for 100% credit except in circumstances indicated below.

A student's grade during suspension time will be based on the work that was provided for the student to complete outside of class during the suspension period. If a student is offered an alternative setting and this setting is declined, the parent(s)/guardian(s) will assume responsibility for the student's education for the duration of the suspension.

NO MAKE UP WORK WILL BE ALLOWED IF:

- OSS return work not submitted by due date
- ISS/ISAP work not completed by the day the student returns to class
- Student/Parent(s)/Guardian(s) opts not to take AIP (Alternative Intervention Program)
- Suspension is greater than 55 school days

Any student who is suspended from school may not be present on school property or any other District property during the time of the out-of-school suspension. Furthermore, a suspended student may not participate in nor attend any extracurricular activity either on or off campus during the length of suspension. After completing their out-of-school suspension, a student must re-establish themselves as a creditable school citizen before participating in or competing in activities. However, a student is allowed on District property to attend a Committee on Conduct hearing and to attend an assigned alternative program.

Any student returning to school following an out-of-school suspension must attend a re-entry meeting involving a principal/designee and may include the student's parent(s)/guardian(s).

Out-of-school suspension for 10 to 180 days –The superintendent/designee may suspend a student for up to 180 school days and recommend longer suspensions and expulsions to the Board of Education. Only the Board may impose suspensions in excess of one hundred eighty (180) days. The Committee on Conduct hearing will be convened to review the behavior resulting in the initial suspension and to make a recommendation regarding suspensions of more than ten (10) days out of school and/or expulsions.

DISCIPLINE DEFINITIONS

Committee on Conduct Hearing - A Committee on Conduct hearing will be held prior to the implementation of any out of school suspension of more than ten (10) school days. The Committee on Conduct hearing shall consist of the hearing officer, the principal/designee and other building or district personnel when deemed necessary. The student and their parent(s)/guardian(s) will be afforded an opportunity to appear at the Committee on Conduct hearing. The hearing will be held during the student's initial ten (10) school day suspension. Attorneys are not permitted to attend Committee on Conduct hearings (other than a parent/guardian who is an attorney and is in attendance with their own child). Recording devices are not permitted in Committee on Conduct hearings unless it is necessary to accommodate a parent's/guardian's disability. Notification of the need to use a recording device as an accommodation must be received by the Student Services Department at least 48 hours in advance of the hearing.

A student who is suspended out of school for more than ten (10) days by the superintendent's designee may, within ten (10) days of receiving notice of such suspension, request an appeal of the Committee on Conduct decision to the Superintendent of Schools if they have information they believe was not considered in the hearing. Such request must be received in the office of the Superintendent prior to 4:30 p.m. on the date the request for appeal is due. Attorneys are not permitted to attend the appeal meeting with the Superintendent of Schools.

If the student's parent(s)/guardian(s) disagrees with the decision of the Superintendent of Schools, a request can be made for a hearing before the Board of Education. A student who requests such a hearing will be notified in writing of the charges against the student; the time, date and location of the hearing; and the student's right to be represented by counsel, to call and cross-examine witnesses, and to present other evidence in the student's defense.

Special Education (*Students with Disabilities*) Discipline Provision - Students currently receiving special education services will be disciplined in accordance with state and federal mandates. In cases where students with disabilities are recommended for a Committee on Conduct hearing, and the results of that hearing include a suspension over 10 school days, a Manifestation Determination meeting will be held to determine whether or not the infraction was related to the student's disability following a Committee on Conduct hearing.

A+ Citizenship Policy for High School Students

The Francis Howell School District A+ Advisory Committee believes that good citizenship is paramount for a student graduating with A+ status. Students participating in the A+ program that receive suspensions have their eligibility at risk. All four years are part of the citizenship record. The following will result in removal from the A+ Program:

- 5 or more occurrences of in school and/or out of school suspensions during the student's high school career (grades 9-12).
- Any suspension that results in an out of school suspension that is 10 or more days.

A+ Appeal Process

A student and/or parent/guardian have the right to request an A+ appeal after receiving the notice of an attendance or citizenship infraction. In cases of concern or ineligibility, the:

- Student and parent/guardian must notify the A+ Coordinator in writing of their intent to discuss the concern or ineligibility.
- A+ Coordinator will convene an A+ Appeals Committee meeting for consideration foreligibility.
- A+ Appeals Committee will hear the request and return its decision to the student and parent/guardian.

Anyone requesting an appeal should complete an "A+ Appeal" form which is available from the A+ coordinator at the student's high school. After the review committee reaches a decision, the A+ Coordinator will notify the parent(s)/guardian(s).

DISCIPLINE DEFINITIONS

Expulsion – The term expulsion refers to permanent exclusion from school. In addition to imposing a long-term suspension, the Superintendent of Schools may recommend to the Board of Education that the student be expelled from school. The Board will review such recommendations and decide whether to proceed with an expulsion hearing. If the Board of Education proceeds with an expulsion hearing, the student and parent(s)/guardian(s) will be notified in writing of the charges against the student; the time, date and location of the hearing; and the student’s right to be represented by counsel, to call and cross-examine witnesses, and to present other evidence in the student’s defense. No student will be expelled without a hearing before the Board of Education.

Per District Policy 2660, no student shall be readmitted or permitted to enroll (except as required by law) following a suspension or expulsion from this District or from any other School District until the District has conducted a meeting to consider possible readmission. During the meeting, participants will consider the conduct which resulted in discipline and any remedial actions believed to be necessary to prevent future occurrences of similar conduct.

However, no student will be readmitted or enrolled if the student was convicted of, charged as an adult or juvenile without final adjudication, or convicted of juvenile conduct, which, if charged as an adult, would constitute one of the following offenses:

- First degree murder (Mo. Rev. Stat. § 536.020)
