Read by 3rd Grade and Attendance

“ In 2016, the Michigan Legislature passed a law that requires schools to identify learners who are struggling with reading and writing and to provide additional help. The law states that third graders may repeat third grade if they are more than one grade level behind beginning with the 2019-2020 school year.” At DEPSA we have a multi-tier support system to ensure all students have equitable access to high quality instruction and intervention to meet the needs of individual students.

Attendance Challenge

Chronic absenteeism can cause poor grades and is defined as **missing at least 10 percent (18 days) of days in a school year for any reason, including excused and unexcused absences.** If you need support, please contact Dr. Peart at kpeart@npfeschools.org

Currently 56% of students have been identified as chronically absent per the state of Michigan. Please make sure your child attends school daily. We have begun our attendance challenge. Classes with 100% attendance by the end of the week will be rewarded. Chronic absenteeism can cause poor grades and is defined as missing at least 10 percent (18 days) of days in a school year for any reason, including excused and unexcused absences. If you need support, please contact Dr. Peart at kpeart@npfeschools.org

Karate/Self Defense Classes

1903 Wilkins at St. Aubin – Detroit, MI 48207

Five reasons to enroll your Child in Martial Arts:

- 1. Physical Fitness**
Just like with adults, one of the most common reasons for enrolling a child into a martial arts class is fitness. Childhood obesity rates are climbing, and more and more children are spending a lot more time in front of the television, playing video games and using a computer.
- 2. Life Skills**
Another popular reason for enrolling children in the martial arts is to develop "Life Skills". These skills include discipline, self control, patience, confidence and courage etc.
- 3. Self Defense**
Self defense is the most obvious reason that should come to mind when considering enrolling a child in the martial arts. The focus of a good children's martial arts class, while still teaching self defense movements, should be on conflict resolution, personal responsibility and hostility avoidance.
- 4. Behavior Issues**
Many parents turn to the martial arts when their children are acting out in school and home. These parents are looking for help improving attention span, respect, demeanor and self control. The structure of many martial arts classes can greatly aid in these areas.
- 5. Safe, Physical Activity**
Many parents are just seeking a safe, wholesome, useful activity for their child to occupy some of their free time. Martial arts will make them set and follow through on goals. Whatever reasons you have for enrolling your child in a martial arts class, be sure to discuss your goals with your child, and come to an understanding that will make both of you happy.
