

Food restrictions can be placed on a student's account through www.schoolcafe.com. The restrictions refer to a la carte offerings, meaning any purchase outside of a meal. www.schoolcafe.com accounts are free for viewing/monitoring student transactions, setting low balance reminders, and placing purchasing restrictions for a la carte purchases. Tomball ISD holds a service agreement with School Cafe. The School Café website and its contents are owned by Cybersoft. School Cafe will accept minimum combined payments of US\$ 20.00 and a single maximum payment of up to US\$ 200.00 per student per transaction. Individuals registered with School Café shall be charged a convenience fee of 5.0% for each transaction made using this service. This fee will be charged to the credit card or check card at the time of the transaction. Cybersoft will promptly notify individuals registering with School Café of any fees or charges the individual will incur by using the School Café services. For payments made via the School Cafe system the student balances will be updated within 24 hours from the time of transaction.
