**Date:** December 4<sup>th</sup>, 2020

**RE:** Revised 100% Virtual Instruction Extension

Dear IAS Families:

Our utmost concern at the International Academy of Saginaw is for the safety and mental well-being of our students, staff, and families. Based on the recent COVID-19 data from our Saginaw County Health Department, we are going to extend the 100% virtual instruction until January 4, 2021.

Our IAS teachers and staff are committed to providing quality instruction and support to help our students grow both academically and socially. The building will continue to be open during this time in case there are questions, issues with technology, or anything you may need from us. If you need us to pack meals for the week, they are available for pick up, just call the front office to let us know. If you need any assistance, please contact the school at (989) 921-1000.

Thank you and stay safe!

Austin Brinkman, Principal  
International Academy of Saginaw
