

DIGITAL MEDIA 2

Digital Media is the process of analyzing, designing and developing interactive media. Digital Media 2 is the second semester of the first-year digital media course where students will create and learn digital media applications while using elements of text, graphics, animation, sound, video, and digital imaging for various formats. These abilities will prepare students for entry-level multimedia positions and provide fundamental 21st Century Learning skills beneficial for other occupational/educational endeavors.

- **Planning, Design, & Development:** Students will demonstrate proper planning and design in the development of digital media projects.
- **Digital Audio:** Students will plan, produce, edit, and publish digital audio.
- **2D Animation:** Students will produce and utilize 2D animation.
- **Digital Video:** Students will plan, create, edit, and publish digital video.
- **Team Activities:** Students will participate in individual and team (group) activities.
- **Digital Portfolio:** Students will design and develop various projects to add to a digital portfolio.
- Students will be able to understand and practice copyright laws, ethics, and legal issues as identified in the United States Code Title 17 Chapter 1 Section 101.
