

## SOUTHBOROUGH SCHOOL ALUMNAE

From 1972-1973 through 1976-1977, the Southborough School for girls and an all male St. Mark's School coordinated academically, artistically, and socially. More than 90 young women earned diplomas before the Southborough School closed its doors in 1977 and was absorbed into the newly coed St. Mark's. We are grateful for their generous support.
