November 21, 2022

Board of Trustees  
Lockhart Independent School District  
P.O. Box 120  
Lockhart, TX 78644

Dear Board of Trustees:

The Annual Comprehensive Financial Report of the Lockhart Independent School District (the District) for the twelve months ended June 30, 2022 is hereby submitted. The District's Business Office prepared the report. This report conforms to generally accepted accounting principles and standards as promulgated by the Governmental Accounting Standards Board (GASB). Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures rests with school district management. We believe the data, as presented, are accurate in all material aspects; that it is presented in a manner designed to fairly present the financial position and the results of operations of the District as measured by the financial activity of its various funds. Furthermore, we believe that all disclosures necessary to enable the reader to gain the full understanding of the District's financial affairs have been included in this report. Management's discussion and analysis beginning on page 4 provides further information.

The District is required to be audited under an annual single audit in conformity with the provisions of the Single Audit Act, and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. The Texas Education Agency also requires a Schedule of Expenditures of Federal Awards, findings and questioned costs, status of prior findings and the auditor's reports on compliance with applicable laws and regulations and the District's internal control structure. The District's internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefit likely to be acquired; and (2) the valuation of costs and benefits requires estimates and judgments by management. All areas were found to be acceptable and the auditor's opinions in this regard were unmodified. The auditor's opinion is included in this report.

The District's independent certified public accountants, Pattillo, Brown & Hill LLP, have examined the accompanying financial statements, and their opinion is included in the financial section. The statistical section (unaudited) includes selected financial and demographic information presented on a multi-year basis.

## The Reporting Entity and Its Services

### Basic Information

This report includes all of the funds and account groups of the District. The District provides elementary and secondary education (Pre-Kindergarten to 12<sup>th</sup> grade) to citizens within the school district. Lockhart Independent School District is an independent school district incorporated as a political subdivision of the State of Texas. The FY 2021-2022 total enrollment was 6,127 as of the Public Education Information Management System (PEIMS) snapshot date in October 2021. The District has 406 certified teachers, 117 other professional staff, 31 administrative staff and 217 paraprofessional and other auxiliary staff.

A seven-member Board of Trustees governs the District in accordance with state statutes and regulations. Members serve four-year staggered terms without compensation. Three members of the Board of Trustees are elected for at-large seats, using a cumulative voting system in which a voter may cast all three of his/her votes for a single candidate, or split his/her three votes between two candidates, or cast one vote for three different candidates. This system was dictated by the Federal Department of Justice to facilitate election of trustees from ethnic minority groups. Four other trustees are elected to represent four single-member districts.

The Board of Trustees operates as a policy making body, delegating management to the single executive head (the Superintendent), setting annual District goals, and evaluating policies in terms of effectiveness in attaining District goals. The Board of Trustees delegates hiring and dismissal of all staff to the Superintendent.

The Superintendent and the administrative staff execute the policies of the Board, assume responsibility for the daily operation of the District, make recommendations to the Board in matters of policy and personnel, prepare the budget, and report to the Board on matters relating to the progress of the District in attaining the goals set by the Board.

The District provides a comprehensive range of school programs and services as delineated by state statute, such as career and technology education, bilingual education, special education, gifted and talented education, fine arts, athletics, voluntary alternative education, disciplinary education and numerous remedial, elective, and enrichment programs provided at age-appropriate grades. Support activities include social work, student and staff daycare, after-school care, community education, student transportation, food service, administrative support, technology, maintenance and custodial services. The District does not operate any component units.

PO Box 120 • Lockhart, Texas 78644 • phone: 512.398.0000 • fax: 512.398.0025  
www.lockhartisd.org

## **Budgetary Control**

Budgetary control is initiated when the Board adopts the annual appropriated budget for the General Fund, School Nutrition Fund and the Debt Service Funds. To ensure budgetary compliance, the Texas Education Agency (TEA) and the District have established spending regulations and policies. The District's local policies can be found at the Districts website at <http://pol.tasb.org/Home/Index/245> in the Board of Trustees policy manual. For all administrators with line item or program responsibility, TEA regulations set the level of budgetary control at the major functional expenditure level. Budgetary control is more restrictive at the district level. District Administrators are held responsible for maintaining and managing their budgets at the program, function and object level. All requested revisions that indicate a change in function require prior approval by the Board of Trustees. In addition, the Business Office conducts annual training for all staff to ensure District-wide compliance with budgetary controls.

## **Economic Condition and Outlook**

### **Local Economy**

Lockhart Independent School District (the District) is located in and around the city of Lockhart which is the county seat and principal commercial center of Caldwell County. Lockhart is located about 30 miles southeast of Austin and 60 miles northeast of San Antonio. Over the past century, Caldwell County's economy has changed from cattle to cotton to oil. Within the District is the City of Lockhart. The county seat and commercial center is in the City of Lockhart.

Though some of Caldwell County's employment still remains in the oil and gas industry, the local economy is primarily engaged in services, local government and agriculture. Caldwell County is a prime location for business. The economic base includes minerals such as sand, oil, gravel and gas. Agricultural industries consist of nurseries, hay, eggs, cotton, broiler production and beef cattle.

Lockhart is just twenty-five miles south of Austin-Bergstrom International airport. Lockhart is home to the BBQ Capital of Texas, attracting over 1.5 million visitors per year. The Caldwell County Courthouse square is one of the most visited and photographed squares in the state. Lockhart has attracted musicians, artists, artisans and local events, which attract out-of-town visitors regularly.

## OFFICE OF BUSINESS AND FINANCE

PO Box 120 • Lockhart, Texas 78644 • phone: 512.398.0000 • fax: 512.398.0025  
[www.lockhartisd.org](http://www.lockhartisd.org)

There are several higher learning institutions within 30 miles of Lockhart, including Texas State University in San Marcos, The University of Texas at Austin, and Austin Community College (ACC). Lockhart is an easy commute for those seeking higher education. ACC began delivering vocational training at the District's ML Cisneros campus in late 2018, as a result of a memorandum of understanding between ACC, the District, and the Lockhart Economic Development Corporation.

State Highway 130 (SH130) toll road bypass passes through Caldwell County and provides a thoroughfare for NAFTA-based traffic. The county is traversed by Interstate Highway 10, U.S. Highway 183 and State Highways 21, 80 and 304.

With land being less expensive than Austin, the county is an affordable location for industries interested in moving to the Austin area but unwilling to pay the higher costs associated with being within the city. Lockhart has a small town quality of life, two industrial parks, job training, productive labor supply, and state and local incentives. The Lockhart Chamber of Commerce, Hispanic Chamber of Commerce and the Lockhart Economic Development Corporation is attracting residential, commercial and industrial developments to the city, ETJ and Caldwell County.

The Board of Trustees approved a Freeport Tax Exemption in April 2009. All three taxing entities: city, county and school district, have approved the exemption, offering businesses a "Triple Freeport Exemption", which should give Lockhart the additional tools needed to compete regionally and nationally to recruit companies to the area. The exemption gives companies the ability to store inventory in the county, tax-free, as long as it is shipped out within 175 days of the date that it is acquired.

### **Projections**

Enrollment is currently at 6,468 in 2022-2023, an increase of 341 students from 2021-2022, a 5.5% increase. The adopted 2022-2023 General Fund budget is \$60,777,753, an increase from \$58,848,029 in 2021-2022 of \$1,929,724. The increase in funding is attributable to an increase in student enrollment, which generates higher average daily attendance that generates additional state funding. The District presented a budget for 2022-2023, which provided for increases in employee compensation and benefits as well as additional staffing to serve the increase in the number of students and increased maintenance and operations budgets to support the increased student enrollment.

# OFFICE OF BUSINESS AND FINANCE

PO Box 120 • Lockhart, Texas 78644 • phone: 512.398.0000 • fax: 512.398.0025  
www.lockhartisd.org

## **Long-term Financial Policies**

The District's General Fund balance has been constantly increasing over the past few years. The District has a policy of paying cash (pay as you go) when appropriate, for capital projects. The District maintains a list of deferred capital improvement projects and when funds are available, initiates the completion of the projects. Additionally, the Administration and the Board review multi-year forecasting annually and adjust the budget to compensate for projected revenue decreases and increases. In 2021-2022, the District invested \$1,071,187 in one-time capital improvement projects, using General Fund balance.

## **Relevant Financial Policies**

The 2021-2023 bank depository agreement provides for a floor of 0.25% in interest income and is secured by collateral. In the 2021-2023 bank depository agreement, additional terms included above average certificates of deposit interest rates.

The District prioritizes capital spending plans based on safety, security and quality of education needs. Additional financial policies include one-time spending plans for non-recurring revenue, staffing ratio analyses, demographic studies, debt affordability reviews, and user fee cost-recovery analysis and implementation.

## **Awards and Acknowledgements**

### **Awards**

The Texas Education Agency has a Financial Accountability Rating System named Schools FIRST (Financial Integrity Rating System of Texas). This rating system was required in SB 218 of the 77<sup>th</sup> Texas Legislature (2001). The primary goal of Schools FIRST is to improve the management of school districts' financial resources. The rating system uses base indicators that are simple and understandable. Schools FIRST is a model for increased financial management efficiency in public schools.

# OFFICE OF BUSINESS AND FINANCE

PO Box 120 • Lockhart, Texas 78644 • phone: 512.398.0000 • fax: 512.398.0025  
[www.lockhartisd.org](http://www.lockhartisd.org)

Lockhart Independent School District has received the Schools FIRST Superior Achievement ratings for each of the thirteen consecutive school years 2001-2002 through 2012-2013. The Superior Achievement rating was the highest that a school district could receive through 2012-2013. Due to legislative changes to the FIRST program, for the 2013-2014 school year, there was only a pass or fail rating. The District passed the FIRST accountability rating. For the 2015-2016 through 2019-2020 school years, the District received a Schools FIRST Superior Achievement rating. This makes twenty consecutive years of receiving the highest rating possible.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Lockhart Independent School District for its annual comprehensive financial report for the fiscal year ended June 30, 2021. This was the seventeenth consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A GFOA Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we will be submitting it to the GFOA to determine its eligibility for another certificate. This will be the seventeenth submission for the District.

## **Acknowledgements**

We respectfully acknowledge the responsible and sincere involvement and participation of the school board, superintendent, principals, program directors, coordinators and other staff in the financial affairs of the District.

Sincere appreciation is also expressed to members of the business office staff for their assistance and effort in maintaining and monitoring the financial records of the District. Individual recognition is directed to Michelle Wylie, Melissa Kelley, Brande Sifuentes, Tina Ramirez, Tanya Homann, Crystal Flores and Nancy Arana for their combined efforts in closing out the accounting records and assisting in preparing the various financial reports throughout the year and at year-end.

## INDEPENDENT AUDITOR'S REPORT

Board of Trustees of  
Lockhart Independent School District  
Lockhart, Texas

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Lockhart Independent School District (the "District"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Lockhart Independent School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Lockhart Independent School District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lockhart Independent School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter – Change in Accounting Principle

As described in the notes to the financial statements, in fiscal year 2022 the District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### OFFICE LOCATIONS

TEXAS | Waco | Temple | Hillsboro | Houston  
NEW MEXICO | Albuquerque

## ***Auditor's Responsibility for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lockhart Independent School District's basic financial statements. The combining statements, required TEA schedules and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining statements, required TEA schedules and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements, required TEA schedules and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information Included in the Annual Comprehensive Financial Report***

Management is responsible for the other information included in the annual comprehensive financial report (ACFR). The other information comprises the introductory section and statistical section, but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

*Pattillo, Brown & Hill, L.L.P.*

Waco, Texas  
November 21, 2022

**THIS PAGE LEFT BLANK INTENTIONALLY**

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Lockhart Independent School District (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with the financial statements.

### FINANCIAL HIGHLIGHTS

- The liabilities and deferred inflows of resources of the District exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year by \$7,044,395 (*net position*). Of this amount, (\$9,125,007) (*unrestricted net position - deficit*) may be used to meet the District's ongoing obligations.
- As of the close of the fiscal year, the District's governmental funds reported combined ending fund balances of \$34,813,388, an increase of \$2,120,671 in comparison with the prior year. \$19,826,771 is available for spending at the District's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$19,826,771, or 35% of total General Fund expenditures.

### USING THIS ANNUAL FINANCIAL REPORT

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities. These provide information about the activities of the District as a whole and present a long-term view of the District's property and obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short-term, as well as what resources remain for future spending. They reflect the flow of current financial resources and supply the basis for tax levies and the appropriations budget. The remaining statements, the fiduciary statements, provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the government.

The notes to the financial statements provide narrative explanations or additional data needed for full disclosure in the government-wide statements of the fund financial statements.

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. The combining statements for nonmajor funds are presented immediately following the required supplementary information. The sections labeled TEA Required Schedules and Federal Awards Section contain data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

### **Reporting the District as a Whole**

#### ***The Statement of Net Position and the Statement of Activities***

The analysis of the District's overall financial condition and operations is shown with the Statement of Net Position and Statement of Activities. Its primary objective is to show whether the District is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the District's assets, liabilities and deferred inflows/outflows of resources while the Statement of Activities includes all the revenue and expenses generated by the District's operations during the year. These apply the accrual basis of accounting which is the same used by most private sector companies.

All of the current year's revenue and expenses are taken into account regardless of when cash is received or paid. The District's revenue is divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the District and grants provided by the U. S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenue), and general revenue provided by the taxpayers or by TEA in equalization funding processes (general revenue). All of the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

These two statements report the District's net position and changes in them. The District's net position (the difference between assets, liabilities and deferred inflows/outflows of resources) provide one measure of the District's financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, the District has two kinds of activity:

**Governmental Activities** – Most of the District's basic services are reported here, including the instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services, and general administration. Property taxes, tuition fees, and state and federal grants finance most of these activities.

**Business-type Activities** – The District's enterprise activities are reported here. These activities are intended to recover all or a significant portion of their costs through user fees and charges.

## **Reporting the District's Most Significant Funds**

### ***Fund Financial Statements***

The Fund financial statements provide detailed information about the most significant funds – not the District as a whole. Laws and contracts require the District to establish some funds, such as grants received under ESEA Title I from the U. S. Department of Education. The District's administration establishes many other funds to help it control and manage money for particular purposes (like campus activities). The District has three types of funds:

**Governmental Funds** – The District reports most of its basic services in governmental funds. These funds use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and they report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District's general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the governmental fund financial statements. The District currently reports 36 governmental funds.

**Proprietary Funds** - The District reports the activities for which it charges users (whether outside customers or other units of the District) in proprietary funds using the same accounting methods employed in the Statement of Net Position and the Statement of Activities. The internal service funds report activities that provide supplies and services for the District's other programs and activities—such as the District's self-insurance programs. The District, at present, maintains six community education proprietary funds.

**Fiduciary Funds** - The District accounts for resources held for the benefit of individuals and groups outside the District in fiduciary funds. These funds are not included in the government-wide financial statements because the resources reported in these funds are not available to fund the operations of the District. The District maintains two fiduciary funds: the Scholarship Fund, a private-purpose trust fund; and the Student Activity Fund, a custodial fund.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The following analysis focuses on the net position (Table 1) and changes in net position (Table 2) of the District's governmental activities.

Net position of the District's governmental activities increased from \$2,569,658 to \$7,044,395 as shown in Table 1. Unrestricted net position was (\$9,125,007) at June 30, 2022 as shown in Table 1.

Unrestricted net position reflects a deficit primarily as a result of the District's proportionate shares of the TRS pension and OPEB liabilities presented in accordance with GASB 68 and GASB 75, respectively. The total district liability is reported in the governmental activities; however, the actual liability does not require the use of current resources at the fund level, which results in a timing difference since the TRS-Care plan is funded on a pay-as-you-go basis. The District has made all contractually required contributions as noted in the required supplementary information and has sufficient fund balance to meet the District's ongoing obligations to students and creditors.

The District's total revenues increased by \$1,079,111 primarily as the result of an increase in property tax revenue spurred on by increased property values.

The cost of all governmental activities this year as shown in the Statement of Activities was \$74,259,209 compared to \$74,228,393 last year. However, as shown in the Statement of Activities, the amount that our taxpayers ultimately financed for these activities through District taxes was \$26,184,481 because some of the costs were paid by other government and organizations that subsidized certain programs with grants and contributions.

**THE DISTRICT'S FUNDS**

As the District completed the year, its governmental funds (as presented on the governmental fund balance sheet) reported a combined fund balance of \$34,813,388, which is greater than last year's total of \$32,692,717. This increase in fund balance is mainly attributable to an increase in revenue in the child nutrition fund.

Over the course of the year, the Board of Trustees revised the District's budget several times. These budget amendments fall into two categories. The first category includes amendments and supplemental appropriations that were approved shortly after the beginning of the year and reflect the actual beginning balances (versus the amounts estimated in June 2021). The second category involved amendments moving funds from programs that did not need all the resources originally appropriated to them to programs with resource needs.

The General Fund balance of \$24,806,709 reported in the financials differs from the General Fund's budgetary fund balance of \$21,854,329 reported in the budgetary comparison schedule, largely as a result of slower than expected growth in instruction expenditures. This accompanied an overall increase in fund balance of \$310,501 in the General Fund. This increase was less than the prior year increase of \$4,462,593, primarily due to increased costs related to growing attendance figures throughout the District.

The Debt Service Fund reported an increase in fund balance of \$415,883 in the current year. This was the result of revenue from property taxes and state entitlement programs continuing to exceed principal and interest payments on long-term debt during the current year.

The ESSER III Fund accounts for proceeds and disbursements related to the Elementary and Secondary School Emergency Relief Fund of the American Rescue Plan Act, which was awarded to the District to aid with costs incurred during the COVID-19 pandemic. The fund reported zero fund balance at year end, as revenues equaled expenditures in the fund.

## **CAPITAL ASSETS AND LONG-TERM LIABILITIES**

### **Capital Assets**

As of June 30, 2022, the District had \$72,028,743 (net of depreciation) invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance. Significant capital additions during the year included \$741,916 of portable buildings and a new chiller installed at Navarro Elementary School for \$303,647.

Additional information about the District's capital assets is presented in the notes to the financial statements.

### **Long-Term Liabilities**

As of June 30, 2022, the District had total long-term debt outstanding which totaled \$68,350,667. This is a decrease of \$13,530,357 from June 30, 2021. The main reason for the decrease was a decrease in bond premiums related to the debt refunding in the prior year, as well as regular debt service payments during the current year.

The District also reported a net pension liability of \$7,934,963 and a net OPEB liability of \$16,310,380 as presented in accordance with GASB 68 and GASB 75, respectively.

Additional information about the District's long-term debt is presented in the notes to the financial statements.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The District's elected and appointed officials considered many factors when setting the fiscal year 2022-23 budget and tax rates. Those factors include property values, increases in enrollment, the economy, projections of future budget years, and legislative mandates.

A steadily increasing enrollment population, coupled with a moderate increase in property values, has led to a General Fund budget of \$60.2 million for the 2022-23 fiscal year. The budget increased from 2021-2022 by more than \$1 million, a result of 2% enrollment growth expected from demographer. Since the 2022-23 school year began, the District has been experiencing the projected 2% enrollment growth.

Future enrollments are forecasted to have moderate enrollment growth and property values are forecast to gradually increase, which will continue to produce revenues that will support projected expenditures in the near future. For the 2022-23 budget year, the District has lowered its total property tax rate to \$1.1223 per \$100 of taxable value, down from \$1.1297 in 2021-22. Due to rising property values, the District has experienced a decline in state revenues. This means that the local taxpayer will have to pick up more of the cost of debt service through the debt service tax rate in the future.

## **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's business office at Lockhart Independent School District, P.O. Box 120, Lockhart, TX 78644, or by calling 512-398-0000.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO  
THE STATEMENT OF NET POSITION

JUNE 30, 2022

Total fund balances - governmental funds	\$ 34,813,388
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds.	72,028,743
2 Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. Losses on refunding of bonds and the premium on issuance of bonds payable are netted against the long-term liabilities in the statement of net position.	( 67,921,296)
3 Included in the items related to debt is the recognition of the District's proportion share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$4,544,682, a deferred resource inflow in the amount of \$8,690,513, and a net pension liability in the amount of \$7,934,963. This resulted in a decrease in net position.	( 12,080,794)
4 Included in the items related to debt is the recognition of the District's proportion share of the net OPEB liability required by GASB 75. The net position related to TRS included a deferred resource outflow in the amount of \$5,392,162, a deferred resource inflow in the amount of \$11,590,532, and a net OPEB liability in the amount of \$16,310,380. This resulted in a decrease in net position.	( 22,508,750)
5 Uncollected property taxes and penalties and interest are reported as deferred inflows in the governmental funds balance sheet, but are recognized as revenue in the statement of activities.	<u>2,713,104</u>
19 Net position of governmental activities	\$ <u><u>7,044,395</u></u>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2022

Net change in fund balances - total governmental funds	\$ 2,120,671
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful life as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.</p>	
Additions to capital assets	1,360,766
Depreciation on capital assets	( 6,051,599)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.	1,772,948
<p>The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in treatment of long-term debt and related items.</p>	
Principal payments on long-term debt	3,991,798
Amortization of bond premiums	4,652,911
Amortization of deferred loss on bond refunding	( 4,868,283)
Accrued interest payable	67,335
Accreted interest on capital appreciation bonds	224,115
GASB 68 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$1,267,880. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in net position totaling \$1,111,602. Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense increased the change in net position by \$521,763. The net result is an increase in the change in net position.	678,041
GASB 75 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$301,418. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in net position totaling \$274,079. Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense increased the change in net position by \$498,695. The net result is an increase in the change in net position.	<u>526,034</u>
Change in net position of governmental activities	\$ <u>4,474,737</u>

# LOCKHART INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

Lockhart Independent School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven-member Board of Trustees (the "Board") elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles and it complies with the requirements of the appropriate version of Texas Education Agency's *Financial Accountability System Resource Guide* (the "Resource Guide").

The Board of Trustees (the "Board") is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board ("GASB").

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* include programs supported by taxes, state foundation and intergovernmental revenue. The fund equity is segregated into the following categories invested in capital assets net of related debt, restricted net position, and unrestricted net position. *Business-type activities* include operations that rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenue* includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenue are reported instead as *general revenue*.

During the course of operations the District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from /to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories – governmental, business-type and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The District considers some governmental funds major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues and expenses are nonoperating.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be *available* when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if it is collectible within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as other financing sources.

Property taxes, state foundation funds and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Entitlements are recorded as revenue when all eligibility requirements are met, including any time requirements, and the amount received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the District.

The proprietary fund financial statements are accounted for using the *economic resources measurement focus* and the *accrual basis of accounting*. This basis of accounting recognizes revenues in the accounting period in which they are earned and expenses in the accounting period in which they are incurred. Under this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the Statement of Net Position. The fund equity is segregated into invested in capital assets net of related debt, restricted net position, and unrestricted net position.

The fiduciary funds use the *economic resources measurement focus* and utilize the accrual basis of accounting for reporting assets, liabilities, additions and deductions.

The District reports the following major governmental funds:

**The General Fund** – The General Fund is the District's primary operating fund and is always reported as a major fund. It accounts for all financial resources except those required to be accounted for in another fund.

**The Debt Service Fund** – The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.

**The ESSER III Grant Fund** – This fund accounts for the District's expenditures related to the Elementary and Secondary School Emergency Relief grant of the American Rescue Plan. The District received this grant to assist with costs incurred during the COVID-19 pandemic.

Additionally, the District reports the following fund types:

Governmental Funds:

**Special Revenue Funds** – The District accounts for resources restricted to or designated for specific purposes by the District or a grantor in a special revenue fund. Most Federal and some State financial assistance is accounted for in a Special Revenue Fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods.

Proprietary Funds:

**Proprietary Funds** – Revenues and expenses related to services provided to organizations outside the District on a cost reimbursement basis are accounted for in proprietary funds.

Fiduciary Funds:

**Private Purpose Trust Fund** – The District accounts for donations for which the donor has stipulated that both the principal and the income may be used for purposes that benefit parties outside the District. The District's Private Purpose Trust Fund is the Lockhart Education Foundation Fund.

**Custodial Fund** – The District accounts for resources held for others in a custodial capacity in Custodial Funds. The District's Custodial Fund is the Student Activities Fund.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in the governmental activities are eliminated.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

#### **D. Assets, Liabilities, and Net Position or Equity**

##### **1. Cash and Cash Equivalents**

Cash and cash equivalents include cash and highly liquid investments such as certificates of deposits, money market funds, local government investment pools, Treasury bills, and commercial paper that have a maturity from time of purchase of three months or less.

##### **2. Inventories**

Inventories of supplies on the balance sheet are stated at weighted average cost, while inventories of food commodities are recorded at market values supplied by the Texas Department of Human Services. Inventory items are recorded as expenditures when they are consumed. Supplies are used for almost all functions of activity, while food commodities are used only in the food service program. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Human Services and recorded as inventory and deferred revenue when received. When requisitioned, inventory and deferred revenue are relieved, expenditures are charged, and revenue is recognized for an equal amount. Inventories also include plant maintenance and operation supplies as well as instructional supplies.

##### **3. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

##### **4. Capital Assets**

Capital assets, which include land, building, furniture and equipment are reported in the governmental activities column in the financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition cost, which is the price that would be paid to acquire the asset with equivalent service potential at the acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	30
Buildings	50
Building improvements	20
Vehicles	2-15
Office equipment	3-15
Computer equipment	3-15

Land and construction in progress are not depreciated.

### **5. Long-term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as current year debt service expenditures.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### **6. Pensions**

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### **7. Other Post-Employment Benefits**

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

## **8. Deferred outflows/inflows of resources**

Deferred outflows and inflows of resources are reported in the financial statements as described below:

A deferred outflow of resources is a consumption of a government's net assets (a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The District had the following deferred outflows of resources:

- Deferred outflows of resources for refunding - A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred outflows of resources for pensions – Reported in the government-wide financial statement of net position, this deferred outflow results from pension plan contributions made after the measurement date of the net pension liability, the results of differences between expected and actual experience, and changes in actuarial assumptions. The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year.
- Deferred outflows of resources for OPEB – Reported in the government-wide financial statement of net position, this deferred outflow results from OPEB plan contributions made after the measurement date of the net pension liability, the differences between projected and actual investment earnings, and changes in proportion and difference between the employer's contributions and the proportionate share of contributions. The deferred outflows related to OPEB resulting to District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year.

A deferred inflow of resources is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The District had three items that qualify for reporting in this category:

- Deferred inflow of resources for unavailable revenues – Reported only in the governmental funds balance sheet, for unavailable revenues from property taxes arise under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of revenues in the period that the amounts become available. During the current year, the District recorded deferred inflow of resources as unavailable revenues – property taxes with the General Fund and Debt Service Fund respectively.
- Deferred inflow of resources for pensions – Reported in the government-wide financial statement of net position, these deferred inflows result from differences between expected and actual economic experience, changes in actuarial assumptions, differences between projected and actual investment earnings, as well as changes in proportion and difference between the employer's contributions and the proportionate share of contributions.
- Deferred inflow of resources for OPEB – Reported in the government-wide financial statement of net position, these deferred inflows result from differences between expected and actual economic experience and changes in actuarial assumptions.

## **9. Interfund activity**

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position

## **10. Fund Balance Classification**

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year. It also includes the long-term amount of loans and notes receivable.
- **Restricted:** This classification includes amounts that are restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions of enabling legislation.
- **Committed:** This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's Board of Trustees. Those committed amounts cannot be used for any other purposes unless the Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.
- **Assigned:** This classification includes amounts that are constrained by the District's intent to be used for specific purposes but are neither restricted nor committed. Intent should be expressed by the Board or by other officials to which the Board has delegated the authority to assign amounts to be used for specific purposes. When it is appropriate for fund balance to be assigned, the Board delegates the responsibility to assign funds to the Superintendent or his/her designee.
- **Unassigned:** This classification includes the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

## **11. Fund Balance Flow Assumption**

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, as signed, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

## **12. Net Position**

Net position represents the difference between assets, deferred outflows (inflows) of resources and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

## **13. Net Position Flow Assumption**

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District’s policy to consider restricted net position to have been depleted before unrestricted – net position is applied.

## **14. Property Taxes**

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are delinquent if not paid by February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Delinquent taxes not paid by June 30 are subject to penalty and interest charges plus delinquent collection fees for attorney costs. Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based on historical experience in collecting taxes. Uncollectible taxes are periodically reviewed and written off by the District as provided by specific statutory authority from the Texas Legislature.

## **15. Change in Accounting Principle**

GASB Statement No. 87, *Leases*, was adopted effective July 1, 2021. The statement addresses accounting and financial reporting for lease contracts. Statement No. 87 establishes standards for recognizing and measuring assets, liabilities, deferred outflows of resources, deferred inflows of resources, and revenues and expenses related to leases in the basic financial statements, in addition to requiring more extensive note disclosures. As of June 30, 2022, the District did not have any lease liabilities recognizable under the provisions of GASB Statement No. 87.

## **16. Data Control Codes**

The Data Control Codes refer to the account code structure prescribed by the Texas Education Agency (“TEA”) in the Financial Accountability System Resource Guide. TEA requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide data base policy development and funding plans.

## **17. Estimates**

The presentation of financial statements, in conformity with Generally Accepted Accounting Principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## II. DETAILED NOTES ON ALL FUNDS

### A. Deposits and Investments

The Public funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar - weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

State statutes and Board policy authorize the District to invest in 1) Obligations of, or guaranteed by, governmental entities as permitted by Government Code 2256.009.; 2) Certificates of deposit and share certificates as permitted by Government Code 2256.010.; 3) Fully collateralized repurchase agreements permitted by Government Code 2256.011.; 4) A securities lending program as permitted by Government Code 2256.0115.; 5) Banker's acceptances as permitted by Government Code 2256.012.; 6) Commercial paper as permitted by Government Code 2256.013.; 7) No-load money market mutual funds and no-load mutual funds as permitted by Government Code 2256.014; 8) A guaranteed investment contract as an investment vehicle for bond proceeds, provided it meets the criteria and eligibility requirements established by Government Code 2256.015.; and 9) Public funds investment pools as permitted by Government Code 2256.016.

In compliance with the Public Funds Investment Act, the District has adopted an investment policy. The District is in substantial compliance with the requirements of the Act and with local policies.

#### **Custodial Credit Risk - Deposits**

This is the risk that in the event of a bank failure, the District's deposits, including checking, money market accounts and certificates of deposit, may not be returned to it.

The funds of the District must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the District's agent bank in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. During 2022 the District's combined deposits were fully insured by federal depository insurance or collateralized with securities pledged to the District and held by the District's agent.

Cash and deposits of the District include all amounts deposited at the District's depository bank, including demand deposits and certificates of deposit. At June 30, 2021, the carrying amount of the District's deposits were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

#### **Custodial Credit Risk - Investments**

This is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Any investment that is both uninsured and unregistered is exposed to custodial credit risk if the investment is held by the counterparty, or if the investment is held by the counterparty's trust department or agent, but not in the name of the investor government. Investments are subject to custodial credit risk only if they are evidenced by securities that exist in physical or book entry form. Positions in external investment pools are not subject to custodial credit risk.

#### **Interest Rate Risk**

Interest rate risk occurs when potential purchasers of debt securities do not agree to pay face value for those securities if interest rates rise. Investments with interest rates that are fixed for longer periods are likely to be subject to more variability in their fair values as a result of future changes in interest rates.

## Concentration of Credit Risk

Concentration risk is defined as positions of five percent or more in the securities of a single issuer. This is the issuer of the underlying investment, and not a pool. This does not apply to U.S. Government securities.

## Investment Pools

The District's investment pools at June 30, 2022, are shown below:

Investment Type	Reported Value	Weighted Average Maturity (Days)	Rating
TexPool Prime	\$ 26,178,081	25	AAAm
Texas TERM DAILY	<u>747,573</u>	21	AAAmmf
Total	<u>\$ 26,925,654</u>		

For the purposes of the statement of cash flows for proprietary fund types, the District considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.

The investment pools used by the District are organized under the authority of the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. The investment pools are Public Funds investment pools created to provide a safe environment for the placement of local government funds in authorized short-term investments.

The District's investment in investment pools, which are exempt from regulation by the Securities and Exchange Commission, have as one of their objectives the maintenance of a stable net asset value of \$1.00. The book value of the position in the pools is the same as the number of the shares in each pool; the fair value of a share should approximately equal the book value of a share.

In accordance with state law and the District's investment policy, investments in investment pools must be rated at least AAA or have an equivalent rating, and obligations of states, agencies, counties and cities must be rated at least A or its equivalent. As of June 30, 2022, the District's investments in investment pools met or exceeded the ratings criteria.

Texas Term, Texas Class, TexPool and Logic each have a redemption notice period of one day and may redeem daily. The investment pools' authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national state of emergency that affects the pool's liquidity.

## **B. Due from Other Governments**

The District participates in variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of June 30, 2022 are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as due from other governments.

**C. Interfund Balances and Transfers**

Interfund balances at June 30, 2022 consisted of the following individual fund receivables and payables:

<u>Due From</u>	<u>Due To</u>	<u>Amount</u>
General	Nonmajor governmental	\$ 131,833
General	Nonmajor proprietary	1,805
General	Custodial	2,382
Nonmajor proprietary	General	18,048
ESSER III grant	General	2,454,401
Nonmajor governmental	General	<u>1,954,377</u>
		<u>\$ 4,562,846</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All amounts due are scheduled to be repaid within one year.

Interfund transfers for the year ended June 30, 2022 consisted of the following individual fund amounts:

<u>Transfer In</u>	<u>Transfer Out</u>	<u>Amount</u>
Nonmajor governmental	General	\$ 215,619
Nonmajor proprietary	General	134,551
Nonmajor proprietary	Nonmajor proprietary	<u>113,440</u>
		<u>\$ 463,610</u>

The transfers were made during the current year to fund overages of expenditures over revenues in other funds.

**D. Capital Assets**

Capital asset activity for the year ended June 30, 2022, was as follows:

	<u>Beginning Balance 07/01/21</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance 06/30/22</u>
<b>Governmental activities:</b>				
Capital assets, not being depreciated:				
Land	\$ 700,990	\$ -	\$ -	\$ 700,990
Construction in progress	<u>501,528</u>	<u>136,934</u>	<u>( 501,527)</u>	<u>136,935</u>
Total capital assets, not being depreciated	<u>1,202,518</u>	<u>136,934</u>	<u>( 501,527)</u>	<u>837,925</u>
Capital assets, being depreciated:				
Buildings and improvements	129,740,929	1,404,938	-	131,145,867
Furniture and equipment	<u>7,729,821</u>	<u>320,421</u>	<u>-</u>	<u>8,050,242</u>
Total capital assets, being depreciated	<u>137,470,750</u>	<u>1,725,359</u>	<u>-</u>	<u>139,196,109</u>
Less accumulated depreciation for:				
Buildings and improvements	( 56,395,166)	( 5,463,181)	-	( 61,858,347)
Furniture and equipment	<u>( 5,558,526)</u>	<u>( 588,418)</u>	<u>-</u>	<u>( 6,146,944)</u>
Total accumulated depreciation	<u>( 61,953,692)</u>	<u>( 6,051,599)</u>	<u>-</u>	<u>( 68,005,291)</u>
Total capital assets, being depreciated, net	<u>75,517,058</u>	<u>( 4,326,240)</u>	<u>-</u>	<u>71,190,818</u>
Governmental activities capital assets, net	<u>\$ 76,719,576</u>	<u>\$( 4,189,306)</u>	<u>\$( 501,527)</u>	<u>\$ 72,028,743</u>

Depreciation expense was charged to functions of the government as follows:

**Governmental activities:**

Instruction	\$ 3,791,282
Instructional Resources and Media Services	71,481
Curriculum and Staff Development	82,649
Instructional Leadership	63,212
School Leadership	377,966
Guidance, Counseling, & Evaluation Services	121,753
Social Work Services	21,618
Health Services	58,497
Student Transportation	307,939
Extracurricular Activities	172,225
General Administration	281,243
Plant Maintenance and Operations	578,189
Security and Monitoring Services	23,195
Data Processing Services	98,676
Community Services	<u>1,674</u>
Total depreciation expense - governmental activities	<u>\$ 6,051,599</u>

**E. Long-term Debt**

The following is a summary of changes in long-term debt:

	Balance 07/01/21	Additions	Retirements/ Adjustments	Balance 6/30/2022	Amounts Due in One Year
Bonds payable	\$ 63,519,961	\$ -	\$ 9,550,039	\$ 53,969,922	\$ 2,970,000
Maintenance tax notes	2,435,000		325,000	2,110,000	335,000
Premium on CABs	-	5,557,642	-	5,557,642	-
Accreted interest on CABs	-	78,282	-	78,282	-
Financing arrangements	34,958	-	11,756	23,202	12,382
Bond premium	<u>11,264,530</u>	<u>-</u>	<u>4,652,911</u>	<u>6,611,619</u>	<u>-</u>
Totals	<u>\$ 77,254,449</u>	<u>\$ 5,635,924</u>	<u>\$ 14,539,706</u>	<u>\$ 68,350,667</u>	<u>\$ 3,317,382</u>

**Bonds Payable**

A summary of general obligation bonds payable for the year ended June 30, 2022 is as follows:

Description	Interest Rate Payable (%)	Amounts Original Issue	Balance 07/01/21	Additions	Retirements/ Adjustments	Balance 06/30/22	Amount Due in One Year
Refunding Building Bonds, Series 2006	3.66	\$ 9,524,997	\$ 1,875,000	\$ -	\$ 920,000	\$ 955,000	\$ 955,000
Refunding Building Bonds, Series 2007	3.92	8,834,988	5,955,000	-	780,000	5,175,000	770,000
Refunding Building Bonds, Series 2008	3.75	2,345,000	360,000	-	175,000	185,000	185,000
Building Bonds, Series 2014	3.00	58,500,000	2,330,000	-	375,000	1,955,000	430,000
Refunding Building Bonds, Series 2020	3.5-5.0	52,999,961	<u>52,999,961</u>	<u>-</u>	<u>7,300,039</u>	<u>45,699,922</u>	<u>630,000</u>
			<u>\$ 63,519,961</u>	<u>\$ -</u>	<u>\$ 9,550,039</u>	<u>\$ 53,969,922</u>	<u>\$ 2,970,000</u>

The following is a summary of the District's future annual debt service requirements to maturity for general obligation bonds:

Year Ending June 30,	Principal	Interest	Total Requirements
2023	\$ 2,970,000	\$ 1,593,875	\$ 4,563,875
2024	2,995,000	1,334,321	4,329,321
2025	1,328,816	3,061,646	4,390,462
2026	1,196,290	3,185,265	4,381,555
2027	1,124,855	3,261,517	4,386,372
2028-2032	13,270,000	4,582,174	17,852,174
2033-2037	13,700,000	3,235,684	16,935,684
2038-2042	15,110,000	1,794,492	16,904,492
2043-2045	8,135,000	226,420	8,361,420
Total	<u>\$ 59,829,961</u>	<u>\$ 22,275,394</u>	<u>\$ 82,105,355</u>
Less:			
Premium on CABs	(5,557,642)		
Current accreted interest on CABs	(78,282)		
Future accreted interest on CABs	<u>(224,115)</u>		
Total bonds payable	<u>\$ 53,969,922</u>		

There are a number of limitations and restrictions contained in the general obligation bond indenture. Management has indicated that the District is in compliance with all significant limitations and restrictions at June 30, 2022.

### **Maintenance Tax Notes**

In December 2017, the District issued Maintenance Tax Notes, Series 2017 in the amount of \$3,670,000. The notes have an interest rate of 2.14% annually and mature in August 2027.

Annual debt service requirements to maturity for the tax notes are as follows:

Year Ending June 30,	Principal	Interest	Total Requirements
2023	\$ 335,000	\$ 41,570	\$ 376,570
2024	335,000	34,401	369,401
2025	345,000	27,125	372,125
2026	355,000	19,635	374,635
2027	365,000	11,931	376,931
2028	<u>375,000</u>	<u>4,013</u>	<u>379,013</u>
Total	<u>\$ 2,110,000</u>	<u>\$ 138,675</u>	<u>\$ 2,248,675</u>

### **Financing Arrangement**

In May 2021, the District entered into a financing arrangement with Toshiba Corporation for the acquisition of multiple copy machines for use throughout the District. The arrangement has an interest rate 5.2%, with payments due monthly until August 2024.

Annual debt service requirements to maturity for the financing arrangement are as follows:

Year Ending June 30,	Principal	Interest	Total Requirements
2023	\$ 12,382	\$ 914	\$ 13,296
2024	<u>10,820</u>	<u>259</u>	<u>11,079</u>
Totals	<u>\$ 23,202</u>	<u>\$ 1,173</u>	<u>\$ 24,375</u>

## ***Defeased Debt***

As of June 30, 2022, the total amount of defeased bonds still outstanding is \$53,000,000 and will be callable in fiscal years 2023 and 2024.

The District's outstanding bonds payable contain a provision that in an event of default, the outstanding amounts will be paid from the corpus of the Texas Permanent School Fund. The District's outstanding maintenance tax notes contain a provision that in an event of default, outstanding amounts become immediately due.

## **F. Defined Benefit Pension Plan**

***Plan Description.*** Lockhart Independent School District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

***Pension Plan Fiduciary Net Position.*** Detailed information about the TRS's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at [www.trs.state.tx.us](http://www.trs.state.tx.us); by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

***Benefits Provided.*** TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description in (A) above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

***Contributions.*** Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 through 2025.

	Contribution Rates	
	2021	2022
Active Employee	7.70%	8.00%
Non-Employer Contributing Entity (State)	7.50%	7.75%
Employers	7.50%	7.75%
Current fiscal year employer contributions		\$ 1,485,693
Current fiscal year member contributions		3,108,117
2021 measurement year NECE on-behalf contributions		1,922,703

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools, and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to:

- All public schools, charter schools, and regional educational service centers must contribute 1.6 percent of the member's salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

**Actuarial Assumptions.** The total pension liability in the August 31, 2020 actuarial valuation rolled forward to August 31, 2021 was determined using the following actuarial assumptions:

Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-Term Expected Investment Rate of Return	7.25%
Inflation	2.30%
Salary Increases Including Inflation	3.05% to 9.05%
Payroll Growth Rate	3.0%
Benefit Changes During the Year	None
Ad hoc Post Employment Benefit Changes	None

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

**Discount Rate.** A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System’s target asset allocation as of August 31, 2021 (see page 53 of the TRS ACFR) are summarized below:

Asset Class <sup>1</sup>	Target Allocation <sup>2</sup>	Long-Term Expected Geometric Real Rate of Return <sup>3</sup>	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
U.S.	18.00%	3.60%	0.94%
Non-U.S. Developed	13.00%	4.40%	0.83%
Emerging Markets	9.00%	4.60%	0.74%
Private Equity	14.00%	6.30%	1.36%
Stable Value			
Government Bonds	16.00%	-0.20%	0.01%
Absolute Return	0.00%	1.10%	0.00%
Stable Value Hedge Funds	5.00%	2.20%	0.12%
Real Return			
Real Estate	15.00%	4.50%	1.00%
Energy, Natural Resources and Infrastructure	6.00%	4.70%	0.35%
Commodities	0.00%	1.70%	0.00%
Risk Parity			
Risk Parity	8.00%	2.80%	0.28%
Leverage			
Cash	2.00%	-0.70%	-0.01%
Asset Allocation Leverage	-6.00%	-0.50%	0.03%
Inflation Expectation			2.20%
Volatility Drag <sup>4</sup>			-0.95%
Expected Return	100.00%		6.90%

<sup>1</sup> Absolute Return includes Credit Sensitive Investments.

<sup>2</sup> Target allocations are based on the FY2021 policy model.

<sup>3</sup> Capital Market Assumptions come from Aon Hewitt (as of 8/31/2021).

<sup>4</sup> The volatility drag results from the conversion between arithmetic and geometric mean returns.

**Discount Rate Sensitivity Analysis.** The following schedule shows the impact of the Net Pension Liability of the plan using the discount rate of 7.25 percent, and what the net position liability would be if it were calculated using a discount rate one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Proportionate share of the net pension liability:	\$ 17,339,154	\$ 7,934,963	\$ 305,310

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.** At June 30, 2022 the District reported a liability of \$7,934,963 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's Proportionate share of the collective net pension liability	\$ 7,934,963
State's proportionate share that is associated with the District	<u>11,473,864</u>
Total	<u>\$ 19,408,827</u>

The net pension liability was measured as of August 31, 2021 and the total pension liability used in the measurement was rolled forward from an actuarial valuation as of August 31, 2020. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net pension liability was 0.0311584842%, which was a decrease of 0.0000382831% from its proportion measured as of August 31, 2020.

**Changes Since the Prior Actuarial Valuation.** There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

For the year ended June 30, 2022, the District recognized pension expense of \$635,710 and revenue of \$45,871 for support provided by the State.

At June 30, 2022, the District's reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 13,279	\$ 558,628
Changes in actuarial assumptions	2,804,855	1,222,676
Difference between projected and actual investment earnings	-	6,653,364
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	458,668	255,845
Contributions paid to TRS subsequent to the measurement date	<u>1,267,880</u>	<u>-</u>
Total as of fiscal year-end	<u>\$ 4,544,682</u>	<u>\$ 8,690,513</u>

\$1,267,880 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending June 30, 2023. Other amounts reported as deferred outflows and inflows of resources will be recognized in pension expense as follows:

Fiscal year ended August 31,	Pension Expense Amount
2023	\$( 842,161)
2024	( 910,153)
2025	( 1,526,678)
2026	( 2,052,181)
2027	( 68,162)
Thereafter	( 14,376)

**G. Defined Other Post-Employment Benefit Plans**

**Plan Description.** Lockhart Independent School District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined other post-employment benefit (OPEB) plan that has a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Issuance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

**OPEB Plan Fiduciary Net Position.** Detail information about the TRS-Care’s fiduciary net position is available in the separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at [www.trs.state.tx.us](http://www.trs.state.tx.us); by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

**Benefits Provided.** TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table:

	TRS-Care Monthly Premium Rates	
	Medicare	Non-Medicare
Retiree*	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree* and Children	468	408
Retiree and Family	1,020	999

\* or surviving spouse

**Contributions.** Contribution rates for TRS-Care are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. TRS-Care is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the State, active employees, and school districts based upon public school district payroll. The TRS Board does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state’s contribution rate which is 1.25% of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is 0.65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	Contribution Rates	
	2020	2021
Active employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/Private Funding Remitted by Employers	1.25%	1.25%
Current fiscal year employer contributions		\$ 356,059
Current fiscal year member contributions		254,097
2021 measurement year NECE on-behalf contributions		442,562

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employees hire a TRS retiree, they are required to pay TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$5,520,343 in fiscal year 2021 for consumer protections against medical and health care billing by certain out-of-network providers.

**Actuarial Assumptions.** The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB liability to August 31, 2021.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the mortality projection scale MP-2018.

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Discount Rate	1.95% as of August 31, 2020
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Payroll Growth Rate	3.00%
Projected Salary Increases	3.05% to 9.05%
Healthcare Trend Rates	4.25% to 8.50%
Election Rates	Normal Retirement: 65% participation prior to age 65 and 40% participation after age 65. 25% of pre-65 retirees are assumed to discontinue coverage at age 65.
Ad hoc post-employment benefit changes	None

**Discount Rate.** A single discount rate of 1.95% was used to measure the total OPEB liability. There was a decrease of 0.38 percent in the discount rate since the previous year. Because the plan is a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2021 using the Fixed Income Market Data/Yield Curve/ Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

**Discount Rate Sensitivity Analysis.** The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (1.95%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (0.95%)	Discount Rate (1.95%)	1% Increase in Discount Rate (2.95%)
Proportionate share of net OPEB liability	\$ 19,674,077	\$ 16,310,380	\$ 13,663,042

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs.** At June 30, 2022, the District reported a liability of \$16,310,380 for its proportionate share of the TRS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 16,310,380
State's proportionate share that is associated with the District	<u>21,852,275</u>
Total	<u>\$ 38,162,655</u>

The net OPEB liability was measured as of August 31, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of August 31, 2020. The District's proportion of the net OPEB liability was based on the District's contributions to their OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At the August 31, 2021 measurement date, the District's proportion of the collective net OPEB liability was 0.0422828386%, which was an increase of 0.0009042743% from its proportion measured as of August 31, 2020.

**Healthcare Cost Trend Rates Sensitivity Analysis.** The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the assumed rate used.

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Proportionate share of net OPEB liability	\$ 13,210,868	\$ 16,310,380	\$ 20,469,156

**Changes Since the Prior Actuarial Valuation.** The following were changes to the actuarial assumptions or other inputs that affected the measurement of the total OPEB liability since the prior measurement period:

- The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021.
- Change of Benefit Terms Since Prior Measurement Date – There were no changes in benefit terms since the prior measurement date.

For the year ended June 30, 2022, the District recognized OPEB expense of \$(1,031,132) and revenue of \$(806,516) for support provided by the State.

At June 30, 2022, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual actuarial experiences	\$ 702,239	\$ 7,895,365
Changes in actuarial assumptions	1,806,566	3,449,344
Differences between projected and actual investment earnings	17,707	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	2,564,232	245,823
Contributions paid to OPEB subsequent to the measurement date	<u>301,418</u>	<u>-</u>
Total as of fiscal year-end	<u>\$ 5,392,162</u>	<u>\$ 11,590,532</u>

\$301,418 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the year ending June 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>For the Year Ended August 31,</u>	<u>OPEB Expense</u>
2023	\$( 1,330,535)
2024	( 1,330,934)
2025	( 1,330,825)
2026	( 901,494)
2027	( 320,250)
Thereafter	( 1,285,750)

**H. Negative Operating Grants and Contributions – Statement of Activities**

Expense activity is required to be recorded by districts who are participants in cost-sharing pension and OPEB benefit plans with a special funding situation where non-employer contributing entities (NECE) also participate in contributions to the plans. TRS-retirement and TRS-care benefit plans are both cost-sharing plans with special funding situations. Therefore, on-behalf expense activity of the NECE must be recorded at the government-wide level of reporting on the Statement of Activities in accordance with GASB 68 and 75.

During the year under audit, the NECE expense was negative due to changes in actuarial assumptions within the TRS-care plan. The accrual for the proportionate share of that expense was a negative on-behalf revenue and negative on-behalf expense. This resulted in a decrease to revenue for operating grants and contributions on the Statement of Activities. According to guidance provided directly from GASB, this is the correct reporting.

Following are the effects on the Statement of Activities as a result of the negative on-behalf accruals recorded:

	Operating Grants and Contributions	Negative On-Behalf Accruals	Operating Grants and Contributions (excluding on- behalf accruals)
11-Instruction	\$ 8,274,491	\$( 549,230)	\$ 8,823,721
12-Instructional resources and media services	( 4,289)	( 10,619)	6,330
13-Curriculum and staff development	258,832	( 11,098)	269,930
21-Instructional leadership	207,834	( 14,038)	221,872
23-School leadership	34,514	( 60,268)	94,782
31-Guidance, counseling, and evaluation services	1,487,890	( 27,735)	1,515,625
32-Social work services	( 64)	( 1,118)	1,054
33-Health services	14,416	( 10,768)	25,184
34-Student transportation	48,764	( 563)	49,327

93-Payments related to SSA	89,987	-	89,987
	<u>\$ 16,648,292</u>	<u>\$( 806,516)</u>	<u>\$ 17,454,808</u>

#### **I. Health Care**

During the period ended June 30, 2022, employees of the District were covered by a state-wide plan, TRS Active Care or TSHBP alternative plan. The District paid premiums of \$352 per month per employee for high deductible plans and \$396 per month per employee for co-pay plans. Employees, at their option may authorize payroll withholdings to pay premiums for dependent coverage. The Teacher Retirement System of Texas (TRS) manages TRS Active Care. The TRS plan is administered by Blue Cross Blue Shield.

The latest financial information on the state-wide plan is available from TRS (see note on pension plan).

#### **J. Medicare Part D – On-behalf Payments**

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments of \$150,841, \$162,079 and \$163,571 were recognized for the years ended June 30, 2020, 2021, and 2022, respectively, as equal revenues and expenditures.

#### **K. Commitments and Contingencies**

The District participates in numerous state and Federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at June 30, 2022 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

**L. Risk Management**

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. During fiscal year 2021 the district purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

**M. Shared Services Arrangements**

The District is the fiscal agent for a Shared Services Arrangement ("SSA") which provides services to the member districts listed below. All services are provided by the fiscal agent. The member districts provide the funds to the fiscal agent. According to guidance provided in TEA's Resource Guide, the District has accounted for the fiscal agent's activities of the SSA in a special revenue fund and will be accounted for using Model 3 in the SSA section of the Resource Guide. Expenditures of the SSA are summarized below:

<u>Member Districts</u>	<u>Expenditures</u>
Lockhart ISD	\$ 1,566,492
Luling ISD	442,278
Prairie Lea ISD	61,004
Total SSA expenditures	\$ <u>2,069,774</u>

**A. New Accounting Standards**

Significant new accounting standards issued by the Governmental Accounting Standards Board (GASB) not yet implemented by the District include the following:

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* – The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. GASB 94 will become effective for reporting periods beginning after June 15, 2022, and the impact has not yet been determined.

Statement No. 96, *Subscription-Based Information Technology Arrangements* - This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. This Statement will become effective for reporting periods beginning after June 15, 2022, and the impact has not yet been determined.

GASB Statement No. 100, *Accounting Changes and Error Corrections*—an amendment of GASB Statement No. 62 - The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2023, and the impact has not yet been determined.

GASB Statement No. 101, *Compensated Absences* - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

**LOCKHART INDEPENDENT SCHOOL DISTRICT**

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

JUNE 30, 2022

**Budgetary Information**

The Board of Trustees adopts an "appropriated budget" for the General Fund, Debt Service Fund and the National Lunch and Breakfast Program Fund (which is included as a Special Revenue Fund). The District is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The ESSER III Grant Fund does not have a legally adopted budget. The District compares the final amended budget to actual revenues and expenditures. The General Fund budget report appears in Exhibit G-1 and the other two reports are presented in Exhibits J-2 and J-3.

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

1. Prior to August 20 the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must be given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board.
4. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. The budget was amended as necessary during the year.
5. Each budget is controlled at the organizational level by the administration, appropriate department head or campus principal within Board allocations at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

**Expenditures Exceeding Appropriations**

In 2022, expenditures in Functions 13 and 41 of the General Fund exceeded the budget by \$19,288 and \$8,250, respectively. The overage will be covered with existing fund balance. Additionally, expenditures in Function 35 of the Child Nutrition Program Fund exceeded the budget by \$15,893. This overage will be covered with existing fund balance.

## **COMBINING STATEMENTS**

**THIS PAGE LEFT BLANK INTENTIONALLY**

## NONMAJOR GOVERNMENTAL FUNDS

**ESEA, Title X, Part C – Homeless** – Provide opportunities for children from families struggling with homelessness.

**ESEA, Title I, Part A – Improving Basic Programs** – Provide opportunities for children served to acquire the knowledge and skills to meet the challenging State performance standards.

**IDEA – Part B, Formula** – Operate educational programs for children with disabilities.

**IDEA – Part B, Preschool** – Support programs for preschool children with disabilities.

**IDEA – Part B, Discretionary** – Additional support for children with disabilities.

**National Breakfast and Lunch Program** – Support programs using federal reimbursement revenues from the United States Department of Agriculture (USDA).

**Career and Technical – Basic Grant** – Provide career and technology education to develop new and/or improved marketable skills for paid and unpaid employment.

**Career and Technical – Quality Workforce** – Provide career and technology education to develop new and/or improved marketable skills for paid and unpaid employment.

**ESEA II, A, Training and Recruiting** – Provide programs for improvement for school principals and recruiting teachers.

**Title III, Part A – English Language Acquisition** – Improve the education of children with limited English proficiency, by assisting the children to learn English.

**Title IV, Part B – Community Learning** – Provides funding for after-school programs to improve the education of children from economically disadvantaged backgrounds.

**Gear Up Grant** – Provides funding to assist with college readiness programs.

**Gear Up Grant 2** – Provides funding to assist with college readiness programs.

**TCLAS Fund of the ARP Act** – Provides additional COVID-relief funding through the American Rescue Plan Act.

**Title IV Part A Subpart I** – Accounts for funding provided under ESEA Title IV Part A.

**Other Federal Special Revenue** - This fund classification is to be used to account, on a project basis, for federally funded special revenue funds that have not been specified above.

**Visually Impaired SSVI** – Funding for programs provided to children with visual impairments.

**Children’s Trust Fund of Texas** – Accounts for proceeds related to the Children’s Trust Fund of Texas.

**State Textbook Fund** – This fund accounts for the purchase of instructional materials, technological equipment, and technology-related services through the TEA requisition system.

**State Funded Special Revenue Funds** – This fund classification is used to account for various state special revenue funds. Included are funds awarded to recognize those students, teachers and schools that demonstrate success in achieving the state’s advanced academic standards.

**SSA Special Education** – This fund accounts for the District’s shared service arrangement for special education, for which the District serves as the fiscal agent.

**THIS PAGE LEFT BLANK INTENTIONALLY**

**Medicaid COOP** – This fund accounts for the District’s Medicaid cooperative with other local districts, for which the District serves as the fiscal agent.

**Campus Activity Funds** - Accounts for transactions related to a principal’s activity fund if the monies generated are not subject to recall by the District’s board of trustees into the General Fund.

**Education Foundation** – This fund is used to account for local revenues related to the Lockhart Education Foundation.

**Lions Club** – This fund is used to account for local revenues related to the Lockhart Lions Club.

**Kinder Morgan** – This fund is used to account for local revenues related to the District’s Kinder Morgan program.

**Texas State University** – This fund is used to account for local revenues received from Texas State University.

**Saint David’s** – This fund is used to account for local revenues received from Saint David’s Children’s Hospital.

**Parent Teacher Organization** – This fund is used to account for local revenues related to the Lockhart Parent Teacher Organization.

**Miscellaneous Grants Fund** – This fund is used to account for local revenues other than those accounted for in the funds above.

**Athletic Programs Donations** – This fund is used to account for local revenues related to donations to the District’s athletic programs.

**Maintenance Tax Notes 2012 Series** – This fund is used to account for principal and interest payments made on the District’s Series 2012 Maintenance Tax Notes.

**Maintenance Tax Notes 2017 Series** – This fund is used to account for principal and interest payments made on the District’s Series 2017 Maintenance Tax Notes.

**THIS PAGE LEFT BLANK INTENTIONALLY**

## **NONMAJOR PROPRIETARY FUNDS**

**Summer Recreation** – Account for the receipts and payments related to the District’s summer recreation programs.

**After School Program** – Account for the provision after school programs to students.

**Cubhouse Students** – Account for the receipts and payments related to the District’s Cubhouse child care program.

**GED Adult Ed** – Account for the receipts and payments related to the District’s GED adult education program.

**Cubhouse Employees** – Account for the receipts and payments related to the District’s Cubhouse child care program.

**Community Ed. Adm.** – Account for the receipts and payments related to the District’s various community education programs.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
Lockhart Independent School District  
Lockhart, Texas

We have audited in accordance with the auditing standard generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Lockhart Independent School District (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements which collectively comprise Lockhart Independent School District's basic financial statements and have issued our report thereon dated November 21, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Lockhart Independent School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of Lockhart Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**TEXAS** | Waco | Temple | Hillsboro | Houston  
**NEW MEXICO** | Albuquerque

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lockhart Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

Board of Trustees of  
Lockhart Independent School District  
Lockhart, Texas

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Lockhart Independent School District's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Lockhart Independent School District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal Programs.

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**LOCKHART INDEPENDENT SCHOOL DISTRICT**

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

JUNE 30, 2022

**1. GENERAL**

The Schedule of Expenditures of Federal Awards (SEFA) presents the activity of all applicable federal award programs of Lockhart Independent School District. The District's reporting entity is defined in Note I of the financial statements. Federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on the SEFA.

**2. BASIS OF ACCOUNTING**

The SEFA is presented using the modified accrual basis of accounting. The District's significant accounting policies, including the modified accrual basis of accounting, are presented in Note 1 of the basic financial statements. The SEFA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some of the amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**3. INDIRECT COSTS**

The District did not elect to use a de minimis cost rate of 10% as described at 2 CFR §200.414(f)—Indirect (F&A) costs.

**4. RECONCILIATION OF FEDERAL REVENUES AND THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

The following is the reconciliation of federal revenues and the Schedule of Expenditures of Federal Awards for the fiscal year:

Federal revenues per the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds (Exhibit C-3)	\$ 14,793,942
Less:	
School Health And Related Services	( 392,370)
Federal expenditures per the Schedule of Expenditures of Federal Awards (Exhibit K-1)	\$ <u>14,401,572</u>

**LOCKHART INDEPENDENT SCHOOL DISTRICT**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

**Summary of Auditor's Results**

Financial Statements:

Type of auditors' report issued	Unmodified
Internal control over financial reporting:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Material noncompliance material to financial statements noted?	No

Federal Awards:

Internal control over major programs:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Type of auditors' report issued on compliance for major programs	Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? None

Identification of major programs:

Assistance Listing Number(s):	Name of Federal Program or Cluster:
10.553 and 10.555	Child Nutrition Cluster
84.027 and 84.173	Special Education (IDEA) Cluster
84.425U	COVID-19 - ESSER III

Dollar threshold used to distinguish between type A and type B programs \$750,000

Auditee qualified as low-risk auditee? Yes

**Findings Relating to the Financial Statements Which are Required to be Reported in Accordance With Generally Accepted Government Auditing Standards**

None reported

**Findings and Questioned Costs for Federal Awards**

None reported
