

Meet our Hibbing School Mental Health Staff!

Amber Babich

I have a Bachelor's degree in Psychology, and I've been with North Homes for three years.

I work at the Lincoln Elementary with the 4th, 5th, and 6th graders. My favorite place to go on vacation is to Disney World.

Lindsay George

I have a B.S. in Psychology from Bemidji State University and am pursuing an M.S. in Clinical Mental Health Counseling from Capella University. I have been working in the mental health field for 12 years and have been with North Homes for over 8 years.

My career has been spent working with children in a variety of capacities, and I enjoy working with teens and preteens the most. I began working at the Hibbing High School last year and will continue to work there.

My favorite animal is anything exotic from afar (flamingos, giraffes, dolphins) but ultimately, I'm a dog person.

NORTH HOMES
Children and Family Services

Rosalie Mika

I worked in Duluth with children for several years before taking on a position at the Minnesota Autism Center as a Behavioral Therapist. Over the past 10+ years my passion for working with children continued to grow and I knew I wanted to work within a school. I am thankful that North Homes is giving me the opportunity to do so - and will be at Lincoln Elementary.

My favorite animal would have to be my dog, Aura, who I love to spend hours of adventuring and exploring with.

Tina Bussey

My first job was during high school - working with individuals with special needs, which I continued through college. I worked for a number of PCA companies and children with special needs. I fell in love with the work and was able to follow my clients into Head Start and Kindergarten.

I began my mental health professional journey working for Range Mental Health at Washington Elementary. When the district switched providers, I was able to stay on at Washington - which is filled with what has become "family," and my "home away from home."

I own a St. Bernard named Grimmace and an English Mastiff named Ruckus. My daughter is heavily involved in Special Olympics and I help coach. I am a huge sports fan, enjoy campfires, and am blessed to have my "dream job."

Stacy Hart

I grew up in International Falls, and started working with adults with disabilities out of high school. So nearly 30 years! I was a group home supervisor for many of those years. During my career working with adults, I always knew that I wanted to work with children. I am so thankful to North Homes for giving me that opportunity! I have been working for North Homes since July 11th, 2022.

- I will be working at the Greenhaven and Washington schools
- My favorite animal is my senior dog, Rocky! I also love manatees!

Hannah Clement

My name is Hannah Clement. I was born and raised in Hibbing, and am a Hibbing High School graduate.

I am currently attending Walden university for my Bachelor's of Social Work, and my long term plan is to get my Masters of Social Work to become a therapist. I have always had a strong passion for the mental health field, and I think if I can make a small difference in someone's life then I'm doing what I came here to do.

In my free time between work, being a mom to an amazing four year old boy, and school. I train and compete barrel horses and I also love to travel.

I will be working in the Hibbing High School and Floodwood school.

Mandi Gibson

I am a Mental Health Practitioner, and I have a BS in Psychology. I have been in the mental health field for 9 years, and with North Homes for 1 year.

I am working at the Lincoln Elementary School (grades 3-6).

I have a hard time choosing one favorite animal, because I really love them all. I'll choose my top 3, Cat, Owl and Sloth.

Angie Williams

I have received my MA in Counseling with an emphasis in School Counseling from the University of North Dakota in 2011. Prior, I had completed a BS in Elementary Education from Bemidji State University.

I have experience working with children and adolescents, providing individual and group therapy in a school-based setting. I have been working for North Homes since 2021.

You can find me at Greenhaven, Washington, and Lincoln schools.

Fun Fact: I love bowhunting!
