Can we try this image to be the whole cover? I think one good image vs. the collage might be
just right. Of course, would need to adjust the title.

Page 2:
I'm not crazy about the way the photo in the middle cropped. Do we need to pick a different
photo. Also, if we need to make the photo of the principal smaller to make it work we can.
Can we do the callout box in grey? Can we center align the words in the callout box?

Page 3:
Can we make the header the same bright purple as the other pages.
Since the copy says something about reading to peers, can we use this picture on the page as

Erika Senneseth, M.Ed. | Head of School

Sandhills School is a 1st-12th grade college preparatory school for bright students with dyslexia and related learning differences. Through individualized Orton-Gillingham instruction, our students gain the confidence, master the tools, and participate in the opportunities they need to realize their potential in academics and life.
BRIGHT MINDS
GAINING CONFIDENCE

From reading aloud to peers to applying for their dream college, Sandhills students gain confidence in and out of the classroom.

“From the first day the boys visited Sandhills, we knew it was the right place for them. As Sandhills students we have seen our children grow to the students we knew they could be. They possess more self-confidence, higher-level social and organizational skills, and improved techniques that allow them to cope with their educational challenges.”

-Bizzy, Sandhills Parent

MASTERING THE TOOLS

Sandhills students develop the tools and strategies they need to unlock their potential in the classroom. Through Orton-Gillingham instruction, classroom accommodations, and assistive technology our students overcome their learning differences and rediscover their joy of learning.

Sandhills School is one of just a handful of schools in the world that is dually accredited by the Orton-Gillingham Academy as a School Instructional Program and a Teacher Training Program. The Orton-Gillingham approach is the gold standard for educating students with dyslexia. Each one of our exceptional teachers has extensive Orton-Gillingham training. Sandhills is the only school in the Midlands that has a Fellow in Residence. Our Fellow, Anne Vickers, provides yearly teacher training, weekly workshops, valuable classroom observations, and mentorship to our teachers.

JOIN THE 1970 SOCIETY

The 1970 Society celebrates Sandhills School’s grassroots founding. In 1970 a group of concerned parents gathered their resources and formed the Columbia Reading Foundation to help tutor their children who were very bright, but struggling to learn to read in traditional classrooms.

Become part of the legacy of generosity and support initiated by Sandhills School’s original Founders. Donors that contribute $1,970 or more each fiscal year to the Sandhills School Annual Fund will be recognized as members of the 1970 Society. We look forward to thanking our 1970 Society donors at the annual 1970 Society Social.
