

**The J. Oliva Huot Center
at Laconia High School**
New Classes!

Social, Emotional Learning - A brand new class within the Teacher Prep area, this is a one semester class starting in the Spring of 2023. This is a two block commitment and offered to students in grades 10, 11 or 12. For students interested in Education or Behavioral Science. Space is available now for next semester.

Principles of Emergency Services - Also a one semester course (Fall or Spring), a two block commitment and offered to students in grades 10 or 11. This is a general course for students pursuing Fire Science, Emergency Medical Services or Law Enforcement. Space is limited.

Note - All students interested in Huot for next year are invited to attend a full Huot Center tour in early February. Full details/dates will be communicated in January.

**Hugh O'Brian Youth Leadership
Leadership Program for Sophomores**
See Guidance today if interested!

"HOBY NH is a three day leadership seminar for high school sophomores that teaches students about individual, group, and societal leadership, as well as empathy." The program is looking for a variety of students to attend this weekend event in the spring (exact dates/location TBD). Sophomores from around NH gather and learn teambuilding and leadership skills. Inter-Lakes has four spots for this event. There is \$250 cost per student.

Save-the-Date
High School Opportunities & Beyond
Thursday, January 19, 2023 - Evening Program

All families welcome, although the program has an emphasis on opportunities available for juniors and seniors with some areas available to sophomores and competency-based grading information for grades 9, 10 and 11. Opportunities such as; Running Start & eStart dual credit college/high school courses, Huot Center, Winnisquam Agricultural Center, Career Partnership Program, Post-Secondary Planning, Clubs/Athletics and much more!

St. Paul's Advanced Studies Program For Juniors - Summer 2023

Founded in 1957, students from around NH spend a month on the beautiful St. Paul's campus in Concord to *Live, Learn and Lead!* The program will run from June 25-July 30. Students attend one main program, plus a writing workshop as well as several activities. A sample of the main academic programs includes; Biomedical Ethics, Engineering, Film Studies, Marine Biology, Society & Sustainability and Studio Arts. The month includes learning, living away from home, meeting new peers from other NH high schools as well as fun activities such as Harry Potter Day, Fun Run, Field Trips, Talent Show, Family Day and a large college fair and college information sessions. There is a cost for students to attend and financial aid may be available from St. Paul's. Check out more about the program, the online catalog and register for virtual information sessions (November 30th & December 8th) at www.sps.edu/asp

Career Partnership Program - Michael.Griffin@Interlakes.org

Career Partnerships continues to host a variety of visitors from the community to join our student lunches. Our visitors in October included SFC Dustin Glidden who spoke to interested students about volunteer opportunities in the Lakes Region. We also welcomed Robin Calitri, Technical Director of Learning from Gunstock Mountain Resort, who spoke with our high school aged learners about paid internship and certification opportunities from the Professional Ski Instructors of America right in Gilford! In November, we will welcome Chef Allen, owner and operator of Ooo La La Creative Cakes, Chef Tony Bomba, Executive Chef for the Common Man Family of Restaurants and our community partners from Hannaford in Meredith who will be hosting a hiring booth.

Additionally, two guest speakers joined us on October 21st. Meghan Theriault, professional engineer and Director of Public Works for the Town of Gilford spoke to four high school math classes about her profession and experience in civil engineering and her daily use of practical, everyday math. On October 27th, Jack Potvin, accomplished serial entrepreneur and technology executive and the Executive Director of Project Happy, spoke with students about his entrepreneurial journey from a young age and his passion for helping students live happier and maximized lives through volunteering and giving back to their communities. Jack spoke about how experience in volunteering can help build strengths for future careers. We hope to build an even stronger relationship with Jack in the coming months. Looking ahead to November, five Career Partnerships students, grades 10-12, all interested in therapy careers spanning occupational, physical, chiropractic, and athletic training, will have a Zoom Q&A with Yumi Kuscher, athletic trainer, head athletic coach for football and the Associate Director of Sports Medicine at Harvard University. We certainly look forward to Yumi's virtual visit.
