OUR VISION: Students learn to use their minds well, engage creatively and act compassionately.

OUR MISSION: Riverdale develops inquisitive, imaginative and eager learners. Our students demonstrate academic mastery through exhibition to become effective communicators and responsible leaders

OUR UNIQUE VALUE: Riverdale students experience a collaborative and personal small school learning environment that integrates art, music and experiential-learning with core academic disciplines and Coalition of Essential School principles.

OUR STRATEGIC MANDATES:

- Provide an outstanding, well-rounded education that engages our students
- Assure a financially healthy and sustainable district
- Attract, develop and retain exceptional faculty, administration and school staff
- Foster a respectful, vibrant, and welcoming community through collaborative, honest and professional relationships.

From the Board adopted 2013 Vision and Strategic Plan

2018-19 Superintendent's Budget Message

Dear Riverdale Budget Committee Members and Community,

I am pleased to present the proposed budget for Riverdale School District for the 2018-19 fiscal year. Though this budget contains reductions from the current service level, it leaves Riverdale on a more solid foundation for the future while allowing the District to continue offering a rich and engaging program for students and the community.

A Fundamental Problem

In recent years, Riverdale has spent more than it has received in revenue. This was a conscious and commendable choice by the Riverdale School Board to apply reserves directly in service to students and community. However, the variance between expenditures and revenue has accelerated due to several factors.

Increasing Public Employee Retirement System (PERS) Contributions

The District is required to contribute to the public employee pension system. This contribution rate is set by the PERS Board and is mandatory. The required district OPSRP/Tier I-II contribution increased from 4.17/8.86% of payroll in 2015-17 to 10.72/16.05% of payroll in the 2017-19 biennium. This represents a significant increase in cost to the district. Rates are expected to increase significantly again in the 2019-2021 biennium.

Inadequate State Funding

The state school fund allocation for the 2017-19 biennium was insufficient to cover annual cost increases, including the previously mentioned PERS increase. Additionally, the state chose to allocate the funding on an equal amount for each year of the biennium, rather than in the traditional 49/51% split that intentionally allocates more in the second year of a biennium to account for traditional roll-up costs.

Declining Tuition Students

Changes in legislation and applicable transfer laws in recent years have led to the release of more students from their home districts. That has led to a decrease in the number of students attending on a tuition basis.

These factors led to unsustainable and accelerating deficit spending that rapidly depleted the District's formerly healthy reserves. This must be corrected for the District to remain financially stable. This situation is not unique to Riverdale – many other districts have made reductions in 2017-18 and more are reducing for 2018-19.

The District has reached the point where it is no longer able to fund programs and services at a higher-level than incoming revenue. Expenditures and revenues must be returned to a balanced level.

District Advantages

The District is fortunate to have two additional sources of revenue to support Riverdale education and a Board that initiated a response to the funding problem this year.

Foundation Contributions

The 2018-19 Budget includes a \$1,200,000 contribution from the Riverdale School Foundation, which represents an increase of \$250,000 from the previous year. This additional funding reduced the impact of cuts that would have otherwise been necessary. The total generous contribution will fund 12 teaching positions across the district.

Local Option Levy

Riverdale residents provide additional funding through the Local Option Levy. This tax captures the gap between the Measure 5 tax limit based on market value and Measures 47/50 tax limits based on assessed value – as the gap between them closes, the full amount assessed is compressed. The 2017-18 school year represents year three of the five-year collection period, and in its third year the levy is anticipated to provide \$865,000.

School Board Response

The Riverdale School Board recognized the acceleration of the deficit in the 2017-18 school year and took steps to mitigate the challenge. These include convening a financial advisory committee, an increase in tuition, a fair and reasonable agreement with the Riverdale Teachers Association, and implementation of mid-year spending cuts. The Board also took on additional support roles and worked with Multnomah Education Service District to provide an acting superintendent free of charge in order to complete the 2017-18 school year without incurring additional interim superintendent expenses during Superintendent Brandon's leave.

Reductions for Future Stability

This proposed budget integrates all of the aforementioned factors to provide the District with a balanced budget that aligns expenditures and revenue while leaving a relatively slim amount of reserves. To accomplish this, the District was required to identify cuts from the current service level. When considering potential reductions, the administrative team worked within the following guidelines developed in collaboration with the Riverdale School Board of Directors:

Riverdale offers a high-quality educational experience for students. In order to maintain that experience, a plan for budget reductions will be developed using the following guidelines:

- Limit the impact of reductions on students
- Maintain core program offerings
- Maintain class sizes at or near current levels, when possible
- Continue to provide the Riverdale diploma (eight classes more than the state requires)

- Reductions applied equitably across grade school, high school and district office to best preserve student learning
- Identify non-personnel reductions whenever possible, including maintaining non-labor expenses at or below the 2016-17 level
- When personnel reductions are necessary, consider the following factors:
 - Utilizing attrition when possible
 - Federal, state and policy requirements
 - Programs valued by the Riverdale community
 - The number of students affected by the reduction

As a result, this budget includes the following changes from the 2017-18 adopted budget to the proposed 2018-19 budget:

- Return non-personnel spending authority to the 2016-17 budget level
- Reductions in net general fund expenditures on athletics through reduced staffing and elimination of some programs
- Total reduction of 4.325 FTE
 - 1.125 FTE at Riverdale Grade School
 - 1.8 FTE at Riverdale High School
 - 1.4 FTE at the District level
- Reduced extra-curricular offerings
 - No overnight RHS field studies (modified field study experience still to be provided)
 - Elimination of grade school Genesis Band
 - Elimination of grade school Science Bowl and Math Club
- Additional revenue from out-of-district students at Riverdale Grade School, resulting in potential small class size increases that still fall within the Board recommended ranges
- Unappropriated ending fund balance targeted at \$379,000, which represents a reserve of 4.2%

With these reductions, the District will continue to provide a sustainable quality academic program within its financial means.

Future Considerations

All school districts face predictable future financial challenges. PERS costs will certainly increase in the coming biennium. Oregon faces structural challenges at the state level, which will continue to make adequate stable funding an uphill battle. The reserve level of 4.2%, while reasonable, allows little room for error.

To that end, Riverdale must continue to aggressively pursue financial efficiencies in the coming year. Recommendations include:

- Convene a group of stakeholders to assess potential changes to school schedules for increased efficiency

- Continue to work to decrease the general fund cost of athletics through a balance of community volunteer support, decreased offerings, and potential revenue sources
- Continue the practice of reviewing all district contracts for cost savings through negotiations and reduction to essential levels of services

Summary

This proposed budget includes reductions that correct the fundamental problem of expenditures exceeding revenue. Though no cuts are easy or painless, it still leaves Riverdale in an enviable position in comparison to other schools. The District is able to continue to provide a high-quality experience to its students and community.

Riverdale is not alone in facing challenges to its financial future – all Oregon school districts face the same instability. However, Riverdale is well positioned to meet these challenges without damaging the core academic experience if the district continues to aggressively pursue financial efficiencies.

I want to close by thanking the Riverdale staff for their proficiency and dedication. The community is fortunate to be served by a skilled group of professionals.

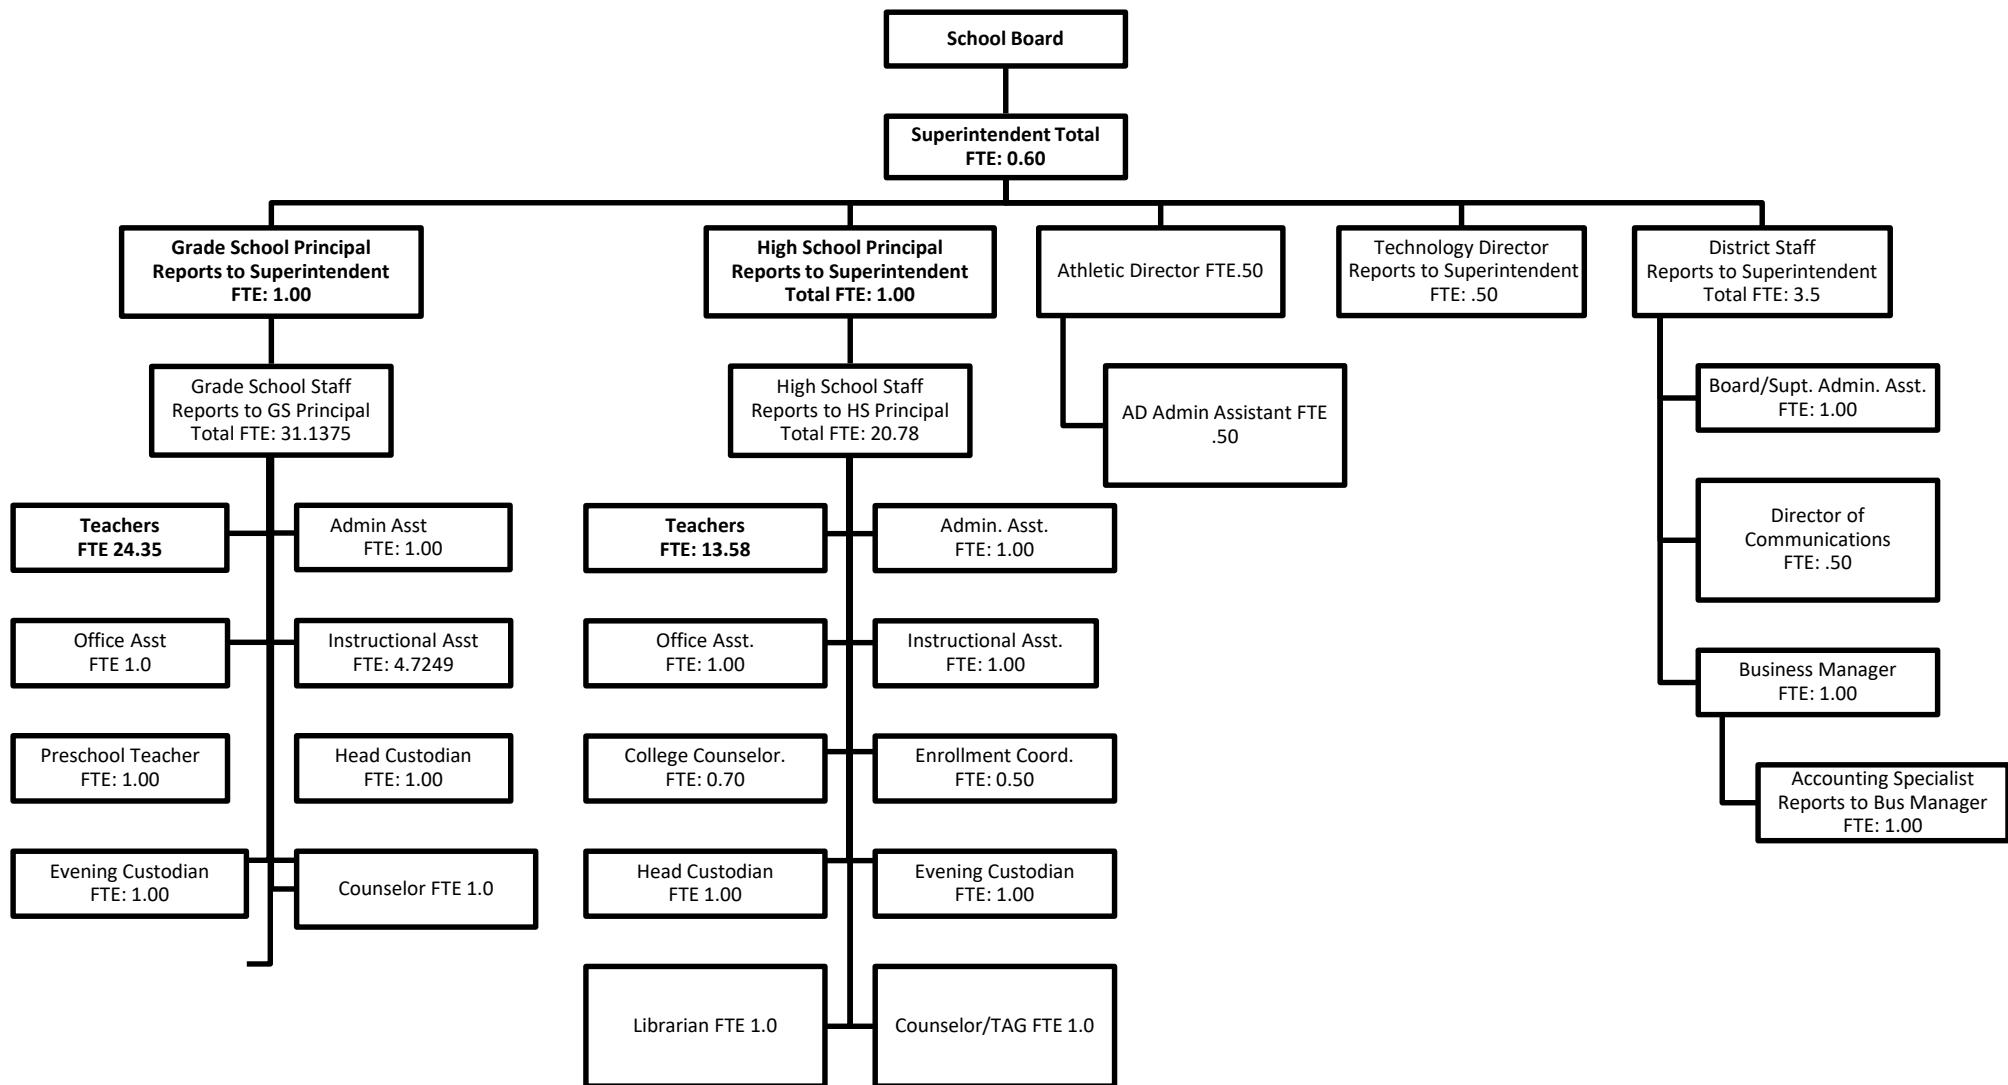

It has been a pleasure to support the Riverdale School District and community on a short-term basis. Thank you for your consideration of this budget proposal.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Sam Breyer". The signature is fluid and cursive, with the first name starting with a large 'S' and the last name ending with a large 'r'.

Sam Breyer, Acting Superintendent

2018-19 Organization Chart

Riverdale School District #51J

2018-19 Budget Assumptions

This budget represents an operating plan for the 2018-19 school year. As the budget is developed, some information is not known or available. In this case, estimates are made on the best information available. The following assumptions form the basis of 2018-19 budget preparation.

REVENUE

Student Enrollment Estimates

The number of students is the most important factor in determining both State School Fund formula and tuition revenues. Riverdale school district is unique in Oregon with its reliance on students who attend by choice through transfers or payment of tuition. In 2018-19, staff projects tuition paying students to decrease and resident students to increase. Marketing efforts continue to attract new students at all levels and bring overall enrollment estimates to 647.

State School Fund Formula Estimate

The Oregon Department of Education estimates State School Fund (SSF) payments based on an overall state budget of \$8.2 billion for the 2017-19 biennium with a 50/50 split. The SSF formula sets a cap on revenues that a public school district can keep based on student enrollment. Base property taxes, Common School Fund, State timber money and other revenue are deducted from the SSF formula and reduce the amount received from the state.

Only resident and transfer students count towards the state school funding formula; tuition paying students are excluded. The SSF formula is calculated on the larger of the current year number of students or the prior year's. Additional student weighting is allowed for students who are English Language Learners, living in poverty, and receiving special education services. Riverdale High School generates additional weighting as a Small High School with fewer than 300 students. In 2018-19, each full-time student is expected to generate \$7,947.

Transportation costs for home to school transportation and curricular field trips are estimated at \$133,000 for 2018-19. These costs are 70 percent reimbursable (\$93,100) under the State School Fund Formula. The home-to-school transportation contract is based on the national CPI and the budgeted amount remains flat from the 2016-17 budget year.

The estimate for tuition revenue is based on expected enrollment as follows

Tuition Estimate for 2018-19

Grade	Tuition	Students	Total Tuition
Grade K	11,130	9	100,170
Grades 1-4	12,120	15	181,800
Grades 5-8	12,500	10	125,000
Grades 9-12	12,950	35	453,250
Total		69	860,220
Tuition to xfr		-10	-129,500
Tuition Rev Est			730,720

Foundation Contributions

The Riverdale Schools Foundation solicits donations from parents and community members for Riverdale Schools. The district is requesting \$1,200,000 of the donations that were raised. There are no restrictions on the use of the monies. The district uses these funds to support teaching positions at the schools. This enormous contribution helps all aspects of school operations. The amount requested is an increase of \$250,000 from the 2017-18 budget year.

Local Option Dollars

In November 2015, district voters approved a local option levy of \$1.37/\$1,000 assessed value. This type of tax levy only applies to the gap between taxes limited by Measure 5 and those limited by Measures 47/50, and therefore varies on a property-by-property basis. The amount raised for 2018-19 will not be known until October 2018, when the county assessor prepares the tax roll.

	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19
Local Option Revenue	\$465,612	\$557,8	\$421,734	\$459,811	\$589,09	\$616,62	\$690,000	\$800,300	\$865,15

,

EXPENDITURE ASSUMPTIONS

Salary and Benefit Projections

Staffing:

General Fund – The 2017-18 adopted budget provided for 67.14 FTE in the General Fund. For the Adopted 2018-19 budget, general fund FTE is reduced to 63.5175. A position has been reclassified from classified staff to confidential staff.

Special Revenue Fund – The 2017-18 adopted budget included 2.9983 non-general fund FTE. One position previously general-funded was split to reflect .75 special revenue funding for career/technical education. For the 2018-19 Adopted budget, total non-general fund FTE is 3.875 FTE.

Salaries and Benefits

Licensed staff salaries have been set by a bargaining agreement with Riverdale Teachers Association (RTA) through June 30, 2021. The framework clarifying classified, administrator and confidential staff salaries has been set and approved by the board.

District contribution for healthcare for 2018-19 has been contractually determined for licensed staff. The framework for classified staff, confidential staff and administrative staff contributions has been set and approved by the board.

Category	Salaries/Wages Increase	Insurance Cap/Changes
Licensed Teachers	2%	\$1,368/month, plus \$25,000 to pool
Classified and Confidential Staff	2%	\$1,368/month
Administrators	2%	\$1,368/month

PERS Rates

Rates are set by the PERS board. New rates went into effect on July 1, 2017 and are expected to remain in place through June 30, 2019. Rates nearly doubled from the 2015-17 biennium to the current 2017-19 biennium. Districts across the state along with Riverdale are experiencing harsh impact to budget due to these increases.

Rates	Tier 1/Tier 2	OPSRP
2017-19	16.05%	10.72%
2015-17	8.86%	4.17%

PERS UAL Bond

Riverdale School District participated as part of a school district pension bond pool to offset its unfunded actuarial liability with PERS. As the interest on the pension bonds is less than the 8% rate charged by PERS, the district saved retirement costs by doing this. Debt service expenditures in Fund 330, Debt Service Fund-PERS Bonds, pay the principal and interest on the debt. Charges to employee benefit accounts based on salary and wages recoup some of the PERS rate savings and accumulate in the Fund 330, Debt Service Fund-PERS Bonds, to repay this debt. For 2018-19, the rate charged is estimated to be 9.45%.

Early Retirement

The District pays six years of stipends and insurance for eligible retirees in addition to benefits they receive under PERS. The District negotiated an end to this practice and the last eligible employee retired June 30, 2014. Costs related to these post-retirement benefits are captured in the General Fund Function 2700.

Other Expenditure Increases

Transportation – The district contracts with First Student for student transportation. The contract calls for an increase each year based on the consumer Price increase. The proposed budget remains flat to 2016-17.

Utilities – Utilities include electricity, natural gas, water, sewage, garbage, and phone services. The proposed budget remains flat to 2016-17.

Land Lease – The Portland Public School District owns the land where Riverdale High School is located. Each year the lease payments on the land increase by 2%. The 2018-19 estimated payments will be \$14,025 per month for a total cost of \$168,300.

Contingency and Unappropriated Ending Fund Balance

Contingency for the General Fund is budgeted at \$325,982 or 3.6% of the budgeted operating revenues, a decrease of \$81,257 from 2017-18. Contingency funds are available only by board action.

Unappropriated Ending Fund Balance provides for future years' operations. Any money so designated may not be used during the budget year. The general fund unappropriated ending fund balance is \$179,000 in this budget. The unappropriated ending fund balance plus the contingency has decreased from 10% in 2016-17 to a combined 7% for 2017-18. For 2018-19, the combined total is 5.6%.

The Facilities Grant in the Special Revenue Fund continues to follow the plan of spending developed in the last few years. Since 2011, anticipating that the state's revenues would remain volatile, Budget Committee members recommended the Facilities Grant be spent down to support key areas such as staff development, curriculum purchases, technology replacement, and maintenance at the high school. That recommendation has been followed in this budget.

Riverdale Historical Enrollment

■ Resident ■ Tuition ■ Transfer

Notes:

Enrollment projections for the 2018-19 school year were prepared by looking at currently enrolled students and determining the number of students that would be returning. The District surveyed all eighth grade students to determine how many current eighth graders would be attending Riverdale High School. The District looked at the enrollment data from the last ten years to determine the enrollment trend. Portland Public Schools has changed their practice and now grants a limited number of transfers. We have decreased the estimate of tuition students accordingly.

Riverdale School District #51J
2018-19 Adopted Budget

200 - Special Revenue Funds

Special Revenue Funds account for revenues that are limited in how they can be spent. The Student Body Funds are the largest component of the Special Revenue Funds. The Student Body Fund accounts for monies collected and used for student organizations and activities. Oregon Department of Education requires these accounts to be budgeted as a Special Revenue Fund

Special Revenue Funds also account for local, state, and federal grants received by the district for specific programs. The District received a Facility Grant reimbursement from the State for the construction of the new Grade School. These funds have been designated for technology replacement, building maintenance, curriculum purchases, and professional development. The district expects a decline in grant awards as federal stimulus funds expire and standard federal grant awards decline. Appropriations are established to provide sufficient budgetary authority to meet unanticipated grant awards.

This year, the district received funding from SB1149 (a state program that awards funds received from electric utilities for use in energy conservation projects). Those monies have been saved for the specific program requirements of that bill.

Riverdale School District #51J
2018-19 Adopted Budget

300 - Debt Service Fund

This Fund is used for the collection of property taxes to pay the associated scheduled debt service for voter-Proposed construction bond levies. Bonds provided for the renovation of the high school and construction of the new Grade School.

330 - PERS Bond Debt Service Fund

The board of directors authorized the issuance of limited tax pension obligation bonds to make a lump sum payment to the Public Employee Retirement System (PERS) in 2003. The District deposited the proceeds with PERS and created a side account that is used to offset the Director's portion of the Unfunded Actuarial Liability (UAL). PERS adjusts the district's rate for the resources in the side account.

The District will pay the debt service on the bonds from resources that would have been used to pay PERS assessments on qualifying employee compensation. The District charges a rate on PERS eligible salary to fund the debt service.

Riverdale School District #51J
2018-19 Adopted Budget

400 - Grade School Bond Proceeds Fund

The Grade School Bond Proceeds Fund accounted for the construction of the new Grade School that opened in 2010. This fund has a small remainder that may only be used for purposes originally proposed by voters in the ballot approving the measure.

410 - Construction Excise Tax Fund

This fund accounts for revenues and expenditures related to the construction excise tax (CET) imposed on improvements to real property that result in a new structure or additional square footage in an existing structure.

The CET is assessed at \$1.00 per square foot on structures or portions of structures intended for residential use, and \$0.50 per square foot on structures or portions of structures intended for non-residential use. The tax for non-residential use may not exceed \$25,000 per building permit or per structure, whichever is less. The District has entered into agreements with Clackamas County and the City of Portland to collect the tax.

These funds will be held for projects proposed by the School Board that meet the requirements of the CET authorization.

Riverdale School District 51J

Glossary of Terms

Accounting System: The total structure of records and procedures which discover, record, classify, summarize, and report information on the financial position and results of operations of its government of any of its funds, fund types, balanced account groups, or organizational components.

Accrual Basis: The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flows.

Activity: A specific and distinguished line of work performed by one or more organizational components of a government for the purpose of accomplishing a function for which the government is responsible. For example, food inspection is an activity performed in the discharge of the health function.

ADMw: Average daily membership (weighted) is the year-to-date average of daily student enrollment plus additional weighting for special education, English-as-a-second-language, poverty. This factor is the basis for allocation of the State School Fund. The ADMw only counts students who are district residents or attending on approved interdistrict transfers.

Appropriation: A legal authorization granted by the school board to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

Assets: Resources owned or held by a government, which have monetary value.

Budget: A plan of financial operation embodying an estimate of proposed means of financing them for a single fiscal year. A proposed budget is presented to the budget committee for approval. An approved budget is subsequently adopted as approved or modified by the Board.

Budget Document: The instrument used by the budget-making authority to present a comprehensive financial program to the school board which is the appropriating body. The budget document contains a message from the Superintendent, together with a summary of the proposed expenditures, means of financing them, and the schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures and other data used in making the estimates.

Budgetary Control: The management of the district in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenue.

Budgetary Expenditures: Decreases in net current assets. In contrast to conventional expenditures, budgetary expenditures are limited in amount to exclude amounts represented by noncurrent liabilities. Due to their spending measurement focus, government fund types are concerned with the measurement of budgetary expenditures.

Capital Outlay: Expenditures which result in the acquisition of or addition to fixed assets.

Classified Employees: Support staff, including instructional assistants, clerical staff, custodians and maintenance staff.

Contingency: A special amount budgeted each year for unforeseen expenditures. Transfer of general operating contingency funds to cover unanticipated expenditures requires board approval.

Current Resources: Resources that can be used to meet current obligations and expenditures. Examples are current assets, estimated revenues of a particular period not yet realized, transfers from other funds authorized but not received, and in the case of certain funds, bonds authorized and unissued.

Expenditures: Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.

FTE: Full-time equivalent staff. One FTE is defined as a regular position scheduled to work eight hours per day for a fixed contract year.

Fixed Assets: Asset of a long-term character which is intended to continue to be held or used, such as land, buildings, improvements other than building, machinery, and equipment.

Functional Classification: Expenditure classification according to the principle purposes for which expenditures are made. Oregon Department of Education requires the use of standardized functions in financial reporting.

Fund: A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

General Fund: The fund used to account for all financial resources except those required to be accounted for in another fund.

Liabilities: Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

Licensed Employees: Includes teachers, counselors, media specialists, and psychologists

Modified Accrual Basis: All governmental funds are accounted for using the modified accrual basis of accounting. Under it, revenues are recognized when they become both “measurable” and “available to finance expenditures of the current period.” Expenditures are recognized when the related fund liability is incurred.

Object: As used in expenditure classification this term applies to the articles purchased or the service obtained (as distinguished from the results obtained from expenditures). Examples are salaries, employee benefits, personal services, contractual services, materials, and supplies. Oregon Department of Education defines object codes to be used by all public school districts.

ODE: Oregon Department of Education has oversight over all Oregon public school districts

Operating Deficit: The excess of the operating expenditures of a fund over its operating revenues.

Payroll Costs: Amounts paid by the district on behalf of employees, in addition to gross salary. Examples are:

- Group Health Insurance
- Contributions to public employee's retirement system (PERS)
- Social Security (FICA)
- Workers' compensation
- Unemployment insurance

Program Budget: A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class. A program budget is a transitional type of budget between the traditional character and object class budget, on the one hand, and the performance budget, on the other hand. ODE requires school districts to use progress budgeting.

Purchase Order: A document which authorizes the delivery of specified merchandise or the rendering of certain services and the making of a charge for them.

Resources: Estimated beginning fund balances on hand at the beginning of the fiscal year, plus all anticipated revenues.

Revenues: Moneys received or anticipated by a local government from either tax or nontax sources.

Staffing Ratio: The certified staffing ratio is the ratio of students to certified staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as Music, Media, PE, are funded through the staffing ratio.

State School Fund: The major appropriation of state support for public schools. This fund consists of property tax loss replacement mandated by Measure 5 and state aid formerly called Basic School Support. The State School Fund is distributed to school districts according to a Legislature adopted formula.

Supplemental Budget: Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase a tax levy.

Transfers: Amounts distributed from one fund to finance activities in another fund. Shown as expenditure in the originating fund and revenue in the receiving fund.

Unappropriated Ending Fund Balance: Amount budgeted to carry over to the next year's budget to provide the district with needed cash flow until other money is received and to provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the year.

Variable Cost: A cost that increases/decreases with increase/decreases in the amount of service provided such as the payment of a salary.
