Eddie Garcia, President,
Board of Trustees Members, and
Citizens of the Brownsville Independent School District
Brownsville, Texas 78521

Dear Mr. Garcia, Board Members, and Citizens:

State law requires that all public school districts publish within one-hundred fifty days of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards (GAAS) by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the Brownsville Independent School District (District) for the fiscal year ended June 30, 2022.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Cascos and Associates, PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimated made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the

audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special need of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including a schedule of federal financial assistance, the independent auditors' reports on the internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in the Single Audit Section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basis financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The District is a political subdivision of the State of Texas and governed and operating as an independent school district under the laws thereof. The District is located entirely in Cameron County, Texas and serves the City of Brownsville, part of the Township of Rancho Viejo and some unincorporated areas of the county. The District, originally chartered by the State in March 1915, now encompasses ninety-five square miles.

The District is governed by a seven-member Board of Trustees (Board) composed of District residents, who are elected by voters of the District. The Board is responsible for managing and governing the schools of the District, including adopting goals and objectives for the District, reviewing and acting on policies, adopting an annual budget, levying and collecting District taxes, hiring school personnel as recommended by the Superintendent, approving salary schedules, adopting District policies and setting directions for curriculum, and reporting to the public on the District's progress. The District's Superintendent of Schools and staff assist the Board with financial and administrative matters and oversee the day-to-day operations of the District.

Mission Statement

The Brownsville Independent School District will graduate students who are prepared to excel in higher education and successfully pursue career opportunities in a changing global society by maximizing resources to ensure equitable opportunities for all students.

Beliefs

Everyone in our community has inherent values, talents, and strengths.

- High expectations, perseverance, and a strong work ethic are essential in fostering higher achievement and success.
- Students are our number one resource.
- Academic success nurtures lifelong learning.
- Everyone flourishes in a safe and healthy educational environment.
- The success of each student, educator, and family is vital for the future growth and sustainability of our community.
- The community and families share responsibility for the development and mentoring of our students.

The District provides a full range of educational services appropriate to grade levels pre-kindergarten through twelve for its approximate 38,448 students. These include regular and enriched academic education, special education for students with disabilities, occupational education, bilingual instruction for those with limited English proficiency, and specialized instruction for disadvantaged students. These basic programs are supplemented by additional offerings in the fine arts and athletics. In addition, the District provides for community and adult education by offering a wide variety of academic and occupational courses.

District Accomplishments – The District’s accomplishments continue to be recognized by local, state, and national publications. Most recently, the District was recognized for the following achievements:

- Hanna ECHS student, Jorge Jasso, was announced by U.S. Secretary of Education Miguel Cardona, as a 2022 U.S. Presidential Scholar. Jasso is one of 161 exemplary high school seniors who demonstrated outstanding academic achievement, artistic excellence, technical expertise, leadership, citizenship, service, and contribution to the school and community.

- Veterans Memorial ECHS student, Francisco Cervantes was a recipient of the 2021 QuestBridge National College Match and received a full four-year scholarship to Boston College.
- Mayra Saavedra, a senior from Hanna ECHS, received a \$40,000 Amazon Future Engineer Scholarship along with a paid internship. Only 100 students in the U.S. were selected.
- Dr. Ruben Gallegos Elementary and Mittie A. Pullam Elementary were named National Blue Ribbon Schools by the U.S. Department of Education. Pullam Elementary was recognized for Exemplary High Performing, while Gallegos Elementary was recognized for Exemplary Achievement Gap Closing.
- Putegnat Elementary received the National Association of Elementary and Secondary Education Act Award, in addition to the Distinguished Performance Award accolades by the Texas Education Agency.
- GreatSchools.org awarded Veterans Memorial ECHS with the 2021 College Success Gold Award.
- Brownsville ISD's Food and Nutrition Services Department was ranked 2nd among all Texas school districts for providing school meals.
- The Brownsville ISD Fine Arts Department was selected by the National Association of Music Merchants as the 2022 Best Communities for Music Education.
- For the 2021-2022 school year, Brownsville ISD had a record number of over 300 dual enrollment students receiving associate degrees.

- Seven BISD middle school students competed in the final round of the National Civics Bee Competition. Students who competed are: Esther Reveles (Stillman MS), Emilia Charles (Faulk MS), Kate Aleman (Stillman MS), Evandra Stoltz (Stillman MS), Christopher Zendejas (Oliveira MS), Susan Perez (Faulk MS), and Kayla Cisneros (Stillman MS).
- The Porter ECHS Boys Soccer team competed in the Regional Soccer Tournament.

- Porter ECHS and Veterans Memorial ECHS baseball teams competed in the Bi-District Playoffs while the Veterans Memorial ECHS softball team competed in Area Playoffs.
- The Lopez ECHS Golden Stars Dance Team received overall 1st place, Best of the Best Team Award, and Grand Champions Team award at the Showtime Dance Completion. The competition was not held for three years due to Covid-19.

- 49 BISD Band and Choir students were named 2022 All State Musicians by the Texas Music Educators Association.

- Brownsville ISD received a second round of funding of \$2.5 million from the Elon Musk Foundation.

Budgetary Controls - The annual budget serves as the foundation for the District’s financial planning and control. The District’s fiscal year begins July 1st and ends June 30th. The budget is initially prepared under the direction of the Superintendent. The Board reviews the budget during workshops conducted from January through May. The final budget is required by State law to be adopted by June 30th. The District maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. Activities of the general fund, the debt service fund, child nutrition service fund (which is included in the general fund) and designated purpose funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by major functional category.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented on Exhibit G-1, as required supplementary information. The TEA required budget versus actual comparison for the child nutrition program can be found on Exhibit J-2 and the debt service fund comparison is presented on Exhibit J-3.

Factors Affecting Financial Conditions

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Population – Brownsville is the largest city in Cameron County. The city has a population of 187,831 residents and has experienced growth of 12,808 people between the 2011 and 2021 according to the US Census Bureau. The demographics of Brownsville’s population can be summed up as mostly young but with a gradually increasing senior citizen population. The median age is 30.9 years. 29.6% of all persons in the City are younger than 18 years of age while 12.4% are 65 years or older.

The breakdown of our student membership as of October 2022 is as follows:

The projected average daily attendance (ADA) for 2022-2023 is approximately 32,428.

Local Economy – The District serves the City of Brownsville, a portion of the Township of Rancho Viejo, and several unincorporated areas in Cameron County including Cameron Park and San Pedro. Brownsville is the population center of the expanding lower Rio Grande Valley. The area economy is largely driven by manufacturing reflecting its location across from Matamoros, Mexico and extensive transportation network (including the Port of Brownsville).

The city’s low cost of living and doing business support continued economic growth, and a growing healthcare and education sector, including a branch of the University of Texas, contributes to the stability of the region. Space X continues their testing phases, launching several test rockets to prepare for future successful launches. The Space X Project has a positive economic impact in Brownsville and other Rio Grande Valley communities, in employment, tourism, and in higher education. The City experienced a significant decrease in the number of building permits between the 2021 and 2022 fiscal years. However, the City continued to experience a slight increase in construction value and an increase in overall total property value for the 2022 fiscal year, indicating economic stability for the area.

State Economic Outlook –An uncommon economic decline has occurred in Texas for the 2021-2022 period due to the increase in incomes, overwhelming demand for goods and housing, a decrease in demand for services, and overall labor shortages. Despite the impact of Covid-19, Texas did experience some growth and actually outranked the majority of other states in the U.S. Beyond 2022, Texas is expected to continue outperforming the other states but there are risks to the outcome including ongoing Covid-19 waves, constraints on supplies, and prolonged high inflation. The 88th Legislature will convene in January 2023 in order for legislators to combat these issues.

Bond Funding Update – There were no bond funding updates for the 2021-2022 fiscal year.

Financial Policies – As one of the 28 largest school districts in the State of Texas, the District is constantly monitoring its financial resources, expenditures, and planning for the future. Student enrollment drives the District’s planning process along with management’s commitment to providing the best education available to our students. The District’s strategic planning is an ongoing process. The District continually studies different areas of cost containment as they strategically view the demographics of the District and ongoing economic climate.

Food and Nutrition Services Department – The Food and Nutrition Services Department continues to enhance and streamline program operations in order to facilitate compliance with program requirements. The District operated the National School Lunch Program, School Breakfast Program, and the Child and Adult Care Food Program At-Risk Meal Program.

Food & Nutrition Services Department hosted a Food Show for BISD students and staff in order to showcase different foods that will be offered in the upcoming school year.

During the Covid-19 pandemic, the District supported students by offering meals via curbside at selected campuses, bus routes, and home meal delivery program. Additionally, the District served meals to students who attended face-to-face instruction. The District remains committed to ensuring that each child receives a healthy breakfast, lunch, and supper in a partnership with the Texas Department of Agriculture. The District is reimbursed based on the number of free, reduced, and paid breakfast and lunches served, as well as on the number of at-risk suppers serviced. Each year, there are changes with the federal reimbursement rates. The rates decreased by 45.76% for breakfast and decreased 38.41% for lunch, but increased 4.26% for supper from the 2020-2021 to the 2021-2022 school year.

Long-term Financial Planning – Growth in the District’s tax base has continued to increase, averaging 3.2% annual growth from fiscal years 2013-22. The District’s fiscal 2022 taxable assessed valuation (TAV) increased comparatively to \$6.89 billion. Enrollment for fiscal year 21-22 decreased by 5.68% from fiscal year 20-21, so the District continues to offer open enrollment at all 34 elementary campuses in an effort to stabilize enrollment and continues to reduce staffing through attrition as a cost saving measure. The City’s unemployment rate significantly improved from 20-21, decreasing from 10.46% annual to 7.10%. Projected membership for school year 2022-23 is expected to reach 36,850.

The District’s tax rate for tax year 2021-2022 is \$1.17500 per \$100 valuation with a maintenance and operations rate of \$1.039300 and a Debt Service rate of \$0.135700. The 2021-2022 combined tax rate is \$0.00087 less than the fiscal year 2020 – 2021. The District continues to

upgrade its facilities such as new canopies at Faulk MS, Stell MS, Canales Elementary, Cromack Elementary, Martin Elementary, El Jardin Elementary, Villa Nueva Elementary, Del Castillo Elementary, and Aiken Elementary. There was also a significant renovation done to Canales Elementary for the roof, the expansion of the parking lot, and demolition/disposal of portable buildings.

Stell MS courtyard canopies

Stell MS outside stage canopy

State funding for the general fund is about 72% of the total general fund revenue. House Bill 3 had increased overall state funding for school districts, so the District continues to receive some benefit. Federal funding increased due to the three rounds of ESSER funding. Grant funding plays an important role as a resource to supplement regular funding and to expand programs needed for greater academic achievement.

Interest Rates – The federal fund rate has continued to increase and is projected to continue having a slight increase in investment earning.

Awards

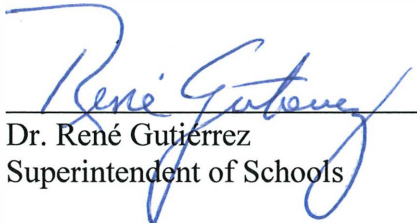

Association of School Business Officials International (ASBO) – On June 30, 2021, the District compiled and submitted a Annual Comprehensive Financial Report (ACFR) for consideration for ASBO’s Certificate of Excellence in Financial Reporting. The District was notified that it had been awarded the certificate on March 4, 2022. This was the twelfth time the District had submitted its financial statements for this award.

Government Finance Officers Association (GFOA) - On June 30, 2021, the District compiled and submitted a Annual Comprehensive Financial Report (ACFR) for consideration for GFOA’s Certificate of Achievement for Excellence in Financial Reporting. The District was notified that it had been awarded the certificate on July 22, 2022. This was the twelfth time the District had submitted its financial statements for this award. The District also received the Outstanding Achievement in Popular Annual Financial Reporting (PAFR), from the Governmental Finance Officers Association. This is the third time the District had submitted its financial statements for this award.

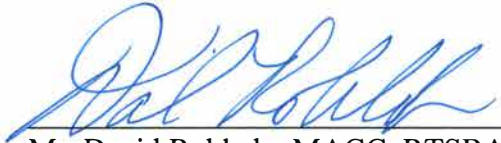

Schools FIRST - Senate Bill 218 of the 77th Legislature (2001) authorized the implementation of a financial accountability rating system for Texas school districts. For the 2020-21 ratings based on the 2019-20 school year, the most recent school year rated, the District achieved the Texas Education Agency’s rating of “Superior Achievement” in the School FIRST program. The purpose of the Schools FIRST (Financial Integrity Rating System of Texas) is to ensure that school districts are held accountable for the quality of their financial management practices. The system is designed to encourage Texas school districts to improve performance in the management of their financial resources in order to provide the maximum allocation possible for direct instructional purposes.

Acknowledgements – The preparations of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the various departments within the Chief Financial Officer’s cluster. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

Respectfully submitted,

Dr. René Gutiérrez
Superintendent of Schools

INDEPENDENT AUDITORS' REPORT

The Board of Trustees
Brownsville Independent School District
Brownsville, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Brownsville Independent School District, (the "District"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matters

Change in Accounting Principle

As described in the notes to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, Leases. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

765 East 7th Street / Brownsville, Texas 78520
Phone (956) 544-7778 Fax (956) 544-8465
Email: ccascos@cascoscpa.com

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison, pension and OPEB information on pages listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

As management of the Brownsville Independent School District (the “District”), we are providing readers of the District’s financial statements this narrative overview and analysis of the District’s financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the transmittal letter and the District’s financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District’s total combined Net Position as reflected in the government-wide Statement of Net Position was \$226,527,471 at June 30, 2022. The amount was negatively impacted by Governmental Accounting Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions where the combined effect increased net position by a net amount of \$21,701,910 for the current year.
- The District’s Statement of Activities reflects an increase in Net Position for Governmental Activities in the amount of \$74,390,631 for current year activity. This is a result of expenses being less than the \$607,288,684 generated in taxes, state aid, investment earnings, and other revenues such as charges for services and federal grants. See Exhibit B-1.
- As shown on the Statement of Activities, the property tax revenue increased \$5,648,345 or 7.63% from the prior year due to a \$531,986,938 increase in property values. The 2021-2022 total tax rate is \$1.175 per \$100 assessed valuation. See Exhibit B-1
- The General Fund reported a fund balance in the governmental funds financial statements this year of \$235,677,651. Approximately 56% of this total amount, \$132,200,233 is available for spending at the District’s discretion (Unassigned Fund Balance). See Exhibit C-1.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The government-wide financial statements include the Statements of Net Position and the Statement of Activities. These statements provide information about the activities of the District as a whole and present a long-term view of the District’s property and obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements report the District’s operations with more detail when compared to the government-wide statements by providing information about the District’s significant funds. The governmental funds statements show how general government services were funded / financed in the short-term as well as what remains for future expenditures. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. The proprietary funds statements reflect the activity related to services provided to parties within the District for worker’s compensation fund and for the self-funded insurance programs. The remaining statements, Fiduciary statements, provide financial information about the activities for which the District acts solely as a trustee or agent for the benefit of those outside the government. The notes to the financial statements provide narrative explanations needed for full disclosure in the government-wide statements or the fund financial statements. The combining statements for non-major governmental funds and the combining statements for Internal Service Funds contain even more information about the District’s individual Special Revenue and Permanent Funds and Internal Service Funds, respectively. The Statement of Changes in Assets and Liabilities for the agency fund is also included. These combining statements are additional supplementary information and not required by the Texas Education Agency (TEA). The sections labeled Required TEA Schedules and Federal Awards Section contain data used by

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

monitoring or regulatory agencies for assurance that the District is using the funds supplied in accordance/compliance with the terms of the grants.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The primary objective of the analysis is to show whether the District has improved as a result of this year's activities. The Statement of Net Position includes all of the District's assets and liabilities as well as deferred outflows and deferred inflows of resources, while the Statement of Activities includes all the revenues and expenses generated by the District's operations during the fiscal year. These financial statements apply the accrual basis of accounting used by most private sector companies.

All of the current year's revenues and expenses are taken into account regardless of when cash is paid or received. The District's revenues are divided into one of the following categories: (1) those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the District and grants provided by the U.S. Department of Education to assist children with disabilities or children from disadvantaged backgrounds, these revenues are categorized as program revenues. (2) Revenues provided by the taxpayers or by the TEA in equalization funding processes, these are categorized as general revenues. All the District's assets are reported whether they serve the current year or subsequent years. All liabilities are also reported regardless of when they will be paid, current or future years.

These two statements report the District's net position and its changes. The District's Net Position (the difference between the assets plus deferred outflows of resources and the liabilities plus deferred inflows of resources), provides one measure of the District's financial health. Over time, increases or decreases in the District's net position is an indicator of whether its financial health is improving. To fully assess the overall health of the District, nonfinancial factors such as changes in the District's average daily attendance, its property tax base and the condition of the facilities should be considered as well.

The District's government-wide net position has improved as evidenced by the increase in government-wide net position. However, the average daily attendance (ADA) continues to decline. Enrollment decline in the district has been driven by a combination of an increase charter school presence, declining birth rates and some population loss from new residential development occurring in the city of Brownsville but outside of district boundaries.

While the District's property tax base had increased in recent years, the state funding methodology minimizes the benefit of additional increases in taxable property. Foundation School Program state funding, which is the District's largest portion of state funding, is based on property value so as the property value increase the state funding will decrease. The Instructional Facilities Allotment and the eligible Debt Allotment also decrease with increases in property values.

The District's governmental activities are presented in the Statement of Net Position and the Statement of Activities. All of the District's basic services are reported as governmental activities; including instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services and general administration. Property taxes, tuition, fees, and state and federal grants finance these activities.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

Reporting the District’s Funds

Fund financial statements

The fund financial statements provide detailed information about the District’s most significant *funds* - not the District as a whole. Laws and Contracts require the District to establish funds to account for grants received. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes. The District’s Administration establishes many other funds to help it control and monitor activities.

- *Governmental funds* - Most of the District’s basic services are included in governmental funds. The funds use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and they report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District’s general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the governmental fund financial statements. All of the District’s activities for its governmental funds are reported in Exhibits C-1 and C-3.

- *Proprietary funds* - Services for which the District charges users/customers a fee. Proprietary funds, like the government-wide statements provide both long-term and short-term financial information. There are two types of Proprietary Funds, Enterprise Funds and Internal Service Funds. Currently, the District does not have any Enterprise Funds. The District, however, does have two (3) Internal Service Funds. They are Funds 753 & 754-Self-Funded Insurance(United Health Care for claim runoffs) & (Blue Cross Blue Shield) and Fund 792-Self Funded Workers Compensation. We use Internal Service funds to report activities that provide supplies and services for the District’s other programs and activities. The District’s combined activities for its Internal Service Funds are reported in Exhibits D-1, D-2 and D-3. These activities are also reported individually for each Internal Service Fund in Exhibits H-3, H-4 and H-5.

The District as Trustee

Reporting the District’s Fiduciary Responsibilities

The District is the trustee, or *fiduciary*, for certain funds. One example is for money raised by student activities. Money raised by student activities is recorded within the District’s Agency Funds. The District is also responsible for other assets that because of a trust arrangement can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in the funds are used for their intended purposes. All of the District’s fiduciary activities are reported in Exhibit E-1, Statement of Fiduciary Net Position and Exhibit E-2, Statement of Changes in Fiduciary Fund Net Position. We exclude these resources from the District’s government-wide financial statements because the District cannot use the resources to finance its operations.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As mentioned earlier, Net Position is one indicator of a government’s financial position. In the case of Brownsville ISD, the District’s assets and deferred outflows exceeded liabilities and deferred inflows by \$226,527,471 for the year ended June 30, 2022.

The District’s net position is comprised of the following elements as illustrated in Table 1.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

**Table 1
Brownsville Independent School District
Net Position**

	Governmental Activities 2022	Governmental Activities 2021
Current and Other Assets	343,245,143	298,874,483
Capital Assets	420,719,798	422,667,112
Total Assets	<u>763,964,941</u>	<u>721,541,595</u>
Deferred Charge for Refunding	6,025,142	7,934,633
Deferred Resource Outflow Related to TRS OPEB	23,439,594	18,472,058
Deferred Outflow Related to TRS	32,607,663	47,071,002
Total Deferred Outflows of Resources	<u>62,072,399</u>	<u>73,477,693</u>
Long-Term Liabilities	315,857,744	420,504,316
Other Liabilities	83,064,156	74,537,673
Total Liabilities	<u>398,921,900</u>	<u>495,041,989</u>
Deferred Resource Inflow Related to TRS OPEB	121,728,362	120,532,957
Deferred Inflow Related to TRS	78,859,607	28,481,633
Total Deferred Inflows of Resources	<u>200,587,969</u>	<u>149,014,590</u>
Net Position:		
Net Investment in Capital Assets	308,706,670	290,684,615
Restricted	26,576,300	31,166,205
Unrestricted	(108,755,499)	(170,888,111)
Total Net Position	<u>226,527,471</u>	<u>150,962,709</u>

At approximately 136% of total net position, Net Investment in Capital Assets is the largest portion of the District's net position. This is where the District reflects land, furniture, equipment and vehicles, net of accumulated depreciation and any related debt. The District uses these Capital Assets to provide services to its students, teachers and staff. These assets are not readily available for spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

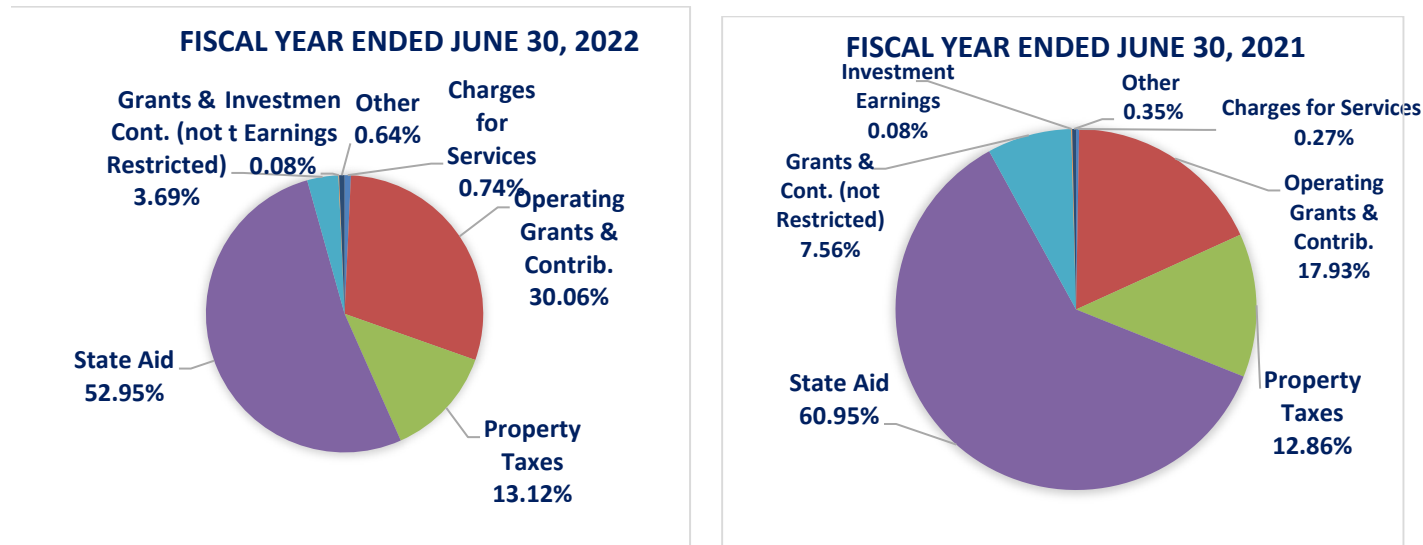

Restricted net position makes up 11.73% of total net position. It represents balances for which external constraints have been placed and includes balances for debt service, capital projects, grants and campus activities.

Unrestricted net position is the portion of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements and it represents about 48% of total net position.

Changes in Net Position

The District’s revenue sources for fiscal year 2022 and fiscal year 2021 are illustrated in the Chart below. State Aid made up the largest portion of the revenue, followed by Operating Grants & Contributions, and then by Property Taxes.

District Sources of Revenue

The District’s changes in net position for the fiscal years ended in June 30, 2022 and 2021 are summarized on Table 2. As shown on the District’s Statement of Activities, the net position of the District’s governmental activities increased by \$74,390,631 for the fiscal year ended June 30, 2022.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

The District’s total Governmental Activities Revenues are \$607,288,684 a 5.52% increase of \$31,788,557 from the prior year. The largest increases were in Operating Grants & Contributions a 76.89% increase but in State Aid – Formula Grants, a 8.31% decrease was caused due to decrease in enrollment and attendance.

The expenses for governmental activities totaled \$532,898,053 a 0.34% decrease of \$1,828,301 from the prior year. The largest decreases were in Instruction and Media Services, a 5.31% decrease and in Student Support, a 8.02% decrease that was caused due to reclassification of expenditures to ESSER funds.

THE DISTRICT’S FUNDS

As the District completed the year ended June 30, 2022, its governmental funds (as presented in the Balance Sheet) reported a combined fund balance of \$248,127,576. Included in this year’s \$31,675,479 total increase in fund balance is an increase of \$31,744,879 in the District’s General Fund and a decrease of \$69,400 in the Debt Service Fund

Total Revenues in the General Fund decreased \$5,785,782, a 1.21% change from FY 2021 to 2022.

- Total Local and Intermediate Sources Revenue increased \$2,306,532. This is a result of an increase in property taxes and interest income.
- State Program Revenues decreased \$32,090,076. This is a result of a decrease in enrollment and attendance.
- Federal Program Revenues increased \$23,997,762. This is a result of an increase in the Food Services lunch and breakfast programs that were back to normal operations.

Total Expenditures in the General Fund decreased \$16,037,600 as compared to the previous year. The decrease is due mostly to the reclassification to ESSER funds.

The Fund Balance of the General Fund increased \$31,744,879 from the prior year, primarily due to revenues being slightly higher but the total expenses were lower due to the assistance from ESSER funds and return to almost normal operations.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, The School Board of Trustees amended the District’s budget several times. All budget amendments are categorized into four areas: (1) Carryover Funding, (2) New/Additional Funding, (3) Categorical Fund Balance, and (4) Reallocation.

The revenue in the final amended budget in the General Fund was increased \$3M from the adopted budget, however actual revenue came in \$18M lower than the amended budget due to the decreasing in enrollment and attendance. The expenditures were reclassified to the Federal ESSER grant.

Expenditures in the General Fund were \$49.1M higher than appropriations in the adopted budget and \$109.5M less than the board approved final amended budget. The variance in expenditures was due to the reclassification of expenditure to ESSER fund.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District had investments of \$420,719,798 net of depreciation, in a broad range of capital assets, including land, buildings and improvements, furniture and equipment, and vehicles. This amount represents a net decrease (including additions, deductions, and depreciation) of \$1,947,314 over last year. (See Table 3) Refer to Note E in section IV of the Notes to the Financial Statements for more detailed information on capital assets.

	Governmental Activities 2022	Governmental Activities 2021
Land	\$ 28,837,353	\$ 28,837,353
Buidlings and Improvements	356,470,409	353,664,115
Furniture, Equipment	13,169,005	12,301,817
Vehicles	3,965,601	10,448,440
Right-to-Use Leased Assets, Net	9,722,793	-
Construction In Progress	8,554,637	17,415,387
Net Capital Assets	\$ 420,719,798	\$ 422,667,112

DEBT

As of June 30, 2022, the District had \$81,352,800 in bonds outstanding (the “Bonds”). The Obligations have been rated “Aaa” by Moody’s Investors Service, Inc. and “AAA” by Fitch Ratings by virtue of the Permanent School Fund Guarantee Program of Texas. The Obligations have been rated “Aa3” by Moody’s and “AA-“ by Fitch without regard to credit enhancement.

Other District long-term obligations include compensated absences and capital leases. More detail information about the District’s long-term liabilities is presented in Notes F and G under the Notes to the Financial Statements and in the Supplemental Schedules No. 14 , 15 , 16, and 17 of the Statistical Section.

The District has adopted Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions. GASB Statement No. 68 requires school districts to report their portion of the unfunded (liability) or overfunded (asset) pension of the Teacher Retirement System of Texas pension plan. The District has participated in the Teacher Retirement System of Texas pension plan for years. With the implementation of GASB Statement No. 68, the costs and obligations of the state (on-behalf contributions) and the District related to the Teacher Retirement System of Texas pension plan are intended to be more transparent.

The District has adopted Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB). GASB Statement No. 75 requires school districts to report their portion of the unfunded (liability) or overfunded (asset) of the Teacher Retirement System of Texas OPEB plan. The District has participated in the Teacher Retirement System of Texas OPEB plan

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

for years. With the implementation of GASB Statement No. 75, the costs and obligations of the state and the District related to the Teacher Retirement System of Texas OPEB plan are intended to be more transparent.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES

The District’s assessed property tax value for the 2022-2023 fiscal year is \$6,980,445,827 compared to the assessed value in the 2021-2022 fiscal year of \$6,890,412,969 which translates to a property value appreciation of \$90,032,858 or .013%.

The budget for the 2022-2023 fiscal year was based on a projected ADA (Average Daily Attendance) of 32,428 a decrease of 2,182 from the prior year. The budget for the 2021-2022 fiscal year was based on a projected ADA of 34,610.

The District’s Programs and Services included in the General Fund are primarily supported by local and state sources of revenue. The General Fund revenue sources are presented below:

**Table 4
Brownsville Independent School District
Proposed 2023 General Fund Operating Revenue Budget**

	Proposed Budget 2022-2023
Local Sources	\$ 87,491,522
State Sources	320,749,351
Federal Sources	59,789,155
Total Operating Fund Revenues	\$ 468,030,028

The District, through its ongoing review process, has continued and will continue to assess all areas of the District’s operations.

The District recognizes and addresses the unique cultural lifestyle of South Texas with a broad selection of activities and programs for all students. These programs range from the Brownsville Early College High School to support programs for students with special needs. Limited English speaking students are served through the Bilingual or English as a Second Language program. The District has become a leader in the state by offering the designated Early College High School program to all seven BISD high schools. The Early College High School Program introduces college level learning to secondary students, with the opportunity to earn not only a high school diploma, but up to 60 college credit hours at no cost to the student or their families.

Brownsville ISD is committed not only to working with students, but also with the community as well. The district supports Campus Care Centers to serve the unmet medical needs of school age children and adolescents. Because no student deserves to go through the school day hungry, BISD features Community Eligibility Provision. This plan provides breakfast and lunch free of charge to all students regardless of income or ability to pay.

**BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

There is pride in the progress BISD has made in recent years with regard to state mandated testing. Better scores have translated into more seniors fulfilling degree requirements and graduating career-ready and college-connected. Academically, both the Southern Association of Colleges and Schools and the Texas Education Agency have accredited Brownsville public schools.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This annual comprehensive financial report is intended to provide our citizens, taxpayers, customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Chief Financial Officer, at 1900 E. Price Rd-Suite 305, Brownsville, Texas 78521-2417 or by calling (956) 698-0003.

BROWNSVILLE ISD
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
JUNE 30, 2022

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$ 248,127,576
1 The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. The net effect of this consolidation is to increase net position.	4,965,530
2 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$805,901,311 and the accumulated depreciation was (\$383,234,199). In addition, long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to decrease net position.	289,877,672
3 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2022 capital outlays and debt principal payments is to decrease net position.	41,839,850
4 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$32,607,663, a deferred resource inflow in the amount of \$78,859,607, and a net pension liability in the amount of \$61,825,490. This resulted in an increase (decrease) in net position.	(108,077,434)
5 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75. The net position related to TRS included a deferred resource outflow in the amount of \$23,439,594, a deferred resource inflow in the amount of \$121,728,362, and a net OPEB liability in the amount of \$135,183,661. This resulted in an increase (decrease) in net position.	(233,472,429)
6 The 2022 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.	(23,821,175)
7 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.	7,087,881
19 Net Position of Governmental Activities	\$ 226,527,471

The notes to the financial statements are an integral part of this statement.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

Total Net Change in Fund Balances - Governmental Funds	\$ 30,253,481
 The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The net income (loss) of internal service funds are reported with governmental activities. The net effect of this consolidation is to increase net position.	4,392,064
 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2022 capital outlays and debt principal payments is to decrease net position.	42,087,717
 Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.	(23,821,175)
 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, reclassifying the proceeds of bond sales, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to decrease net position.	(223,366)
 GASB 68 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the in ending net position to increase by \$10,650,097. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in the change in net position totaling \$8,710,332. Finally, the proportionate share of TRS pension expense on the plan as a whole had to be recorded. The net pension expense (increased) decreased the change in net position by \$(8,229,128). The net result is an increase (decrease) in the change in net position.	10,168,893
 GASB 75 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the in ending net position to increase by \$2,498,971. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net OPEB liability. This caused a decrease in the change in net position totaling \$2,123,890. Finally, the proportionate share of TRS pension expense on the plan as a whole had to be recorded. The net OPEB expense (increased) decreased the change in net position by \$(11,157,936). The net result is an increase (decrease) in the change in net position.	11,533,017
 Change in Net Position of Governmental Activities	<u>\$ 74,390,631</u>

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Brownsville Independent School District (the “District”) is a public educational agency operating under the applicable laws and regulations of the State of Texas. The Board of Trustees (“Board”), a seven-member group, has governance responsibilities over all activities related to educational services within the jurisdiction of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and it complies with the requirements of the appropriate version of Texas Education Agency’s *Financial Accountability System Resource Guide* (the “Resource Guide”) and the requirements of contracts and grants of agencies from which it receives funds.

Pensions. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS’s fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits. The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities, and additions to/deductions from TRS Care’s fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

A. REPORTING ENTITY

The Board is elected by the public and has the authority to make decisions, appoint administrators and managers, significantly influence operations of the district, and has the primary accountability for fiscal matters. The District is not included in any other governmental “reporting entity” as defined by the Governmental Accounting Standards Board (“GASB”) and there are no component units included within the reporting entity.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on the entire District’s nonfiduciary activities with the interfund activities removed. *Governmental activities* include programs supported primarily by grants, state foundation funds and other intergovernmental revenues.

The Statement of Activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs. The “charges for services” column include payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the District. The “grants and contributions” column includes amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function.

Examples include grants through the Department of Education, Department of Health & Human Services and Texas Education Agency. If revenue is not program revenue, it is general revenue used to support all of the District’s functions.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Interfund activities between governmental funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Net Position. All interfund transactions between governmental funds and between governmental funds and internal service funds are not eliminated on the government-wide statements.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The District considers some governmental funds major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues and expenses are nonoperating.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities, and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims, and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The District considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of property tax revenue. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

D. BASIS OF PRESENTATION - FUND ACCOUNTING

The District reports the following major governmental funds:

1. **General Fund** - is used to account for financial resources used for general operations. This is a budgeted fund and any fund balances are considered resources available for current operations. All revenues and expenditures not required to be accounted for in other funds, are accounted for in this fund.
2. **ESSER II CRRSA** – The funds are to be used to prevent, prepare for and respond to the COVID 19 pandemic, including its impact on the social, emotional, mental health, and needs of students.
3. **ESSER III ARP Act** - ESSER III American Rescue Plan is used to account for federal stimulus ESSER III funds granted to LEAs through the American Rescue Plan Act to address learning loss and the disproportionate impact of the coronavirus on certain student subgroups, identify and provide homeless children and youth with services in light of challenges of COVID-19, and to enable homeless children and youth to attend school and participate fully in school activities.

Additionally, the District reports the following fund type(s):

Governmental Funds:

1. **Debt Service Fund** - is used to account for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.
2. **Special Revenue Funds** - are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Normally, unused balances are returned to the grantor at the close of specified project periods.
3. **Capital Projects Fund** - is used to account for proceeds from long-term debt financing and revenues and expenditures related to authorized construction and other capital asset acquisitions.
4. **Permanent Funds** - is used to account for donations for which the donor has stipulated that the principal may not be expended and where the income may only be used for purposes that support the District's programs. The District has no permanent funds.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. BASIS OF PRESENTATION - FUND ACCOUNTING

Proprietary Funds:

1. ***Enterprise Funds*** - are used to account for those operations that are financed and operated in a manner similar to private business. The District has no enterprise funds.
2. ***Internal Service Funds*** - are used to account for revenues and expenses related to self-funded insurance and workers' compensation provided to employees within the District which are accounted for as internal service funds.

Fiduciary Funds:

1. ***Private Purpose Trust Funds*** - are used to account for scholarships, which have stipulations for the participants awarded; only the income may be used for a specific purpose.
2. ***Custodial Funds*** – BISD reports activity/motivational funds as fiduciary funds since the assets received are not derived from the District's own-source revenues, nor does the activity have involvement with grant sources. Grant sourced involvement is directly reported through special revenue accounts, and not through the activity/motivational funds. Assets received through fundraising are for the benefit of the District's students and staff members.

E. OTHER ACCOUNTING POLICIES

1. For purposes of the statement of cash flows, the District considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
2. Inventory is valued at cost (average). The District accounts for school supply and food inventories by using the consumption method whereby expenditures are recognized only when inventory items are used. Maintenance supplies inventory is accounted for by using the purchase method whereby purchases of inventories are recognized as expenditures when the goods are received, and the transaction is vouchered. Reported inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. Commodity inventory is offset by deferred revenue.
3. Other current assets are prepaid expenses that will benefit periods beyond June 30, 2022. The only prepaid expenses included are for unexpired insurance policy premiums paid by June 30, 2022, and which extend beyond that date. The reported prepaid insurance is equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.
4. In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. The District implemented GASB 87 for reporting leases during this reporting period. A right-to-use lease is defined as a contract that conveys control of another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction. To be accounted for as a lease, the lease must meet the definition of a "long-term" lease provided in GASB 87 and must meet the capitalization level set by the Board. The right-to-use lease liability is reported in the government wide statements and in proprietary fund statements. The lease liability is calculated as the present value of the reasonably certain expected payments to be made over the term of the lease and the interest included in the lease payment is recorded as an expense.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. OTHER ACCOUNTING POLICIES

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. With GASB 87, the initial measure of a new right-to-use lease arrangement is reported in governmental fund types as another source during the current period. Monthly payments are reported as principal and interest payments during the reporting period in the fund level statements.

5. Capital assets, which include land, buildings, vehicles, furniture & equipment, and construction in progress, are reported in the applicable governmental activities' columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire an asset with equivalent service potential at the acquisition date.

The right-to-use lease asset capitalization level is determined by the Board. The term of the lease must be the non-cancelable period during which the District has the right to use the tangible assets of another entity plus any periods in which either the lessee or the lessor has the sole option to extend the lease if it is reasonably certain the option will be exercised plus any periods in which either the lessee or the lessor has the sole option to terminate the lease if it is reasonably certain the option will not be exercised by that party and must not meet the definition of a short-term lease under GASB 87. If the lease is in a governmental fund, the full amount of the lease asset will be reported as an expenditure in the fund level statements the year the agreement is made. Note with existing contracts that were evaluated as leases for this year of implementation, the recording of the lease asset and liability would not be reported in governmental fund statements but would be reported in the government wide statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Buildings, vehicles, and furniture & equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings & Improvements	50
Vehicles	10
Furniture & Equipment	3-15

6. Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided are treated as revenues or expenditures. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.
7. When the District incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first unless unrestricted assets will have to be returned because they were not used.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. OTHER ACCOUNTING POLICIES

8. Accumulated compensatory absences that are expected to be liquidated with expendable available resources are reported as an expenditure and a liability in the Governmental Funds only if they have matured.
9. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District only has one item that qualifies for reporting in this category. It is deferred charged on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows or resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

10. Net position represents the differences between assets, deferred outflows (inflows) of resources and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
11. Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond and grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered applied. It is the District’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.
12. Sometimes the District will fund outlays for a particular purpose from both restricted (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. OTHER ACCOUNTING POLICIES

13. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.
- **Restricted:** This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- **Committed:** This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by board resolution by the Board. The Board's commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments cannot exceed the amount of fund balance that is greater than the sum of non-spendable and restricted fund balances since that practice would commit funds that the District does not have. Board commitments must occur before the end of the reporting period with amounts to be determined subsequently.
- **Assigned:** This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board, the Superintendent, or Superintendent's designee.
- **Unassigned:** This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

The order of spending and availability shall be to reduce funds from the listed areas in the following order: restricted, committed, assigned, and unassigned.

14. The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide*. The Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide data base for policy development and funding plans.

15. Compensated absences for the District consist of vacation days not taken during the year are not accumulated and carried over to subsequent years. Local sick leave is however, accumulated, but only paid to the employee upon retirement up to a maximum of 30 days. The estimated amount of sick leave expected to be paid at retirement during the year ended June 30, 2022, is \$810,323, and an accrual has been made. A liability for these amounts is reported in governmental funds only if they have matured, as a result of employee resignation and/or retirement.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net position for governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period and are not reported as liabilities in the funds. The details of capital assets and long-term debt at the beginning of the year were as follows:

Capital Assets at the Beginning of Year	Historic Cost	Accumulated Depreciation	Net Value at the Beginning of Year	Change in Net Position
Land	\$ 28,837,353	\$ -	\$ 28,837,353	
Buildings & Improvements	689,523,426	(335,859,311)	353,664,115	
Furniture & Equipment	35,809,233	(23,507,416)	12,301,817	
Vehicles	34,315,912	(23,867,472)	10,448,440	
Construction in Progress	17,415,387	-	17,415,387	
Change in Net Position				\$ 422,667,112
Long-Term Liabilities at the Beginning of Year			Payable at the Beginning of Year	
Bonds Payable			\$ (96,076,600)	
Less Deferred Charges			7,934,633	
Premiums/Discounts			(11,905,630)	
Notes Payable			(30,515,000)	
Capital Leases Payable			(1,419,900)	
Compensated Absences			(806,943)	
Change in Net Position				(132,789,440)
Net Adjustment to Net Position				\$ 289,877,672

Another element of the reconciliation on Exhibit C-2 is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. This adjustment is the result of several items. The details for this element are as follows:

	Amount	Adjustments to Changes in Net Position	Change in Net Position
Adjustments to Deferred Revenue			
FY 6/30/2022 Unearned Revenue - Property Taxes	\$ 7,087,881	\$ 7,087,881	
Total Capital Outlay			\$ 7,087,881

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

**II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS
(CONTINUED)**

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures, and changes in fund balances and the changes in net position of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both the net position balance and the change in net position. The details of this adjustment are as follows:

Current Year Capital Outlay	Amount	Adjustments to Changes in Net Position	Adjustments to Net Position
Buildings & Improvements	\$ 120,890	\$ 120,890	
Furniture & Equipment	6,463,769	6,463,769	
Vehicles	250,594	250,594	
Right-to-Use Leased Assets	2,188,940	2,188,940	
Construction in Progress	7,911,096	7,911,096	
Total Capital Outlay			<u>\$ 16,935,289</u>
<u>Debt Principal Payments</u>			
Bond Principal	14,723,800	14,723,800	
Less Deferred Charges	(1,909,491)	(1,909,491)	
Premium Amortization	2,871,923	2,871,923	
Note Principal	10,510,000	10,510,000	
Capital Lease Payments	1,148,516	1,148,516	
Other	(3,380)	(3,380)	
Total Principal Payments			<u>27,341,368</u>
Proceeds from Capital Lease	(2,188,940)	(2,188,940)	(2,188,940)
Net Adjustment to Net Position			<u><u>\$ 42,087,717</u></u>

Another element of the reconciliation on Exhibit C-4 is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. This adjustment is the result of several items. The details for this element are as follows:

	Amount	Adjustments to Changes in Net Position	Adjustments to Net Position
<u>Adjustments to Property Tax Revenue</u>			
FY 6/30/2020 Unearned Revenue - Property Taxes	\$ (7,311,247)	\$ (7,311,247)	\$ (7,311,247)
FY 6/30/2021 Unearned Revenue - Property Taxes	7,087,881	7,087,881	7,087,881
Total			<u><u>\$ (223,366)</u></u>

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY DATA

The Board of Trustees adopts an “appropriated budget” on a basis consistent with GAAP for the General Fund, Debt Service Fund and Child Nutrition Program (which is included in the General Fund). The District is required to present the adopted and final amended budgeted revenues and expenditures for these three funds. The General Fund Budget report is presented in Exhibit G-1 and the Child Nutrition Program Budget and Debt Service Fund Budget reports are presented in Exhibit J-2 and J-3, respectively.

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

1. Prior to June 20th the District prepares a budget for the next succeeding fiscal year beginning July 1st. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. Public notice of the meeting must be given at least ten days prior to the meeting.
3. Prior to July 1st, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end. During the year, the budget was amended as necessary.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure functions or object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year-end.
5. Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at June 30th, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year’s budget.

B. DEFICIT FUND EQUITY

At June 30, 2022, the Self Funded Insurance Fund (753) had a deficit fund balance of \$1,658,145. The District will be looking on making plan design changes to reduce costs, increase funding through a combination of employee/employer contributions and an infusion of funds. The District is and will continue monitoring its progress to ensure it maintains an acceptable or positive balance or complete elimination of this deficit.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The funds of the District must be deposited and invested under the terms of a contract, contents of which are set out in the **Depository Contract Law**. The depository bank places approved pledged securities for safekeeping and trust with counterparty's trust department in the District's name in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

At June 30, 2022, the carrying amount of the District's deposits, excluding fiduciary funds, was \$4,288,983 and the bank balance was \$5,721,931. The District's cash deposits at June 30, 2022 and during the year were covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name. The District monitors cash flows regularly when TEA funds are received to ensure that the bank pledges sufficient collateral.

District Policies and Legal Contractual Provisions Governing Deposits

Custodial Credit Risk for Deposits – State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the District complies with this law, it has no custodial risk for deposits.

Foreign Currency Risk for Deposits – The District limits the risk that changes in exchange rates will adversely affect the fair value of a deposit. At year-end, the District was not exposed to foreign currency risk.

District Policies and Legal Contractual Provisions Governing Investments

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. The policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit.

The Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. DEPOSITS AND INVESTMENTS

The District’s temporary investments at June 30, 2022, are shown below:

Investment Type	Investment Maturities (in years)					Weighted Average Maturity Days
	Fair Value	Less Than 1	1 to 5	6 to 10	More Than 10	
Texas Term Investment Pool	\$ 132,309,793	\$ 132,309,793	\$ -	\$ -	\$ -	108
Lone Star Investment Pool	55,770,742	55,770,742	-	-	-	1
TexPool	592,885	592,885	-	-	-	1
Texas Class/ MBIA	<u>14,557,033</u>	<u>14,557,033</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1</u>
Total	<u>\$ 203,230,453</u>	<u>\$ 203,230,453</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>111</u>

Additional policies and contractual provisions governing deposits and investments for the District are specified below:

Credit Risk – In accordance with state law and the District’s investment policy, investments in mutual funds and investment pools must be rated at least AAA or have an equivalent rating, commercial paper must be rated at least A-1, P-1 or have an equivalent rating, and obligations of states, agencies, counties, and cities must be at least A or its equivalent. As of June 30, 2022, the District’s investments in Lone Star Investment Pool were rated AAAM by Standard and Poor’s (S&P), TexPool was rated AAAM by Standard and Poor’s (S&P), Texas Term was rated AAAF by Fitch, and Texas Class/MBIA was rated AAAM by Standard and Poor’s Ratings Services.

Custodial Risk for Investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All investments held by third parties were fully collateralized and held in the District’s name.

Concentration of Credit Risk – The investment portfolio is diversified in terms of investment instruments and maturity scheduling to reduce risk of loss resulting from over concentration of assets in specific class of investments, specific maturity or specific issuer. The District had 100% of its investments in TASB investment pools rated AAA as noted above.

Interest Rate Risk – In accordance with state law and the District’s investment policy, the District does not purchase any investments greater than five (5) years for its operating funds.

Foreign Currency Risk for Investments – The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment. At year-end, the District was not exposed to foreign currency risk.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. DEPOSITS AND INVESTMENTS

Fair Value of Investments – The District categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below. In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The District's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The District measures its investments at fair value in accordance with Paragraph 41 of Statement 79 and Paragraph 11 of Statement 31, and therefore a participant's investment in the pools are not required to be categorized within the fair value hierarchy for purposes of Paragraph 81a(2) of Statement 72.

B. PROPERTY TAXES

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1st in conformity with Subtitle E, Texas Property Tax Code. The assessed value of the property tax roll on July 20, 2021, upon which the levy for the 2021-2022 fiscal year was based, as \$6,414,319,506. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1st of the year following the October 1st levy date. Taxes are delinquent if not paid by June 30th. Delinquent taxes are subject to both penalty and interest charges plus 15% delinquent collection fees for attorney costs.

The tax rates assessed for the year ended June 30, 2022 to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$1.039300 and \$0.135700 per \$100 valuation, respectively, for a total of \$1.1750 per \$100 valuation.

Current tax collections for the year ended June 30, 2022 were 95% of the year-end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of June 30, 2022, property taxes receivable of \$7,705,658 and \$823,306, net of estimated uncollectible taxes of \$231,170 and \$24,699, totaled \$7,474,488 and \$798,607 for the General and Debt Service Funds, respectively.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

C. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at June 30, 2022 consisted of the following individual fund balances:

	Due from Other Funds	Due to Other Funds
General Fund		
General Fund	\$ 7,225,043	\$ 7,225,043
ESSER II Fund	27,393,730	482,353
ESSER III Fund	5,583,100	73,254
Other Funds	24,177,152	748,132
Internal Service Funds	2,785,445	-
	67,164,470	8,528,782
 ESSER II Fund		
General Fund	482,353	27,393,730
ESSER III Fund	-	5,190,831
	482,353	32,584,561
 ESSER III Fund		
General Fund	73,254	5,583,100
ESSER II Fund	5,190,831	-
Other Funds	3,526,892	17,320,772
Internal Service Funds	-	10,709,012
	8,790,977	33,612,884
 Other Funds		
General Fund	748,132	24,177,152
ESSER II Fund	-	-
ESSER III Fund	17,320,772	3,526,892
Other Funds	-	-
	18,068,904	27,704,044
 Internal Service Funds		
General Fund	-	2,785,445

Internal Service Funds	700	700
	10,709,712	2,786,145
	\$ 105,216,416	\$ 105,216,416

Balances resulted from the time lag between dates that 1) interfund goods and services are provided and/or reimbursable expenditures occur, and 2) transactions are recorded in the accounting system, and 3) payments between funds are made. Balances also result from interfund payroll transactions and end of year reclasses made between funds. Balances between General Fund and Internal Service Funds are not expected to be repaid in one year.

F. LONG-TERM OBLIGATIONS

General Obligation Bonds – The District issues general obligations bonds for the governmental activities to refund a portion of the outstanding bonds of the District for debt services savings and to pay costs of issuance. General obligation bonds are direct obligations and the full faith and credit of the District. Current principal and interest requirements are payable solely from future revenues of the Debt Service Fund which consists principally of property taxes collected by the District, interest earnings, and State funds. Certain outstanding bonds may be redeemed at their par value prior to their normal maturity dates in accordance with the terms of the related bond indentures.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. LONG-TERM OBLIGATIONS

In September 17, 2020, the District issued \$12,175,000 Series 2020A and \$32,615,000 Series 2020B Unlimited Tax Refunding Bonds to retire a portion of the outstanding bonds for the Series 2013A and 2013B Unlimited Tax Refunding Bonds. The proceeds were deposited directly into an escrow trust account and invested in obligations of the United States Government with maturities that coincide with principal and interest due dates. The investments will be adequate to retire a portion amount of refunded bonds, which had a total face value of \$12,385,000 and \$33,155,000 respectively. As a result, the refunded portion of the bonds are considered to be defeased and the liabilities have been removed from the long-term liabilities of the District. The purpose of the refunding was to lower the overall service requirements of the District. The refunding decreased the total debt service requirements by approximately \$210,000 and \$540,000, respectively and resulted in a current economic gain of \$428,030 for 2020A and \$2,521,761 for 2020B.

The District has defeased general obligation in the current year by placing the proceeds of new bonds and the District’s own resources into irrevocable trust accounts to provide for all future debt service payments on the old bonds. Accordingly, those trust account assets and the liability for those defeased bonds are not included in the District’s financial statements. At June 30, 2022, \$14,925,000 of defeased bonds remain outstanding, which includes \$7,325,000 and \$7,600,000 for Unlimited Tax Refunding Bonds, Series 2013A and 2013B, respectively.

The District has never defaulted on any principal and interest payments. There are a number of limitations and restrictions contained in the general obligation bond indentures. Management has indicated that the District is in compliance with all significant limitation and restrictions at June 30, 2022.

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending June 30,	Bonds Payable		Total
	Principal	Interest	Requirements
2023	\$ 15,293,800	\$ 3,837,486	\$ 19,131,286
2024	15,883,800	3,247,936	19,131,736
2025	14,423,800	2,767,336	17,191,136
2026	13,818,800	2,100,091	15,918,891
2027	14,273,800	1,644,366	15,918,166
2028-2032	7,658,800	1,387,116	9,045,916
Totals	\$ 81,352,800	\$ 14,984,331	\$ 96,337,131

Notes Payable – The District issued notes payable for governmental activities to provide funds for the renovations to existing facilities. The notes were issued pursuant to the Constitution and general laws of the State of Texas, including Sections 45.108 and the Texas Education Code, as amended. The Notes are a direct obligation of the District, payable from and secured by ad valorem taxes levied by the District for maintenance purposes, within the limits prescribed by law, against all taxable property located within the District.

I. CONTINGENT LIABILITIES

The District participates in a number of grant programs funded by State and Federal Agencies. These programs are subject to compliance audits by the grantor agencies or their representatives.

Audits of all of these programs for the year ended June 30, 2022 have not been conducted. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District is involved in various legal proceedings arising from its operations, including investigations into alleged misconduct by certain employees. The ultimate resolution of these matters is pending. Management, in consultation with its attorneys, believes that the outcome of these pending matters will not have a material adverse effect on the District's financial statements or compliance.

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

J. DEFINED BENEFIT PENSION PLAN

Plan Description. The District participates in a cost-sharing multiple-employer defined benefit pension plan that has a special funding situation. The plan is administered by the Board of Trustees of the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS provides retirement, disability, and death benefits. Membership in the plan includes all employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempt from membership under Texas Government Code, Title 8, Section 822.002. The pension benefits are established or amended under the authority of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8, Subtitle C. The Board of Trustees does not have the authority to establish or amend benefits.

State law requires the plan to be actuarially sound in order for the Legislature to consider a benefit enhancement, such as supplemental payment to the retirees. The pension became actuarially sound I May 2019 when the 86th Texas Legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers, and active employees for the fiscal years 2019 through 2024.

Contributions. Contribution requirements are established or amended pursuant to the following state laws: Article 16, Section 67 of the Texas Constitution requires the Texas Legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the System during the fiscal year Texas Government Code Section 821.006 prohibits benefit improvements if it increases the amortization period of TRS' unfunded actuarial liability to greater than 31 years or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the plan during the fiscal year reduce by the employer contributions. Employers (including public schools) are required to pay the employer contribution rate in the following instances: On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code. During a new member's first 90 days of employment. When any part or all of an employee's salary is paid by federal funding sources or a privately sponsored source.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

J. DEFINED BENEFIT PENSION PLAN

In addition to the employer contributions listed above, employers are required to pay surcharges in the following cases: All public schools, charter schools and regional education service centers must contribute 1.6 percent of the member’s salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025. The surcharge for fiscal year 2022 is 1.7 percent. When employing a retiree of the Teacher Retirement System the employer shall pay an amount equal to the member contribution and the state contribution as an employment after retirement surcharge.

The following table shows contribution rates by type of contributor for the fiscal years 2021 and 2022.

	Contribution Rates	
	2021	2022
Member	7.70%	8.00%
Non-Employer Contributing Entity (State)	7.50%	7.75%
Employers	7.50%	7.50%
Current fiscal year employer contributions		\$ 12,309,894
Current fiscal year member contributions		\$ 24,822,364
2021 measurement year NECE on-behalf contributions		\$ 16,808,980

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

Net Pension Liability

Components of the net pension liability of the plan as of August 31, 2021 are disclosed below: (From TRS Annual Comprehensive Financial Report 2021, p. 86.)

Components of Liability	Amount
Total Pension Liability	\$ 227,273,463,630
Less: Plan Fiduciary Net Pension	(201,807,002,496)
Net Pension Liability	\$ 25,466,461,134
Net Pension as a Percentage of Total Pension Liability	88.79%

Actuarial Assumptions.

Roll Forward - The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the total pension liability to August 31, 2021.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

J. DEFINED BENEFIT PENSION PLAN

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three-year period ending August 31, 2017 and were adopted in July 2018.

The post-retirement mortality rates were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables with full generational projection using the ultimate improvement rates from the most recently published projection scale ("U-MP"). The active mortality rates were based on 90 percent of the RP 2014 Employee Mortality Tables for males and females, also with full generational mortality.

The long-term expected rate of return on pension plan investments is 7.25 percent. The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The following table discloses the assumptions that were applied to this measurement period. (From TRS Annual Comprehensive Financial Report 2021, p. 87.)

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.25%
Long-term Expected Rate	7.25%
Municipal Bond Rate as of August 2019	1.95% - Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity index's "20-Year Municipal GOAA Index."
Last year ending August 31 in Projection Period (100 years)	2120
Inflation	2.30%
Salary Increases	3.05% to 9.05% including inflation
Ad hoc Post-Employment Benefit Changes	None

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the TRS actuarial valuation report dated November 9, 2020.

Discount Rate. A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

J. DEFINED BENEFIT PENSION PLAN

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2021, are presented in the following table from the TRS Annual Comprehensive Financial Report for 2021, p. 53.

Asset Class	Target Allocation*	Long-Term Expected Arithmetic Real Rate of Return**	Expected Contribution to Long- Term Portfolio Returns
Global Equity			
U.S.	18.00%	3.60%	0.94%
Non-U.S. Developed	13.00%	4.40%	0.83%
Emerging Markets	9.00%	4.60%	0.74%

J. DEFINED BENEFIT PENSION PLAN

Discount Rate Sensitivity Analysis. The following table presents the District's net pension liability of the plan using the discount rate of 7.25 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Proportionate share of the net pension liability:	\$135,098,508	\$61,825,490	\$2,378,831

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the District reported a liability of \$61,825,490 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 61,825,490
State's proportionate share that is associated with the District	100,308,780
Total	\$ 162,134,270

The net pension liability was measured as of August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2020 rolled forward to August 31, 2021. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net pension liability was 0.2427722076%, which was a decrease of 0.0127186603% from its proportion measured as of August 31, 2020.

Changes In Actuarial Assumptions Since the Prior Actuarial Valuation - There were no changes in assumptions since the prior measurement date.

Changes In Benefits - There were no changes in benefits.

For the year ended June 30, 2022, the District recognized pension expense of \$882,226 and revenue of \$401,022 for support provided by the State in the Government Wide Statement of Activities.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

J. DEFINED BENEFIT PENSION PLAN

At June 30, 2022, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources: (The amounts shown below will be the cumulative layers from the current and prior years combined.)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual actuarial experiences	\$ 103,463	\$ 4,352,563
Changes in actuarial assumptions	21,854,103	9,526,515
Differences between projected and actual investment earnings	-	51,839,870
Changes in proportion and differences between the employer's contributions and the proportionate share of contributions	-	13,140,659
Contributions paid to TRS subsequent to the measurement date	10,650,097	-
Total as of fiscal year-end	\$ 32,607,663	\$ 78,859,607

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to pensions will be recognized by the District in pension expense as follows:

	Pension Expense Amount
Fiscal year ended June 30,	
2023	\$ (11,454,484)
2024	(11,134,172)
2025	(14,608,815)
2026	(17,632,187)
2027	(1,663,216)
Thereafter	(409,167)

K. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Plan Description. The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined other post-employment benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052.

OPEB Plan Fiduciary Net Position. Detailed information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

K. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Components of the net OPEB liability of the TRS-Care plan as of August 31, 2021 as presented in the TRS 2021 ACFR (p. 76) are as follows:

Components of Liability	Amount
Total OPEB Liability	\$ 41,113,711,083
Less: Plan Fiduciary Net Pension	(2,539,242,470)
Net OPEB Liability	\$ 38,574,468,613
Net Pension as a Percentage of Total OPEB Liability	
	6.18%

Benefits Provided. TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers, and other educational districts who are members of the TRS pension system. Eligible non-Medicare retirees and their dependents may pay premiums to participate in the high-deductible health plans. Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system.

The General Appropriations Act passed by the 86th Legislature included funding to maintain TRS Care premiums at their current level through 2021. The 86th Legislature also passed SB 1682 which requires TRS to establish a contingency reserve in the TRS-Care fund equal to 60 days of expenditures. This amount is estimated at \$271,311,000 as of August 31, 2021. The premium rates for retirees are presented in the following table:

TRS-Care Monthly Premium Rates		
	Medicare	Non-Medicare
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions. Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and participating employers based on active employee compensation. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

At the inception of the plan, funding was projected to last 10 years through fiscal year 1995. The original funding was sufficient to maintain the solvency of the fund through fiscal year 2000. Since that time, appropriations and contributions have been established to fund the benefits for each successive biennium.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

K. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Texas Insurance Code, Section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65% of salary. Section 1575.204 establishes a public school contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the employer. The actual public school contribution rate is prescribed by the Legislature in the General Appropriations Act which is 0.75% of each active employee's pay for fiscal year 2021. The following table shows contributions to the TRS-Care plan by type of contributor.

	Contribution Rates	
	<u>2021</u>	<u>2022</u>
Member	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/Private Funding Remitted by Employers	1.25%	1.25%
Current fiscal year employer contributions	\$	2,947,522
Current fiscal year member contributions	\$	2,029,350
2021 measurement year NECE on-behalf contributions	\$	3,668,041

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employers hire a TRS retiree, they are required to pay to TRS-Care, a monthly surcharge of \$535 per retiree.

A supplemental appropriation was authorized by Senate Bill 1264 of the 86th Texas Legislature to provide \$2,208,137 for fiscal year 2020 and \$3,312,206 for fiscal year 2021, for consumer protections against medical and health care billing by certain out-of-network providers. Funding was in fiscal year 2021.

Actuarial Assumptions. The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the total OPEB liability to August 31, 2021.

In addition to the demographic assumptions: salary increases and inflation rates used for members of TRS are identical to the assumptions employed in the August 31, 2021 annual pension actuarial valuation.

The rates of mortality, retirement, termination, and disability incidence are identical to the assumptions used to value the pension liability of the Teacher Retirement System of Texas (TRS). The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2018.

Election Rates for Normal retirement - 65 percent participation rate prior to age 65 and 40 percent participation rate after age 65. Election Rates for pre-65 Retirees - 25 percent are assumed to discontinue coverage at age 65.

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

K. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Valuation Date	August 31, 2020 Rolled Forward to August 31, 2021
Actuarial Cost Method	Individual Entry-Age Normal
Inflation	2.30%
Single Discount Rate	1.95% as of August 31, 2021
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05% - 9.05% including inflation
Ad-hoc Post Employment Benefit Changes	None

The initial medical trend rates were 8.50 percent for Medicare retirees and 7.10 percent for non-Medicare retirees. There was an initial prescription drug trend rate of 8.50 percent for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25 percent over a period of 12 years.

Discount Rate. A single discount rate of 1.95 percent was used to measure the total OPEB liability. This was a decrease of .38 percent in the discount rate since the previous year. The Discount Rate can be found in the 2021 TRS ACFR on page 77. Because the plan is essentially a "pay-as-you-go" plan, the single discount rate is equal to the prevailing municipal bond rate.

Sensitivity of the Net OPEB Liability:

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (0.95%)	Discount Rate (1.95%)	1% Increase in Discount Rate (2.95%)
Proportionate share of the Net OPEB liability	\$ 163,062,645	\$ 135,183,661	\$ 113,241,994

Healthcare Cost Trend Rates Sensitivity Analysis. The following presents the Net OPEB Liability of the plan using the assumed healthcare cost trend rate, as well as what the Net OPEB Liability would be if it were calculated using a trend rate that is one-percentage point lower or one-percentage point higher than the assumed healthcare cost trend rate.

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Proportionate share of Net OPEB liability	\$ 109,494,286	\$ 135,183,661	\$ 169,652,422

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

K. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. At June 30, 2022, the District reported a liability of \$135,183,661 for its proportionate share of the TRS’s Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the Net OPEB liability, the related State support, and the total portion of the Net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 135,183,661
State's proportionate share that is associated with the District	<u>181,115,980</u>
Total	<u><u>\$ 316,299,641</u></u>

The Net OPEB Liability was measured as of August 31, 2021 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer’s proportion of the Net OPEB Liability was based on the employer’s contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At August 31, 2021 the employer’s proportion of the collective Net OPEB liability was 0.3504485381% which was a decrease of 0.0255776817% from its proportion measured as of August 31, 2020.

Changes in Actuarial Assumptions Since the Prior Actuarial Valuation – The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the total OPEB liability.

Changes in Benefit Terms: There were no changes in benefit terms since the prior measurement date.

For the year ended June 30, 2022, the District recognized OPEB expense of \$(15,718,609) and revenue of \$(6,684,563) for support provided by the State.

At June 30, 2022, the District reported its proportionate share of the TRS’s deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual actuarial experiences	\$ 5,820,297	\$ 65,438,349
Changes in actuarial assumptions	14,973,178	28,588,842
Differences between projected and actual investment earnings	146,766	-
Changes in proportion and differences between the employer's contributions and the proportionate share of contributions	382	27,701,171
Contributions paid to TRS subsequent to the measurement date	<u>2,498,971</u>	<u>-</u>
Total as of fiscal year-end	<u><u>\$ 23,439,594</u></u>	<u><u>\$ 121,728,362</u></u>

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

K. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to OPEBs will be recognized by the District in OPEB expense as follows:

Fiscal year ended June 30,	OPEB Expense Amount
2023	\$ (18,149,621)

Health Care Coverage

Medicare Part D. Federal legislation enacted in January 2006 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. As a result, this provision allows for the Texas Public School Retired Employee Group Program (TRS-CARE) to receive drug subsidy payments from the federal government to offset pharmacy claims paid by TRS-CARE on behalf of plan participants. GASB Statement No. 24 requires recognition of these on-behalf payments in the financial statements. Medicare Part D payments made on behalf of the District's participants for the years ended June 30, 2022, 2021 and 2020 were \$1,353,086, \$1,353,086, and \$1,325,866 respectively.

L. RISK MANAGEMENT

During the fiscal year ended June 30, 2022 the District sponsored a self-funded insurance plan to provide health care benefits to employees and their dependents. The District paid premiums of \$580 per month per employee to the Fund. Total employee contributions are required for coverage of dependents.

In accordance with state statute, the District was protected against unanticipated catastrophic individual stop-loss coverage carried through Health Care Service Corporation, a commercial insurer licensed or eligible to do business in Texas in accordance with the Texas Insurance Code. The District's current stop-loss policy is in effect from January 1, 2022 to December 31, 2022. Stop-loss coverage was in effect for individual claims exceeding \$350,000.

The contract between the Brownsville Independent School District and the licensed insurer is renewable, and terms of coverage and premium costs are included in the contractual provisions. The latest financial statements available for Health Care Service Corporation are filed with the Texas State Board of Insurance, Austin, Texas, and are public records. The following is a summary of the changes in the balances of claims liabilities for the year ended June 30, 2022.

	2022	2021
Unpaid claims, beginning of the year	\$ 5,071,149	\$ 4,135,838
Incurred claims (including IBNRs)	55,365,960	39,524,949
Claim payments	(52,117,378)	(38,589,638)
Unpaid claims, end of the year	\$ 8,319,731	\$ 5,071,149

IV. DETAILED NOTES ON ALL FUNDS (CONTINUED)

L. RISK MANAGEMENT

Worker's Compensation Coverage

For the year ended June 30, 2022, the District met its statutory worker's compensation obligations through participation in a Self-Funded Worker's Compensation Plan with TRISTAR Risk Management as the TPA (Third Party Administrator). This plan is authorized by Article 8309, Vernon's Annotated Texas Statutes. The District provides statutory worker's compensation benefits to its employees.

The District's and TRISTAR Risk Management are protected against higher than expected claims costs through the purchase of stop loss coverage for any claim in excess of the self-insured retention of \$450,000. For the year ended June 30, 2022, the fund purchased excess stop loss coverage from Midwest Employers Casualty Company. The fund uses an independent actuary to determine reserve adequacy and fully funds those reserves.

As of June 30, 2022, the District has reserved for estimated claims incurred, but not reported that do not exceed the required reserves. The liability reported at June 30, 2022 is based on the requirements of Governmental Accounting Standards Board No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred as of the date of the financial statements, and the amount of loss can be reasonably estimated. These liabilities include an amount for claims that have been incurred but not reported. Because actual claim liabilities depend on complex factors such as inflation, changes in legal doctrines, and damage awards, the process used in computing the liability does not necessarily result in an exact amount.

	2022	2021
Beginning claims liability	\$ 562,110	\$ 287,820
Adjustment	-	(248,118)
Current year claims & changes in estimates	653,588	894,854
Claim payments	(588,701)	(372,446)
Ending claims liability	\$ 626,997	\$ 562,110

M. CONSTRUCTION COMMITMENTS

At June 30, 2022, the District had the following construction commitments:

	Estimated Project Cost	Expended Through June 30, 2022	Amount Committed
<u>Projects</u>			
Intercom System Replacement Project District-Wide	\$ 3,255,000	\$ 1,602,869	\$ 1,815,963

N. UNEARNED REVENUE

Unearned revenue at year-end consisted of the following:

Description	General Fund	Other Funds	Total
Food Service Receipts	\$ 873,598	\$ -	\$ 873,598
BISD - Fundraiser	8,327	-	8,327
Special Revenue Grants	-	1,751,306	1,751,306
Total Unearned Revenue	<u>\$ 881,925</u>	<u>\$ 1,751,306</u>	<u>\$ 2,633,231</u>

O. USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and/or disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

P. SHARED SERVICES AGREEMENTS

The District is the fiscal agent for a Shared Service Arrangement (“SSA”), which provides special education services to the member districts listed below. The member districts provide the funds to the fiscal agent, who provides all services. According to guidance provided in TEA’s Resource Guide, the District has accounted for fiscal agent’s activities of the SSA in a special revenue fund and will be accounted for using Model 3 in the SSA section of the Resource Guide. Expenditures of the SSA are summarized below:

Member Districts	Expenditures
Harlingen CISD	\$ 81,250
IDEA Public Schools	27,500
La Feria ISD	26,250
Los Fresnos CISD	10,000
Lyford CISD	22,500
Point Isabel ISD	6,250
Raymondville ISD	37,500
Rio Hondo ISD	12,500
San Benito CISD	78,750
Southwest Winners Foundation, Inc.	12,500
Student Alternatives Program Inc.	5,000
Totals	<u>\$ 320,000</u>

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

R. PRIOR PERIOD ADJUSTMENT

General fund adjustments to fund balance during FY 2021-2022 are the correction of coding for reclassified expenditures and closing of receivables for revenues that did not materialize. Adoption of GASB 84 required a prior period adjustment of \$798,747 in the special revenue funds. Additionally, the District had a prior period adjustment of \$247,867 to adjust the beginning balances for accumulated depreciation due to an understatement in the prior year. The net effect of these adjustments is to increase the District's net position.

Description	General Fund	Other Nonmajor Funds	Governmental Activities	Total
To correct coding error on reclassification	\$ 1,023,971	\$ -	\$ -	\$ 1,023,971
To close out receivables for revenues that never materializes	(400,720)	-	-	(400,720)
To record fund balance in special revenue fund	-	798,747	-	798,747
Total per Exhibit C-3	<u>623,251</u>	<u>\$ 798,747</u>	<u>-</u>	<u>1,421,998</u>
To adjust beginning balances in accumulated depreciation	<u>-</u>	<u>-</u>	<u>(247,867)</u>	<u>(247,867)</u>
Total per Exhibit B-1				<u>\$ 1,174,131</u>

* Gross Debt

Sources:

A - Municipal Advisory Council of Texas

B - Brownsville Independent School District - Finance Department

The method used to determine the percentage of overlapping debt is estimated using the property market values. These percentages are estimated by the portion of the overlapping taxing authority's market value contained within the District's boundaries and dividing it by the overlapping taxing authority's total market value

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT

MISCELLANEOUS STATISTICS

The Brownsville Independent School District has, as part of its efforts to serve all of its students, expanded its educational off campus to serve specific student needs. Some off campus educational programs are staffed with District teachers and teacher assistants.

As of June 30, 2022, it included such programs as follows:

Adult Continuing Education

BISD Adult Education is a department of Brownsville Independent School District and the fiscal agent for Cameron County Co-op, which includes Los Fresnos, Port Isabel, Rio Hondo, San Benito, Santa Rosa and Santa Maria. BISD Adult Education provides services to a multicultural population who are educationally and economically and educationally disadvantaged adults, 17 years and older.

Brownsville Academic Center (BAC)

The BISD Brownsville Academic Center is an alternative education program which has as its goal to provide a meaningful educational experience for assigned students in grades sixth to twelfth in a well disciplined environment that provides consistency, structure, intense academics, and supportive related services so that each student will grow intellectually, socially, emotionally, and psychologically. Upon exiting the program, BISD BAC students will be effective communicators, competent problem solvers, self-directed learners, and responsible citizens.

Brownsville Learning Academy (BLA)

The BISD Brownsville Learning Academy is an alternative educational program that offers academic options for students who want to complete the necessary requirements for obtaining a high school diploma. The BLA is a competency-based learning system with flexible scheduling for young adults who are not successfully completing a traditional high school program. The student's commitment and desire to earn a high school diploma, combined with a caring, positive learning climate, determines the student's degree of success.

Juvenile Justice Alternative Education Programs (JJAEP)

Cameron County Juvenile Probation is required by state law to provide a Juvenile Justice Alternative Education Program (J.J.A.E.P.) to those students who have been expelled by one of the schools in Cameron County and who have been adjudicated, or are pending adjudication, as a delinquent by a juvenile court. In addition, the school districts may, in its discretion, order or, by agreement, refer students who continue to have serious and persistent misbehavior.

Lincoln Park School

Lincoln Park School is a "school of choice" alternative high school. The school serves sixth to twelfth grade students from all middle and high schools in BISD. A variety of programs are offered that meet the individual needs of students in the Teen Parenting Accelerated Program (TPAP). Lincoln Park School has a day care center for birth – 17 month old babies for the enrolled teen parents. The primary goal is to provide an opportunity for teen-aged parents to obtain a high school diploma and develop work skills in their area of interest. The school operates differently from traditional high schools, because of the individualized, self-paced, performance based, accelerated curriculum.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Trustees
Brownsville Independent School District
Brownsville, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Brownsville Independent School District (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 17, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees
Brownsville Independent School District
Brownsville, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Brownsville Independent School District's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

765 East 7th Street / Brownsville, Texas 78520
Phone (956) 544-7778 Fax (956) 544-8465
Email: ccascos@cascoscpa.com

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

² Total Special Education Cluster (IDEA) - \$ 9,716,209

BROWNSVILLE INDEPENDENT SCHOOL DISTRICT
 NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
 FOR THE YEAR ENDED JUNE 30, 2022

1. GENERAL

The Schedule of Expenditures of Federal Awards presents the activity of all applicable federal award programs of Brownsville ISD. The District's reporting entity is defined in Note I of the financial statements. Federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on the Schedule of Expenditures of Federal Awards.

In accordance with TEA instructions, federal funds for the School Health and Related Services (SHARS) have been excluded from the Schedule of Expenditures of Federal Awards.

Federal funds for R.O.T.C, the Child Nutrition Cluster, the Child and Adult Care Food Program, School Health and Related Services (SHARS), Medicaid Administrative Claims (MAC), and revenues for indirect costs are reported in the General Fund. All other federal programs are accounted for and reported in Special Revenue Funds.

2. BASIS OF ACCOUNTING AND PRESENTATION

The Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting. The District's significant accounting policies, including the modified accrual basis of accounting, are presented in Note 1 of the basic financial statements.

The Schedule of Expenditures of Federal Awards is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some of the amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

3. PASS-THROUGH EXPENDITURES

None of the federal programs expended by the District were provided to subrecipients.

4. INDIRECT COSTS

The District has received a negotiated indirect cost rate from TEA and may not elect to use a de minimis cost rate of 10% as described at 2 CFR §200.414(f)—Indirect (F&A) costs.

5. RECONCILIATION OF FEDERAL REVENUES AND SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Federal revenues per the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds (Exhibit C-3)	\$ 195,598,258
QSCB 2010A-E Subsidy	(867,756)
Emergency Connectivity Funding (ECF)	(391,900)
School health and related services revenue	<u>(8,049,494)</u>
Federal expenditures per the Schedule of Expenditures of Federal Awards (Exhibit K-1)	<u>\$ 186,289,108</u>
