### Read by Grade 3 Law

In 2016, the Michigan Legislature passed a law that requires schools to identify learners who are struggling with reading and writing and to provide additional help. The law states that third graders may repeat third grad if they are. More than one grade level behind beginning with the 2019-2020 school year. More information to come. We will have a meeting to discuss this on Tuesday, 11/22 via zoom at 9 and 3 in person in the community room.

### School Wide Cooperative Challenge

The school wide Getting Along Together Challenge for the week is use a win-win solutions. Encourage your kids to say how you are feeling, what concerns are and what is needed in a calm manner. Listen to each other. Think of ways you can solve the problem. Put the solution into action!

### Exact Path

Exact path is our Title I funded intervention that is based on student NWEA scores. Students are completing during the school day, however extra practice is indicated to reduce the Covid loss that has occurred. Students should be using it daily at least 80-100 minutes per week! Students with computers at home can complete exactpath at home! Please check with your child’s teacher for log in information.
