

Tomball ISD Project Show 2023-2024 Steer Bid Information

November 28, 2022

Dear Breeder,

The agriculture science teachers in Tomball ISD would like to give you the opportunity to turn in a bid for the 2024 Tomball ISD steer show. The most steers we have ever purchased is 44 for the 2012 show. Over the last 4 years we have had 35 for 2023, 23 for 2022, 17 for 2021, 23 for 2020. We require that you bring ten percent extra so the last student to select their steer will have more than one animal to select from. The deadline to turn in your bid is Sunday December 31, 2022. Please fill out the form below, save it, and email it as an attachment to ag@tomballisd.net. Any bid not emailed to that address will not be considered. We will inform you if you have received the bid no later than Friday January 6, 2023. If you receive the bid we will have an exact count to you by Friday, March 3, 2023. Tentatively our selection will be the first week in May 2023. We will provide the halters. Our show is the last weekend in January each year so these cattle will be for the show held on January 24-27, 2024. We want all steers brought to us to be:

Good Quality	Dehorned (healed)
Sound structure	Castrated (healed)
Uniformity	All calf hood vaccinations
Broke to tie	Wormed
Given a long lasting antibiotic like Draxxin or your preference to help prevent shipping fever	

Again, please email this form to ag@tomballisd.net

If you have any questions please feel free to contact me. Thank you for your time. I look forward hearing from you.

Thanks,

Ward Wilbanks
