

Davis Education Foundation Donation Items List

Essentials for Students in Need & Teen Center Supplies

A large number of at-risk students in Davis School District lack access to essential hygiene items. Your donations are distributed to schools throughout the district as needed. We thank you in advance for your generosity to help our most vulnerable population of children.

Teen Centers: There are more than 1,400 children in Davis County who experience homelessness. Davis Education Foundation has repurposed existing spaces in DSD high schools that provide students in need with a safe place to shower, do laundry, and study as part of their class schedule. There are centers at Clearfield, Northridge, Layton, Woods Cross, Mountain High, and Renaissance Academy. Each center serves 50-60 students each day. Additional centers will be built at Syracuse, Viewmont, and Bountiful. Your donations will help fill these centers and other schools in need with basic essentials.
