Printing Student Login Badges to use with Clever

Student login badges work with the Clever app on iPads, laptops and desktops with a camera and doesn't require the student to have to type in a username and password to log into Clever.

Video on how it works: <https://www.youtube.com/watch?v=HdkNwOWeogo>

Log into Clever: <https://clever.com/in/wpcsd>

On the main page – click **Classes** on the top right

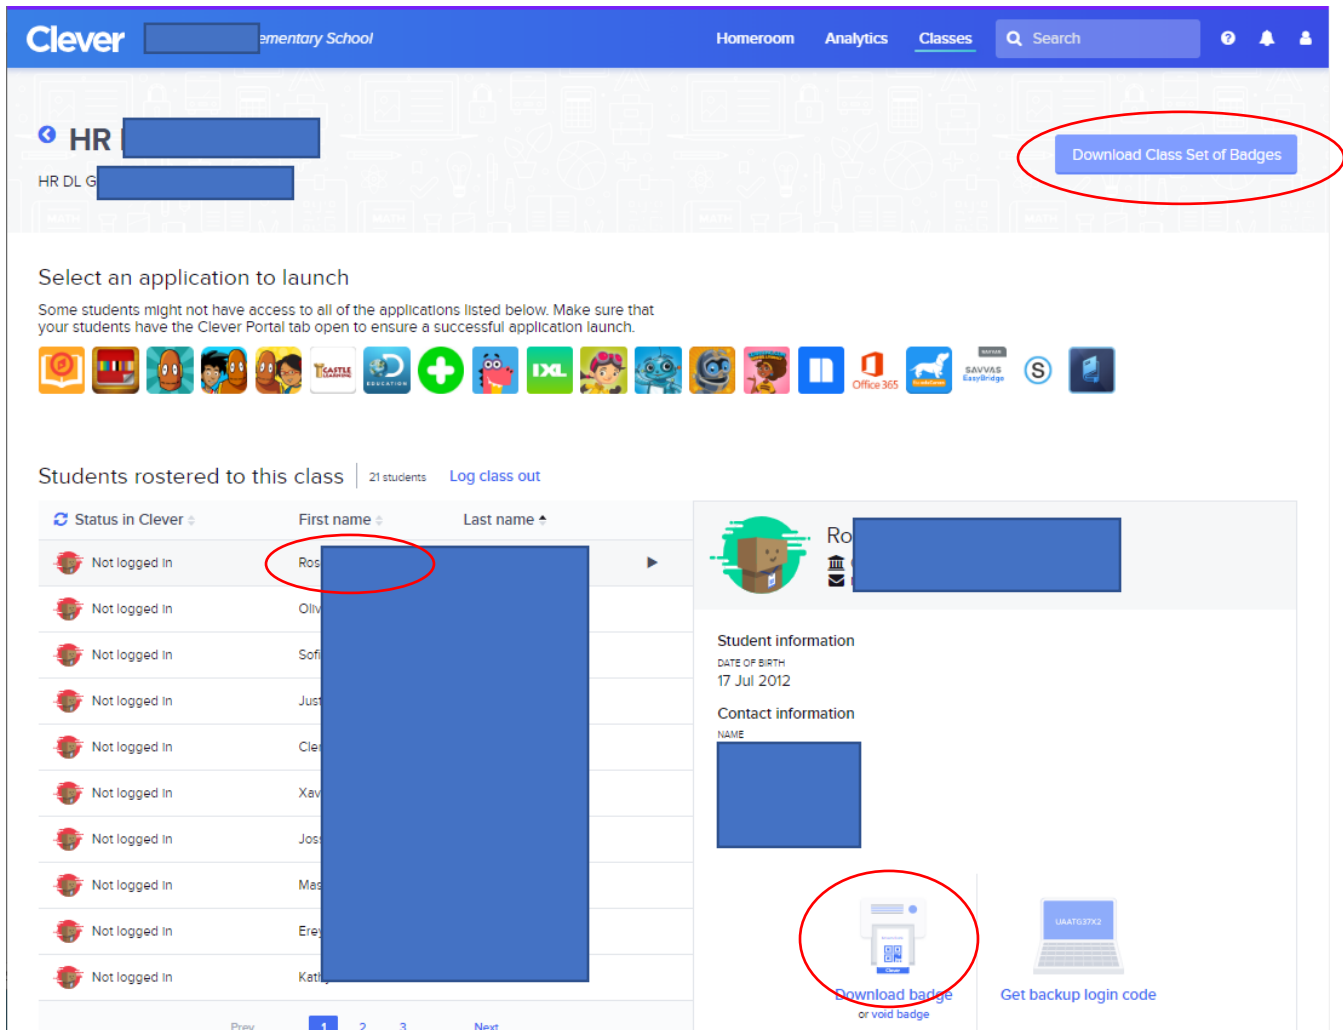

Click on your **Homeroom** class(es) (Note: process works for any class in your list)

For a class set of badges, click **Download Class set of Badges (whole class on one page)**.

For an individual student, click student name and click **Download badge**.

Badges will download as PDF file (look at bottom left of your browser).

Save the PDF file(s) – they can be emailed, printed, etc.

Recommend laminating the sheet and then cut the badges out for each student.
