

UNITED NATIONS INTERNATIONAL SCHOOL OF HANOI HIGH SCHOOL PROFILE 2022 2023

The United Nations International School of Hanoi (UNIS) is an independent, non-profit co-educational English-language day school enrolling students from Early Years through Grade 12. The School was established in 1988 as a partnership between the Vietnamese government and the United Nations to offer an education to the children of UN personnel, the diplomatic community, expatriates and local Vietnamese families.

UNIS Mission

"Guided by UN values, we inspire all learners to strive for academic and personal excellence and empower students to create positive, sustainable impact."

School Community

The 1154 students from Early Years (age 3) to Grade 12 come from more than 60 different countries including the host country Vietnam. Parents of UNIS students work in UN/NGO organizations, embassy and government agencies, business and other professions.

COVID Update

UNIS students completed Distance Learning (DL) for a total of 193 days throughout the Covid pandemic: February through early May 2020, February 2021, and April 2021 through February 2022. Students then returned to half days of school for two months with strict government protocol requiring home quarantine for 14 days if exposed to Covid. Our Co-Curricular programme was drastically affected with limited online programme engagement depending on available resources. August 2022 has started with face-to-face learning and a robust Co-Curricular programme.

School Calendar

The school year consists of no fewer than 175 teacher-student contact days from mid-August through mid-June. Each subject class meets for approximately 65 minutes every other day.

Academic and Service Programme

UNIS is a full IB school and the first in Asia authorised to offer all three IB Programmes. We combine the IB philosophy with the ideals, principles and goals of the United Nations. Students at UNIS are closely intertwined with the United Nations goals and mission; Service Learning is an intricate element of our curriculum from Early Years through High School. The UNIS community is committed to moving forward the UN Sustainable Development Goals (SDGs) and this commitment is reflected in our daily work and embedded in our curriculum.
