El Modena is getting a new quad! Connecting the new Science Center to the original campus, the expanded quad will be a place for students to gather and connect with each other. With new shade structures and expanded seating, the quad will be an important part of ElMo student life for decades to come. You're invited to be part of this upgrade with your own personalized paver integrated into the pathways and seating areas. Pavers are \$225 with a fifty character availability and can be for your student, your family, business, or simply a message you would like to be expressed in the quad for eternity. The El Modena Education Foundation is dedicated to raising funds for infrastructure upgrades benefitting students on the El Modena campus.

Please fill out the Google form below and remit payment to the Education Foundation c/o the El Modena front office (3920 E Spring St, Orange 92869) via check or for electronic payment use the donate button at the top of the ElMo Education Foundation webpage (or search for us @ELMOedfoundation) or you can use the QR code on this page.
