If information or a report is requested, the request for it must also be submitted in writing to the superintendent. (Please complete a speaker's card at the secretary's desk).

This is a period in which members of the public may address the Board on any subject within the Board's jurisdiction that is not on the agenda. The Brown Act does not allow the Board to take action or discuss items which are not on the agenda. This is because other members of the public have not been notified through the agenda that the subject of the statement would be discussed at this Board meeting.

The Board may ask for the item to be placed on a future agenda, direct the speaker to a person who can help, or provide the speaker with the correct procedure to follow to address his/her problem. All speakers have a constitutional right to free speech. As a protective measure, we would like to remind you that if you say something which might give another person the right to pursue legal recourse against you, there is a taped record of this meeting.

This does not mean you cannot criticize employees of the District. However, we would suggest that you do it without using names. We would also suggest that you use the personnel complaint procedures. The board can only hear and address complaints which have been processed in line with the policy. We have copies of the policy and forms here, and staff will help you complete them.

Bill Moreno is here as a concerned parent. His oldest child graduated in 1989, and his youngest will be graduating this Saturday. He has been very pleased with their education. He is a junior director at West Valley Bowl and will have a program this summer that will give the students an opportunity to bowl and help the District with budget cuts. Students and parents will receive 3 games and shoes for the cost of \$6.50 and \$1.50 of that money will be donated to the schools. This could bring \$150,000 of donation to the district. He is doing it because he believes in being involved in the community. This program would run Sundays through Fridays from June 1<sup>st</sup> to August 31<sup>st</sup> from 10:00a.m. to 6:00 p.m.

#### **Information & Discussion Items:**

##### **11.1 Administrative & Business Services:**

##### **11.1.1 Receive Update on State and District Budget**

Associate Superintendent of Business Services, Dr. Casey Goodall, presented a power point on the status of the budget. The state currently has a \$21.3 billion dollar problem. This may come out to approximately \$225 per student effective retroactive to July, 2008, and there may be an additional reduction of \$19 per student starting July 1, 2009, for a total of \$244 per student. It is not really clear what the state will be cutting. There will be approximately another \$4 million of additional reductions.

We are anticipating getting Federal Stimulus Funds in the amount of \$4.4 million for 2008-09. In 2009-10 we will receive some Title 1 and IDEA local and preschool money. The state currently has a \$40 billion cash shortfall and has been operating on borrowed funds since 2007. They are not sure if they will be able to borrow more money to continue operations. There may be a deferred payment to school districts. He then reviewed cash flow borrowing options and next steps. He will be attending the May revision workshop next week. The PARS early retirement incentive will be on the agenda for the June 23 meeting and we'll see if that will go through. We will review phase 2 and 3 of the budget reductions.

**Superintendent  
Report:**

Dr. Franco reported that the end-of-year promotions are currently going on at the 8<sup>th</sup> grade level. Keeping the ceremony at their sites has been a good experience. The high school graduations are this Saturday with West High at 8:30 a.m. and Tracy High at 10:30. Stein graduation will be Wednesday at 1:00 p.m. He gave a shout out to the City as we are getting ready to hook up water connections for Kimball. They have approved the bond package submitted by Gateway so the plan is to have Gateway put in permanent fixtures right off the bat which would result in some savings to the school district. On June 3<sup>rd</sup> and 4<sup>th</sup> Sheila and her team leads the end of year workshop. On Friday he was out of the district but received a phone call that a dollhouse was being delivered to Jacobson School. Southern California residents donated it in memory of Sandra Cantu. The special joint meeting with the City of Tracy will be August 11<sup>th</sup> at 6:00 p.m.

**SUBJECT:** Approve Resolution 08-37 authorizing the Board of Supervisors of San Joaquin County to provide temporary cash loans

**BACKGROUND:** As a result of the current state budget and apportionment deferrals, the potential for cash flow deficiencies may create the need for a fund to temporarily borrow cash. Per Education Code section 42603; when a school district does not have sufficient money to its credit to meet current expenses of maintenance of the district, the board of supervisors to the county shall order, and the auditor and treasurer of the county shall make, a temporary transfer from any funds to the county not immediately needed to pay claims against them, to the school fund of the amount needed, not exceeding 85% of the amount of money which will accrue to the school district during the fiscal year.

**RATIONALE:** In the district's current economic circumstance, temporary cash flow transfers may be needed during the 2009/10 fiscal year to cover the district's current expenses of maintenance of the district. Adoption of this resolution will provide the Board of Supervisors to provide a temporary cash loan.

**FUNDING:** Funding requirements will vary with the amount borrowed and the prevailing interest rate.

**RECOMMENDATION:** Approve Resolution 08-37 authorizing the Board of Supervisors of San Joaquin County to provide temporary cash loans.

Resolution No. 08-37

A RESOLUTION TO THE BOARD OF SUPERVISORS OF THE  
COUNTY OF SAN JOAQUIN  
TO PROVIDE TEMPORARY CASH LOANS TO  
TRACY UNIFIED SCHOOL DISTRICT

**WHEREAS**, pursuant to Education Code section 42620, when a school district does not have sufficient money to its credit to meet current expenses of maintenance of the district, the board of supervisors to the county shall order, and the auditor and treasurer of the county shall make, a temporary transfer from any funds to the county not immediately needed to pay claims against them, to the school fund of the amount needed, not exceeding 85% of the amount of money which will accrue to the school district during the fiscal year.

**WHEREAS**, the Tracy Unified School District has requested temporary cash loan financing periodically during the year to cover operating expenses for the 2009/10 fiscal year; and

# BUSINESS SERVICES MEMORANDUM

**To:** James C. Franco, Superintendent  
**From:** C. Goodall, Associate Superintendent for Business  
**Date:** June 1, 2009  
**Subject:** Approve Resolution 08-38 Finding That the Freiler School Portable Project, Kelly School Portable Project and the Villalovoz Elementary School Portable Project Qualify as a Categorical Exemption from California Environmental Quality Act

**BACKGROUND:** A public agency is required to examine a project to determine whether the project is subject to CEQA or if the project is exempt. If it is determined that the project to be completed is exempt from the preparation of CEQA environmental documents by statutory, categorical or general rules of exemption, the District is required to prepare a Notice of Exemption (NOE) and file the NOE with the County Clerk.

**RATIONALE:** The proposed projects are to add portable buildings at various sites: (4) at Kelly School, (3) at Freiler School and (2) at Villalovoz Elementary School.

These projects qualify as a "Categorical Exemption" from CEQA under Article 19, Section 15314 of the CEQA Guidelines because they are a minor addition to an existing school site and do not increase original student capacity to the site by more than 25% or ten classrooms, whichever is less. Therefore, the necessary Resolution calling out these findings and the "Notice of Exemptions" are attached to this agenda item for board approval.

**FUNDING:** Not applicable

**RECOMMENDATIONS:** Approve Resolution 08-38 Finding That the Freiler School Portable Project, Kelly School Portable Project and the Villalovoz Elementary School Portable Project Qualify as a Categorical Exemption from California Environmental Quality Act

**TRACY UNIFIED SCHOOL DISTRICT**

**RESOLUTION NO. 08-38**

**Resolution Finding That the Freiler School Portable Project, Kelly School Portable Project and the Villalovoz Elementary School Project Qualify as a Categorical Exemption from California Environmental Quality Act**

WHEREAS, the California Environmental Quality Act (CEQA) requires state and local agencies to identify the significant environmental impacts of their actions and avoid or mitigate those impacts;

WHEREAS, a public agency must comply with CEQA when it undertakes an activity defined by CEQA as a "project;"

WHEREAS, a project is an activity undertaken by a public agency or a private activity which must receive some discretionary approval from a government agency which may cause either a direct physical change in the environment or a reasonably foreseeable indirect change in the environment;

WHEREAS, a public agency is required to examine a project to determine whether the project is subject to CEQA or if the project is exempt;

WHEREAS, if the public agency has determined the project is exempt from CEQA, it is required to prepare a notice of exemption ("Notice of Exemption");

WHEREAS, Article 19, Section 15314 of the CEQA Guidelines, categorizes the Freiler School Portable Project, Kelly School Portable Project and the Villalovoz Elementary School Portable Project as categorically exempt from CEQA if the project(s) consists of minor additions to existing schools within existing school grounds where the addition does not increase original student capacity by more than 25% or ten classrooms, whichever is less;

NOW, THEREFORE BE IT RESOLVED that the District finds that the Freiler School Portable Project, Kelly School Portable Project and the Villalovoz Elementary School Portable Project meets the CEQA exemption criteria because the project(s) consists of minor additions to the existing school facilities, will be within the existing school(s) grounds, and will not increase the capacity of Freiler School, Kelly School or Villalovoz Elementary School by more than 25% or ten classrooms (at each site);

BE IT FUTHER RESOLVED that the District Board authorizes the Superintendent to file a Notice of Exemption with the County Clerk of San Joaquin County.

**RE:** **Adopt Revisions to Board Policy 5116.1 and Administrative Regulation 5116.1  
(2nd Reading)**

**BACKGROUND:** The Board of Trustees is required to annually review enrollment options.

**RATIONALE:** It is important that the Intradistrict Open Enrollment Board Policy and Administrative Regulation are reviewed yearly for accuracy and compliance with Educational Codes and new laws. The proposed changes are then presented to the Board of Trustees for approval. This agenda item meets Strategic Goal #1-Provide a variety of learning opportunities through standards based curriculum and assessment and research based instruction that ensures that all students meet or exceed grade level standards and results in closing the achievement gap and Strategic Goal #2 – Provide a safe environment for students and staff that is conducive to learning.

**FUNDING:** N/A

**RECOMMENDATION:** Adopt Revisions to Board Policy 5116.1 and Administrative Regulation 5116.1 (2nd Reading)

**Prepared by:** Paul E. Hall, Director of Student Services and Curriculum

**INTRADISTRICT OPEN ENROLLMENT**

The Board of Trustees desires to provide options that meet the diverse needs, potential and interests of district students and shall annually review enrollment options. **The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation. (cf. 5117 - Interdistrict Attendance)**

The parents or guardians of each school age child who is a resident in the district may identify the school the child wishes to attend, irrespective of the particular locations of his or her residence within, the district, except that the district shall retain the authority to maintain appropriate racial and ethnic balances and class size among its respective schools at the school district's discretion or as specified in applicable court ordered or voluntary desegregation plans.

~~If, as of the date established for filing requests for enrollment, a school receives requests in excess of the capacity of the school, selection of applicants from outside of the attendance area of the school shall be determined by lot. A waiting list shall then be established indicating the order in which students may be accepted as openings occur. Persons who apply after the deadline will be added to the next open lottery enrollment and selected by lot when space is available. Students applying for admission shall not be evaluated based on academic or athletic performance.~~

~~The District may place students in any school within the District for the purpose of maintaining class balance, maintaining acceptable teacher/student ratio, or improving educational opportunities, even though said school is not within the student's established attendance area.~~

~~Students who reside within district boundaries may apply for enrollment in any district school with space available. The Superintendent or designee shall determine the capacity of each district school and establish a random, unbiased selection process for the admission of students from outside a school's attendance area.~~

**Enrollment Priorities**

**No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (Education Code 35160.5)**

**Priority for attendance outside a student's attendance area shall be given as follows:**

- 1. If a district school receiving Title I funds is identified for program improvement, corrective action, or restructuring, all students enrolled in that school shall be provided an option to transfer to another district school or charter school. (20 USC 6316)**

**INTRADISTRICT OPEN ENROLLMENT**

(cf. 0420.4 - Charter Schools)

(cf. 0520.2 - Title I Program Improvement Schools)

(cf. 6171 - Title I Programs)

2. If while on school grounds a student becomes the victim of a violent criminal offense, he/she shall be provided an option to transfer to another district school or charter school. (20 USC 7912)

3. If a student attends a school designated by the California Department of Education as "persistently dangerous," he/she shall be provided an option to transfer to another district school or charter school. (20 USC 7912; 5 CCR 11992)

(cf. 0450 - Comprehensive Safety Plan)

4. The Superintendent or designee may approve a student's transfer to a district school that is at capacity and otherwise closed to transfers upon finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student.

To grant priority under these circumstances, the Superintendent or designee must have received either: (Education Code 35160.5)

- a. A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist.
  - b. A court order, including a temporary restraining order and injunction
5. Priority may be given to siblings of students already in attendance in that school.
  6. Priority may be given to any student whose parent/guardian is assigned to that school as his/her primary place of employment.

For all other applications for enrollment from outside a school's attendance area, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity. A school's capacity shall be calculated in a non-arbitrary manner using student enrollment and available space. (Education Code 35160.5)

## INTRADISTRICT OPEN ENROLLMENT

### 1. Purpose and Scope

The Board of Trustees desires to provide options for schools of choice dependent upon space available.

No student currently residing within a school's attendance area shall be displaced by another student. (Education Code 35160.5)

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district. (Education Code 35160.5)

If a district school receiving Title I funds is identified for program improvement, corrective action or restructuring, all students enrolled in that school shall be provided an option to transfer to another district school or charter school.

If while on school grounds, a student becomes the victim of a violent criminal offense, as defined by the State Board of Education, or attends a school designated by the California Department of Education as persistently dangerous, within a reasonable amount of time he/she shall be provided an option to transfer to another district school or charter school.

**Within a reasonable amount of time, not to exceed 14 days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In determining whether a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident on a case-by-case basis and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.**

**The Superintendent or designee shall consider the needs and preferences of the affected student and his/her parent/guardian in making the offer. If the parent/guardian elects to transfer his/her child, the transfer shall be completed as soon as practicable.**

After learning that a school has been designated as "persistently dangerous," the Superintendent or designee shall notify parents/guardians of the school's designation and their option to transfer. The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous."

**Within 10 school days after receiving notification from the California Department of Education (CDE) that a school has been designated as "persistently dangerous," the Superintendent or designee shall notify parents/guardians of the school's designation.**

**INTRADISTRICT OPEN ENROLLMENT**

Within 10 school days after this notification has been provided to parents/guardians, the Superintendent or designee shall notify parents/guardians of their option to transfer their child.

(cf. 0450 - Comprehensive Safety Plan)

Parents/guardians who desire to transfer their child out of a "persistently dangerous" school shall provide written notification to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students. The Superintendent or designee may establish a reasonable timeline, not to exceed seven school days, for the submission of parent/guardian requests.

The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. For students who accept the offer, the transfer shall generally be made within 30 school days of receiving the notice of the school's designation from the CDE. If parents/guardians decline the assigned school, the student may remain in his/her current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

**2. Procedures**

1. The Superintendent or designee shall identify those schools, which may have space available for additional students. A list of these schools and open enrollment applications shall be available at all school offices.
2. Enrollment in a school of choice shall be determined by lot from the eligible applicant pool, and a waiting list shall be established to indicate the order in which students may be accepted as openings occur. Late applicants may be added to a lottery pool and selected by lot when space is available.
3. Applications should be made at the school of choice during the designated open enrollment period, for possible placement for the fall semester of the next school year. All applications will be time and date stamped.
4. The Superintendent or designee shall inform applicants by mail as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reason for denial shall be stated.

**INTRADISTRICT OPEN ENROLLMENT**

5. Applicants who receive approval must confirm their enrollment within ~~seven~~ **ten** calendar days.
6. **Once enrolled, a student shall not be required to reapply for readmission. However, the student may be subject to displacement due to excessive enrollment.**
7. An eighth grade student desiring to attend a high school other than his or her designated home school may apply to that high school of choice regardless of the elementary school last attended.
8. The principal shall maintain an up to date list of those students attending their school because of choice.

Any complaints regarding the selection process should be taken to the Superintendent or designee whose decision shall be final.

Notifications

Notifications shall be sent to parents/guardians at the beginning of each year as part of the parents rights on the availability of a package describing all current statutory attendance options and local attendance options available in the district including:

1. All options for meeting residency requirements for school attendance.  
(cf. 5111.1 - District Residency)  
(cf. 5111.12 - Residency Based on Parent/Guardian Employment)  
(cf. 5111.13 - Residency for Homeless Children)
2. Program options offered within local attendance areas.
3. A description of any special program options available on both an interdistrict and intradistrict basis.
4. A description for the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when change of attendance is denied.
5. A district form for requesting a change of attendance.
6. The explanation of attendance options under California law as provided by the California Department of Education. (Education Code 48980)

Intradistrict Attendance for Specialized Needs

## INTRADISTRICT OPEN ENROLLMENT

The Board of Trustees shall determine attendance boundaries of the schools of the District, and the Superintendent/designee shall maintain a record of all boundaries.

The District will make every reasonable effort to meet the academic and social needs of all its students. Typically, students are enrolled in the District's school where the parent/legal guardian resides. In addition, when students are unable to make a satisfactory adjustment to the academic program and social life at the comprehensive high school, the District offers alternative educational programs which are designed to better meet their special needs and interests. However, the district offers enrollment options under specific criteria.

### Intradistrict permit requests (Comprehensive High Schools)

An intradistrict transfer permit shall be requested when a transfer from one comprehensive high school to another within the Tracy Joint Union High School District is desired. Intradistrict requests are subject to space availability at the desired school.

High school students, including incoming ninth graders, must submit an intradistrict transfer request before May 15<sup>th</sup> of the previous school year in order to be considered for a transfer. Any transfers received after May 15<sup>th</sup> will be held and if space is available in an academy or specific class, the applicants will be selected by lottery. The student must meet the qualifications and be accepted into the academy.

High School transfers for continuing students will only be granted during the open enrollment period. Only students newly enrolled in Tracy Unified School District will be considered for transfers during the school year.

Should the need arise to make an exception to these priorities, the Director for Student Services will review the case to determine whether cause exists to make a change.

Requests for intradistrict attendance permits will be given consideration when the request is in keeping with this policy and other District rules and regulations.

Parents/legal guardians of students attending school on intradistrict permits must reapply for those permits annually and meet the criteria defined by this policy and/or criteria for the transfer.

### Revocation of Intradistrict Permits

Intradistrict permits may be revoked at any time that a students does not maintain acceptable standards of attendance and/or behavior as defined by the Student Conduct Code and/or maintain acceptable levels of academic achievement.

### Intradistrict Attendance

**INTRADISTRICT OPEN ENROLLMENT**

The following criteria are considered when intradistrict permits are requested involving the comprehensive high schools of the District:

- a) When the day care of a handicapped student can be provided only within the boundaries of the school of proposed attendance.
- b) When parents/legal guardians move into another school area during a semester, to allow the ninth and tenth grade student to continue enrollment for the remainder of that semester, and to allow the eleventh and twelfth grade student to complete high school graduation requirements when the student's past performance has been successful and he/she is currently in good standing.
- c) When parents/legal guardians anticipate a change of residence during the school term and can provide written verification of the address to which they are moving, to permit enrollment pending the actual move.
- d) When concern exists for a student's welfare (written verification required). Juvenile court cases, special mental or physical health needs, safety needs, and disciplinary cases will be considered.
- e) When a student's enrollment in a specific course of instruction lasting more than one semester and provided only at a designated school, to allow enrollment at that school as long as the student continues enrollment in the specific class or program of instruction and/or meets transfer criteria.
- f) Legal children of certificated and classified employees who are assigned to the school.
- g) When an incoming ninth grade high school student living within the John C. Kimball attendance boundary, and scheduled to graduate before July 2015, has an older sibling simultaneously attending Tracy High School or Merrill F. West High School because at the time the older sibling was assigned to the high school to which he/she was geographically assigned based on the two attendance boundaries which existed prior to the existence of John C. Kimball High School.
- h) When an incoming ninth grade high school student living within the John C. Kimball attendance boundary, and scheduled to graduate before July 2015, has an older sibling simultaneously attending Tracy High School or Merrill F. West High School because the older sibling was assigned to attend a high school based on criteria g, above.

**Intradistrict Permits (High School)**

Intradistrict permits involving the comprehensive schools of the District are issued on the basis of the criteria contained in Board Policy 5116. Continuation of student transfer permits is subject to the following conditions:

1. Regular school attendance.
2. Passing grades in all subjects.
3. Observance of school rules and regulations.
4. Availability of space.
5. Meet academic requirements established by each program

Intradistrict permits require yearly renewal. Student transportation is the responsibility of the parent.

- 7) No student shall be enrolled in the requested school prior to the approval of the request by the Director of Student Services. Neither school official shall indicate the probable disposition of the request until formal confirmation has been provided.

**INTRADISTRICT OPEN ENROLLMENT**

- 10) Parents/guardians of students attending school on intradistrict permits or submitting new intradistrict permits must apply/reapply for those permits annually using the following procedures:
  - (a) The parent/guardian shall submit an "Intradistrict Attendance Transfer Request" form to the Student Services Office (SSO) by May 15<sup>th</sup> of the year preceding the school year for which it is requested.
  - (b) The Director of Student Services will review the request and inform the parent/guardian, in writing, of his/her decision or the decision to place the student on the lottery waiting list. Parents shall be notified before the start of school of the status of the request.
  - (c) A copy of the approved/disapproved form will be sent to both schools involved.

Interdistrict Permits and Sports

High School students transferring after the May 15<sup>th</sup> deadline may need to file a form with the California Interscholastic Federation and may be sanctioned from sports. This includes incoming 9<sup>th</sup> graders who transfer after the first fifteen days of school and continuing students.

Parent Appeals

Parents may request, in writing, a hearing by the Board of Education.

1. Parents who wish to appeal, must complete the "Appeal to the Board of Education" form available in the Student Services office.
2. The request shall be made in writing and submitted at least ten (10) working days before a scheduled board meeting.
3. The Director of Student Services will review the written request and forward materials to the Board of Education.
4. The decision of the Board of Education shall be final.

Involuntary Transfer to Alternative Education Programs

## INTRADISTRICT OPEN ENROLLMENT

The comprehensive high school will make every reasonable effort to ensure a student's success prior to recommending an involuntary transfer to an alternative school provided that the student may be involuntarily transferred the first time he/she commits an act enumerated in Education Code 48900 if the principal determines that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process.

A cooperation effort, between the school staff and parents or guardians, will attempt to bring about a student's satisfactory adjustment to the academic program and social life at the District comprehensive high schools.

Prior to transferring a student to an alternative education program, the comprehensive high school administration will refer the student's case to the Alternative Education Committee to consider the appropriateness of the recommended placement. The Alternative Education Committee will include an assistant principal from each of the District's comprehensive high school, the student's counselor, the principal of the alternative school.

1. At the Alternative Education Committee Meeting, the student or the student's parent/guardian shall be informed of the specific facts and reasons for the proposed transfer.
2. The student or the student's parent/guardian shall have the opportunity to inspect all documents relied upon, question any evidence and witnesses utilized and present evidence on the student's behalf. The student may also designate one or more representatives and witnesses to be present with him/her at the meeting.
3. The decision to transfer the student involuntarily shall be based on finding that the student committed an act enumerated in Education Code 48900, or has been habitually truant or irregular in attendance from instruction upon which he/she is lawfully required to attend.
4. None of the persons involved in the final decision to make an involuntary transfer of the student shall be a member of the staff of the school in which the student is enrolled at the time the decision is made.
5. The decision to transfer shall be in writing, stating the facts and reasons for the decision, and sent to the student or the student's parent/guardian. It shall also indicate whether the decision is subject to periodic review and the procedures therefore.

### Involuntary Transfer Appeals

Parents have five (5) school days from the date of the decision to transfer to appeal.

**INTRADISTRICT OPEN ENROLLMENT**

1. The request for an appeal must be made, in writing, to the Director for Student Services. A conference will then be scheduled. The Director of Student Service's decision shall be final. At the conference:
  - (a) The student, parent or guardian will be informed of the specific facts and reasons for the proposed transfer;
  - (b) The student, parent or guardian may inspect all documents relied upon and question any evidence on the student's behalf;
  - (c) The student may designate representatives and witnesses to be present at the meeting.

**Voluntary transfer to an Alternative Education Programs**

1. A student must be at least sixteen (16) years of age to be allowed to transfer to Alternative Education Programs.
2. A voluntary transfer may not occur without prior consultation with the principal of High School Alternative Education Programs and the comprehensive high school administrator and/or counselor.
3. A student under eighteen (18) years of age who volunteers for the program must have parental permission.
4. A student who is referred to the program may be given priority over students who volunteer.
5. A student who has voluntarily transferred to a Alternative Education Program shall have the right to return to the comprehensive high school at the beginning of the following school year and with the consent of the Director for Student Services, may return at any time.

**Voluntary Transfer to On-site Alternative Education Programs**

1. A student younger than sixteen (16) years of age may be allowed to voluntarily transfer to the on-site continuation high school program.
2. A voluntary transfer may not occur without prior consultation with the principal/designee of the on-site continuation high school program and the comprehensive high school administrator.
3. A student younger than sixteen (16) years of age who volunteers for the program must have parental permission.

**INTRADISTRICT OPEN ENROLLMENT**

4. A student who has voluntarily transferred to an on-site continuation shall have the right to return to the regular comprehensive high school program at the beginning of the following school year and with the consent of the Director of Student Services, may return at any time.

Voluntary Transfer to Full-time Tracy Adult School Classes

1. Before students under the age of eighteen (18) transfer to an adult school program on a full-time basis, they must comply with the following requirements:
  - (a) Students must obtain permission from their parents or guardian.
  - (b) Students must obtain permission from the Comprehensive High School Administration, Continuation principal, and the Tracy Adult School principal's permission.
  - (c) Students who transfer from another district's adult school may enroll in the Tracy Adult School program at any time with the Tracy Adult School principal's permission.
  - (d) Students under eighteen (18) may appeal the decision made by the mentioned school authorities to the Director for Student Services. The Director's decision shall be final.

Transferring an Alternative Education Student to a Comprehensive High School

Before being transferred to one of the District's comprehensive high schools, a student who was involuntarily transferred to the continuation school must attend at least one (1) quarter at continuation and meet the following conditions:

1. Average at least one credit worth of work per week for the entire quarter.
2. Accumulate not more than five (5) unexcused absences during the quarter.
3. Accumulate not more than one (1) suspension during a nine (9) week period.
4. Accumulate not less than thirty (30) credits behind their class.
5. Return at a semester break.

BEFORE THE  
GOVERNING BOARD OF THE  
TRACY UNIFIED SCHOOL DISTRICT

In The Matter Of The Accusation Against:

CERTAIN CERTIFICATED PERSONNEL  
EMPLOYED BY THE TRACY UNIFIED  
SCHOOL DISTRICT,

OAH NO.2009030852

Respondents.

PROPOSED DECISION

Karl S. Engeman, Administrative Law Judge, Office of Administrative Hearings, State of California, heard this matter on May 20, 2009, in Tracy, California.

Paul J. Munoz, Attorney at Law, Kronick, Moskovitz, Tiedemann & Girard, represented the Tracy Unified School District.

Thomas J. Driscoll, Jr., Attorney at Law, Driscoll & Associates, represented all of the respondents who appeared at the administrative hearing.<sup>1</sup>

Evidence was received at the administrative hearing, including a written stipulation resolving most of the issues presented. The terms of the stipulation are recited below. The parties agreed that Education Code section 44949, subdivision (e), requires submission of the Proposed Decision to the Governing Board and employees on or before June 3, 2009, and a final decision must be issued by the Governing Board on or before June 10, 2009.

FACTUAL FINDINGS

1. James Franco, Ed.D., is the Superintendent of the Tracy Unified School District of San Joaquin County, State of California, and made and filed the Accusation in his official capacity.
2. Each of the respondents is a certificated employee of the District.

<sup>1</sup> Two respondents, Valerie Haynes and Kenneth Lee, were not represented by Mr. Driscoll. Neither appeared at the administrative hearing. Absent any evidence to the contrary, it must be assumed that the District had statutory cause for the issuance of lay off notices to each of them. (Evid. Code, § 664.)

3. On February 24, 2009, and March 10, 2009, the Governing Board of the Tracy Unified School District adopted Resolution No. 08-20. The Governing Board determined to reduce or discontinue particular kinds of services and to give notice to decrease the number of certificated employees in the District accordingly. The Board directed the Superintendent to give notice to certificated employees that their services will not be needed for the 2009-2010 school year by reason of a reduction or elimination of particular kinds of service.

4. On or before March 15, 2009, a Recommendation That Services Will Not Be Required with respect to the 2009-2010 school year was sent to respondents<sup>2</sup> in the manner prescribed by law and the Board was advised that such notices were sent.

5. Each respondent, within the time limit specified in Education Code section 44949, subdivision (b), requested a hearing to determine if there is cause for not reemploying the respondent for the ensuing school year.

6. The parties entered into a written Stipulation between the Parties, the terms of which are:

A. The following certificated employees are theoretically bumped into the Alternative Programs at DR-Willow schools:

Fiaz Shah

De Ette Burton

Jill Toepfer

Rosie Fernandez

Emily Stroup

Brook Krusi

William Godinez

Respondents will not protest these theoretical bumps, and District will rescind the layoff notices to the certificated employees listed above.

---

<sup>2</sup> Two respondents, Kristina Afan and Colleen Cannon, were not served with the preliminary March 15, 2009 notice in a timely manner. The consequences of late notice to them are discussed below.

B. The following certificated employees possess single subject Spanish credentials and have a seniority date of July 30, 2007:

Millie Dahlgren

Jacqueline Khoonsirivong

Cecilia Zamora Ortiz

District applied the Board adopted tie-breaking criteria and the parties agree that Cecilia Zamora Ortiz (BCLAD permits her to teach ELD with primary language support and therefore has a broader credentialing under the fourth tie-breaking criterion) and Jacqueline Khoonsirivong (biology supplement under the fourth tie-breaking criterion) are more senior than Millie Dahlgren. District shall rescind the layoff notices to Khoonsirivong and Zamora Ortiz.

C. Based on staffing needs, District determined to rescind 16 multiple subject layoff notices. District and respondents agree that the 16 employees whose layoff notices shall be rescinded are:

Supplement) Megan Jimenez (in tie on 4/16/07), but breaks tie with English

Chinda Ban

Danette McDaniel

Dina Graves

Rene Velasco Garcia

Janice Hess

Heather Nielsen (Burns)

Desi Rosales

Amanda Lis

Ianls Baker

Daryl Essenmacher

Lisa Coffman

Rocio Garcia

Nicole Booe

Justine Webb

Rochelle Gumpert

D. District and respondents agree that the following additional notices shall be rescinded:

Emily Lucas

Shauna Liel

Courtney Couvreur

Lisa Marie Burns

E. District and respondents further agree to the following:

Eleazar Gonzalez is a probationary employee and not a temporary employee and remains subject to layoff.

Deborah Hunley-Seabrooks is a probationary employee and not a temporary employee and her layoff notice shall be rescinded.

Justin Gregory will be employed for the 2009-2010 school year as a probationary employee of the District and shall tack back the year of service for the 2008-2009 school year. His layoff notice shall be rescinded.

Erica Hillstead's layoff notice shall be partially rescinded to reflect that she will be returned to a .6 full time equivalent position.

Janis Baker's seniority date is August 11, 2006, and her status is permanent.

7. The parties further agreed that the layoff notice issued to respondent Donna Bonin (most senior Adult School teacher) shall be rescinded.

8. The parties submitted a document entitled PRELIMINARY DRAFT SENIORITY LIST 5/20/2009 as Exhibit 2. The document is attached as Attachment A, and fully incorporated herein by this reference. The parties agree that the asterisks adjacent to the six names of Adult School teachers denote those to whom a final layoff notice shall be issued. With respect to the remaining teachers on the list, the parties agree that yellow

highlighting denotes teachers whose notices shall be rescinded, red highlighting identifies teachers whom District does not reelect for the ensuing school year, and pink highlighting denotes teachers to whom a final layoff notice shall be issued by the Governing Board.

*Late Preliminary Notice Findings*

9. Respondent Kristina Afan is a second year probationary teacher with a seniority date of November 16, 2005. On or about January 29, 2009, District's Human Resources Department sent her a letter asking her to verify information contained in an attached document entitled "HIRE DATE AND CERTIFICATION VERIFICATION FORM." The form included her seniority date, probationary status, credentials on file with the District Human Resources office, No Child Left Behind "highly qualified" certifications, special certifications to teach English learners, and other items relating to her credentials and qualifications. The letter was sent to Ms. Afan's correct address at the time in Dublin, California. Human Resources received the signed verification document back from Ms. Afan on February 3, 2009. On the same date, Ms. Afan submitted to Human Resources a District form entitled: "CHANGE OF ADDRESS/INFORMATION FORM." Ms. Afan listed a new Oakland, California address, and signed the form. In the portion of the document entitled "DISTRICT USE ONLY," the form indicates that the form was received in person and that the information was changed in the human resources and payroll systems on February 4, 2009.

10. On March 14, 2009, District sent by certified mail the preliminary notice of Recommendation That Services Will Not Be Required to Ms. Afan. However, the notice was sent to Ms. Afan's old address in Dublin and was returned to District by the Post Office after a second unsuccessful attempt to deliver it on March 23, 2009. On March 23, 2009, the preliminary notice and other related documents were hand delivered to Ms. Afan in the District's Human Resources office. Ms. Afan requested a hearing in writing on a form provided by the District on the same date. District served her with the Accusation and related documents and Ms. Afan filed a timely Notice of Defense.

11. Respondent Colleen Cannon is a second year probationary teacher in the District with a seniority date of June 13, 2007. She filled out the verification form described in Finding 9 above. A preliminary notice bearing her name was sent by certified mail by the District on March 14, 2009. However, the notice was inadvertently sent to an address belonging to another teacher. Ms. Cannon was called into the District's Human Resources office on March 23, 2009. She was presented with the preliminary notice documents and acknowledged their receipt in writing. She also requested a hearing in writing at the same time. She was served with the Accusation and related documents. She filed a timely Notice of Defense.

12. Neither Ms. Afan nor Ms. Cannon offered any evidence demonstrating actual prejudice by reason of the late delivery of the preliminary notices. Respondents contend, however, that the failure to serve a timely preliminary notice upon them bars their layoff as a matter of law. District counters that the inadvertent late notices, without a showing of actual

prejudice, constitute nonsubstantive procedural errors of the type excused by the language of Education Code section 44949, subdivision (c) (3).

## LEGAL CONCLUSIONS

### *Late Notices*

1. The sole legal issue is whether by virtue of the inadvertent late preliminary notices to respondents Afan and Cannon, such respondents are deemed reemployed for the 2009-2010 school year. The answer requires the interpretation of Education Code section 44949 in conjunction with Education Code section 44955.

2. Education Code section 44949 reads, in pertinent part:

(a) No later than March 15 and before an employee is given notice by the governing board that his or her services will not be required for the ensuing year for the reasons specified in Section 44955, the governing board and the employee shall be given written notice by the superintendent of the district or his or her designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that the notice be given to the employee, and stating the reasons therefor.

Until the employee has requested a hearing as provided in subdivision (b) or has waived his or her right to a hearing, the notice and the reasons therefor shall be confidential and shall not be divulged by any person, except as may be necessary in the performance of duties. However, the violation of this requirement of confidentiality, in and of itself, shall not in any manner be construed as affecting the validity of any hearing conducted pursuant to this section.

(b) The employee may request a hearing to determine if there is cause for not reemploying him or her for the ensuing year. A request for a hearing shall be in writing and shall be delivered to the person who sent the notice pursuant to subdivision (a), on or before a date specified in that subdivision, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, his or her failure to do so shall constitute his or her waiver of his or her right to a hearing. The notice provided for in subdivision (a) shall advise the employee of the provisions of this subdivision.

(c) In the event a hearing is requested by the employee, the proceeding shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency therein, except that all of the following shall apply:

(1) The respondent shall file his or her notice of defense, if any, within five days after service upon him or her of the accusation and he or she shall be notified of this five-day period for filing in the accusation.

(2) The discovery authorized by Section 11507.6 of the Government Code shall be available only if request is made therefor within 15 days after service of the accusation, and the notice required by Section 11505 of the Government Code shall so indicate.

(3) The hearing shall be conducted by an administrative law judge who shall prepare a proposed decision, containing findings of fact and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof. The proposed decision shall be prepared for the governing board and shall contain a determination as to the sufficiency of the cause and a recommendation as to disposition. However, the governing board shall make the final determination as to the sufficiency of the cause and disposition. None of the findings, recommendations, or determinations contained in the proposed decision prepared by the administrative law judge shall be binding on the governing board. Nonsubstantive procedural errors committed by the school district or governing board of the school district shall not constitute cause for dismissing the charges unless the errors are prejudicial errors. Copies of the proposed decision shall be submitted to the governing board and to the employee on or before May 7 of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the administrative law judge, shall be paid by the governing board from the district funds.

The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section as may be necessary to effectuate this section.

(d) Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

(c) If after request for hearing pursuant to subdivision (b) any continuance is granted pursuant to Section 11524 of the Government Code, the dates prescribed in subdivision (c) which occur on or after the date of granting the continuance and the date prescribed in subdivision (c) of Section 44955 which occurs after the date of granting the continuance shall be extended for a period of time equal to the continuance. (Emphasis added.)

3. Education Code section 44955, subdivision (c), reads:

(c) Notice of such termination of services shall be given before the 15th of May in the manner prescribed in Section 44949, and services of such employees shall be terminated in the inverse of the order in which they were employed, as determined by the board in accordance with the provisions of Sections 44844 and 44845. In the event that a permanent or probationary employee is not given the notices and a right to a hearing as provided for in Section 44949, he or she shall be deemed reemployed for the ensuing school year.

The governing board shall make assignments and reassignments in such a manner that employees shall be retained to render any service which their seniority and qualifications entitle them to render. However, prior to assigning or reassigning any certificated employee to teach a subject which he or she has not previously taught, and for which he or she does not have a teaching credential or which is not within the employee's major area of postsecondary study or the equivalent thereof, the governing board shall require the employee to pass a subject matter competency test in the appropriate subject. (Emphasis added.)

4. There is no question that before 1983 legislative changes to Education Code section 44949, a school district's failure to serve the preliminary notice on or before March 15 automatically resulted in the reemployment of the affected certificated employee for the ensuing school year. *Ward v. Fremont Unified School Dist.* (1969) 276 Cal.App.2d 313, at page 321, ruled that the May 15 deadline (in an earlier version of Education Code section 44955) was "jurisdictionally mandatory." The Court recited the legal principle, followed in California and the majority of other jurisdictions, that "when a consequence is enunciated for failing to comply with an act on a given date, that date is deemed to be jurisdictionally mandatory, not directory." (citing *Thomas v. Driscoll* (1940) 42 Cal. App.2d 23, 27, and *Shaw v. Randali* (1860) 15 Cal. 384.) In *Kerbach v. Board of Education* (1974) 39 Cal.App.3d 355, the Court held that the "notices" in Education Code section 13447 (later renumbered section 44955) which must be served to avoid the consequence that the employee "be deemed reemployed," include the March 15 notice of recommendation and the required specifications of reasons. (*Id.* at page 363.) In general accord are *Rutherford v. Board of Trustees* (1974) 37 Cal. App.3d 775 and *Degener v. Governing Board* (1977) 67 Cal. App.3d 689, 698.

5. In 1983 the Legislature added the language in section 44949 relied upon by the District: "Nonsubstantive procedural errors committed by the school district or governing board of the school district shall not constitute cause for dismissing the charges unless the errors are prejudicial errors." District contends that because both respondents were ultimately served with the preliminary notice on March 23 and were permitted to file a request for hearing and enjoy all of the due process rights afforded others timely served, no prejudice occurred and the initial errors were cured. In order for District to prevail, the

harmless error provision must be read to include the failure to serve a timely preliminary notice. Even then, the omission must be construed as "nonsubstantive." If those conditions are met, the District would prevail because no prejudice was established apart from the absence of the earlier notice contemplated by the statute. District's position is untenable for the reasons explained below.

6. The Legislature did not alter the language in section 44955 which "deemed [certificated employees] reemployed for the ensuing school year" if a school district fails to provide such employees the notices required by Education Code section 44949. Nothing in the changes to Education Code section 44949 suggests that the automatic consequence of late notice was being altered. It must be assumed that the Legislature knew that state appellate courts had consistently ruled that such notices were mandatory. Moreover, as the Legislature has not changed the language in section 44955 providing a specific consequence for failure to timely serve the preliminary and final notices, the long standing principle articulated in *Ward* and *Karbach* still requires consideration of such notices as "jurisdictionally mandatory."

7. It is possible to reconcile the language in section 44949, subdivision (c) (3), with the mandatory notices in section 44955, subdivision (c). Although the court was faced with a different issue,<sup>3</sup> the language in *Cousins v. Board of Education* (1994) 24 Cal. App.4th 1846, at pages 1853 and 1854, is instructive:

Because sections 44929.21<sup>4</sup>, 44949 and 44955 are in pari materia, we must construe them together as one statute. As expressed in *City of Huntington Beach v. Board of Administration* (1992) 4 Cal.4th 462, 14 Cal.Rptr.2d 514, 841 P.2d 1034], 'In this regard, all parts of a statute should be read together and construed in a manner that gives effect to each, yet does not lead to disharmony with the others.' ( *Id.* at p. 468.) 'Moreover, every statute should be construed with reference to the whole system of law of which it is a part so that all may be harmonized and have effect. [Citation.] If possible, significance should be given to every word, phrase, sentence and part of an act in pursuance of the legislative purpose. [Citation.] Such purpose will not be sacrificed to a literal construction of any part of the act.' [Citation.]

8. The language in subdivision (c)(3) of Education Code section 44949 upon which District relies may be harmonized with the language of section 44955 upon which respondents rely. Education Code section 44949 includes many procedural obligations including those specified in the formal hearing provisions of the California Administrative Procedure Act (APA) adopted by reference in the statute. These include notice provisions

<sup>3</sup> The issue addressed by the court was whether a school district could use the non-re-election process where it conceded that the reason for terminating a probationary teacher was purely economic. The court held that the teacher was entitled to the due process afforded probationary teachers in a layoff proceeding and at least implied that it was too late to commence such a process. (*Cousins*, at page 1854.)

<sup>4</sup> This is the section dealing with non-re-election of probationary certificated employees.

relating to the filing of the accusation and notice of defense, discovery rights, and procedures relating to the administrative hearing and issuance of a proposed decision. None of these procedures includes language mandating a particular consequence for failure to comply. By limiting the application of section 44949, subdivision (c) (3), to procedures other than the notice requirements for the preliminary and final notices, statutory harmony is promoted. More importantly, this interpretation gives continued significance to the clear language in Education Code section 44955 requiring the reemployment of a teacher if the preliminary notice is not provided in a timely manner.<sup>5</sup>

9. This reading is also consistent with the rule that specific provisions are paramount over general ones. (Code Civ. Proc., § 1859; *Taylor v. Board of Trustees* (1984) 36 Cal.3d 500, 513.) Section 44955, subdivision (c), is a specific provision dealing with the consequences for a school district's failure to give timely preliminary or final notices to teachers. As such, it prevails over the general provisions of Education Code section 44949, subdivision (c) (3), addressing procedural errors generally.

10. Finally, the characterization of the preliminary and final notice provisions of Education Code section 44949 as "jurisdictionally mandatory" by courts based on the Legislature's inclusion of a specific remedy makes such notices "substantive" procedural requirements. As such, they are not subject to the harmless error rule added to section 44949.

#### *General Legal Conclusions*

11. The parties have agreed that cause exists under Education Code sections 44949 and 44955 to provide notice to the respondents designated for layoff in Attachment A, other than respondents Afan, Cannon, and Jillian Woodford, that their services will not be required in the ensuing school year. Such cause relates solely to the welfare of the District and the pupils thereof.

12. Cause does not exist under Education Code sections 44949 and 44955 to provide notice to respondents Kristina Afan, Colleen Cannon and Jillian Woodford that their services will not be required in the ensuing school year. The parties agree that Woodford shall not receive a final layoff notice because she is senior to Ms. Cannon who is being retained.

13. All notice and jurisdictional requirements set forth in the California Education Code sections 44949 and 44955 were met.

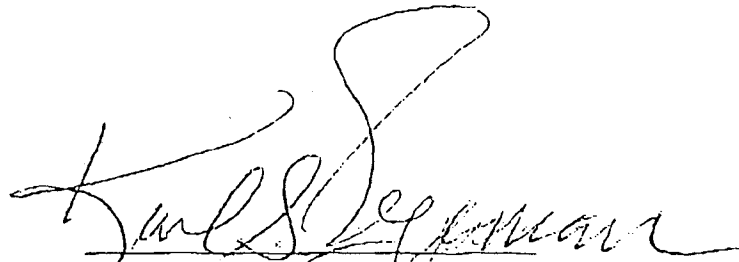

---

<sup>5</sup> The language upon which District relies bars "dismissing the charges" based on harmless error; however, 44955, subdivision (c), precludes a school district from even pursuing such "charges" without a timely preliminary notice, so this situation should not ordinarily arise.

ORDER

Notice shall be given to the identified respondents that their services will not be required for the 2009-2010 School Year because of the reduction and discontinuance of particular kinds of services.
