PARTICIPATION AT SCHOOL BOARD MEETINGS

The Board recognizes the value of public comment on educational issues and the importance of allowing members of the public to express concerns regarding agenda items.

To permit fair and orderly public expression, the Board will provide a period for public comments at regular public meetings of the Board on meeting agenda items only.

The presiding officer of each Board meeting at which public participation is permitted shall administer the procedures of the Board for its conduct.

Comments will be limited to Board meeting agenda items with a time limit of 3-5 minutes.

The presiding officer shall be guided by the following rules:

- A. Public participation shall only be allowed during the time of public comments on the agenda.
- B. Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, group affiliation and which agenda item they wish to address.
- C. All statements shall be directed to the presiding officer; no person may address or question Board members individually.
- D. The presiding officer shall:
 - a. Interrupt, warn or terminate a person's statement when the statement is a complaint against any employee, or is too lengthy, personally directed, abusive, obscene, or irrelevant.
 - b. Request any individual to leave the meeting when that person does not observe reasonable decorum;
 - c. Request the assistance of law enforcement officers in the removal of a disorderly person when that persons conduct interferes with the orderly progress of the meeting;
 - d. Call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action;
Waive these rules with the approval of the Board when necessary for the protection of privacy, rights of any Board member or employee, or the administration of the Board's business.
- E. A Board meeting is a meeting in public, not a public meeting.

School Safety Policy Items

1. **All** interior and exterior doors will remain locked and secured throughout the regular school day and during sports practices or extracurricular practices/gatherings. Students and staff will not prop doors open under any circumstances. Staff members who fail to follow this directive could face disciplinary action up to and including termination. Students who fail to follow this directive could face disciplinary action up to and including expulsion.

Community groups that use school buildings (athletic or otherwise) are also not allowed to prop open doors. Failure to follow this directive may result in loss of the ability to use our facilities.

2. Administrators, School Safety Specialists, and SRO's will work with classroom teachers to ensure that students are put in the best possible area of the classroom in the case of an intruder or active shooter. If possible, the area of the classroom will be designated with a line, or some other demarcation, so it is easily identifiable.
3. Administrators will meet with our SRO and safety specialists to review safety procedures/plans. These plans will then be reviewed with the staff at each building.
4. Building administrators will work with our SRO and Safety Specialists to complete more frequent lockdown/intruder drills.
5. The Superintendent will work with the SRO and Safety Specialists to review and/or revise our community communication plan, and reunification plan, that will be used in case of an emergency.
6. The Superintendent will work with the SRO and Safety Specialists to investigate ways to make our buildings and buses more secure. Safety and security items will be paid out of the Rainy Day Fund. The Superintendent will work toward having all school buildings and buses equipped with the ability to communicate with law enforcement and other agencies as needed.
7. Certain parts of our Security and Safety Plan will remain confidential. This is a practice suggested by the Indiana Department of Education's Office of School Building Physical Safety and Security.

Other Information:

- The entryways to all buildings have been secured through camera upgrades and double “buzz-in” systems.
- Background checks are required for any volunteers for participation in student activities (classrooms, field trips, coaching, etc...)
- We have a board adopted civility policy that allows us to suspend anyone from being on school property if they create a threat to school staff or our buildings.
