

SCHOOL PLEDGE

Right now, today, this very moment, I am capable of giving myself, the gift of absolute self-assurance, self-belief, and powerful non-stop confidence in myself.

“ TO THROUGH AND BEYOND COLLEGE ”

MESSAGE FROM PRINCIPAL DUNGEY

Dear Parents,

Quarter 2 is well under way. It’s time for a quarter checkup on your child’s attendance. Researchers have looked at what happened when students missed as few as one day every two weeks. Here’s what they found:

- School absences add up. Kids who aren’t in school can’t learn what’s being taught. This includes late arrivals and early pickups.
- Missing school becomes a habit. Children who miss a lot of school in kindergarten are still absent frequently in fifth grade.
- There is a “clear and consistent relationship” between early attendance and later achievement. Kids who come to school in the early grades are still doing well in middle and high school.

How many days of school has your child missed? It’s not too late to get back on track

So, he or she can have a successful school year—and school career.

Principal Dungey

Read by Grade 3 Law

In 2016, the Michigan Legislature passed a law that requires schools to identify learners who are struggling with reading and writing and to provide additional help. The law states that third graders may repeat third grade if they are. More than one grade level behind beginning with the 2019-2020 school year. More information to come.

Decrease Chronic Absenteeism by 20%
45%-30% Qtr 1 37.5%

60% of students will meet NWEA Individual Goals

20% increase in MSTEP and PSAT scores from 21-22 SY

School Wide Cooperative Challenge Active Listening

When students are actively listening, it looks like:

1. Focus/ Concentration- reminds us to really pay attention when we are listening
2. Say It Back- Reminds us to repeat what the speaker has said to make sure that we heard it correctly
3. Asking Questions- Reminds us to ask questions if we don't understand what the speaker has said Be sure to use active listening when you are working hard in your classes.

Exact Path

Exact path is our Title I funded intervention that is based on student NWEA scores. Students are completing during the school day, however extra practice is indicated to reduce the Covid loss that has occurred. Students should be using it daily at least 80-100 minutes per week! Students with computers at home can complete exactpath at home! Please check with your child's teacher for log in information.
