

OCTOBER 2022

OSHKOSH AREA SCHOOL DISTRICT PROJECT PROGRESS REPORT

CONSTRUCTION UPDATE

The project at Vel Phillips Middle School remains on schedule as they make the most of the nice weather remaining this calendar year. The last of the concrete footings are in place in the gymnasium area. Meanwhile, large ducts, piping, fireproofing, and painting are occurring on-site. The Vel Phillips project will continue adding more crews to the job site as different areas transition from raw materials to infrastructure and eventually finish installing.

PLANNING & DESIGN UPDATE

A neighborhood meeting was held on September 15th at Webster Stanley's media center for those in the neighborhood to come and see the progress on the new elementary school design of the new school and ask questions/raise concerns for the School District to consider. In addition, conversations have started at the Facilities and Finance Committee regarding the naming process for the new elementary school facility. Similar to the Vel Phillips Middle School project, the school district will present two separate surveys to get feedback on the new facility's name. Lastly, on the Elementary School, OASD hosted an all-staff meeting for those currently working at Merrill ES, Washington ES, and Webster-Stanley ES to get a closer look at the new facility's design and ask questions to district leadership and Bray Architects.

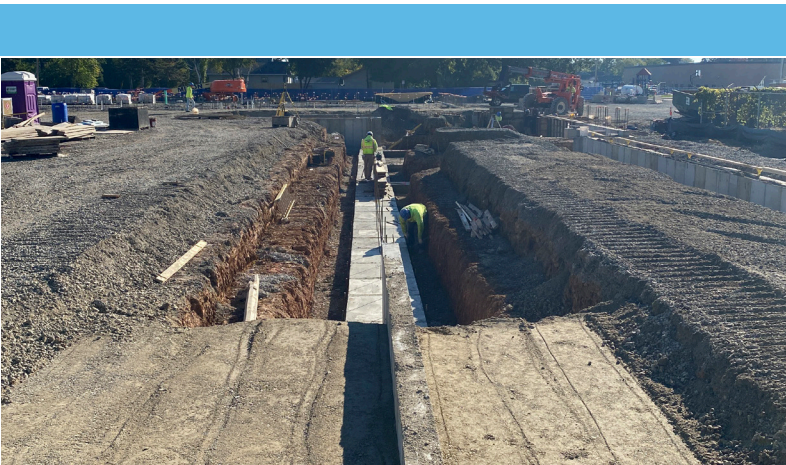

In addition to the work at Vel Phillips Middle School and the new elementary school, OASD met with all four principals in the last week of September to finalize designs for the secure entry projects at Read ES, Oakwood ES, North HS, and West HS. These projects remain on track to go out to bid at the end of the calendar year, with construction targeted to start between March and June of 2023.

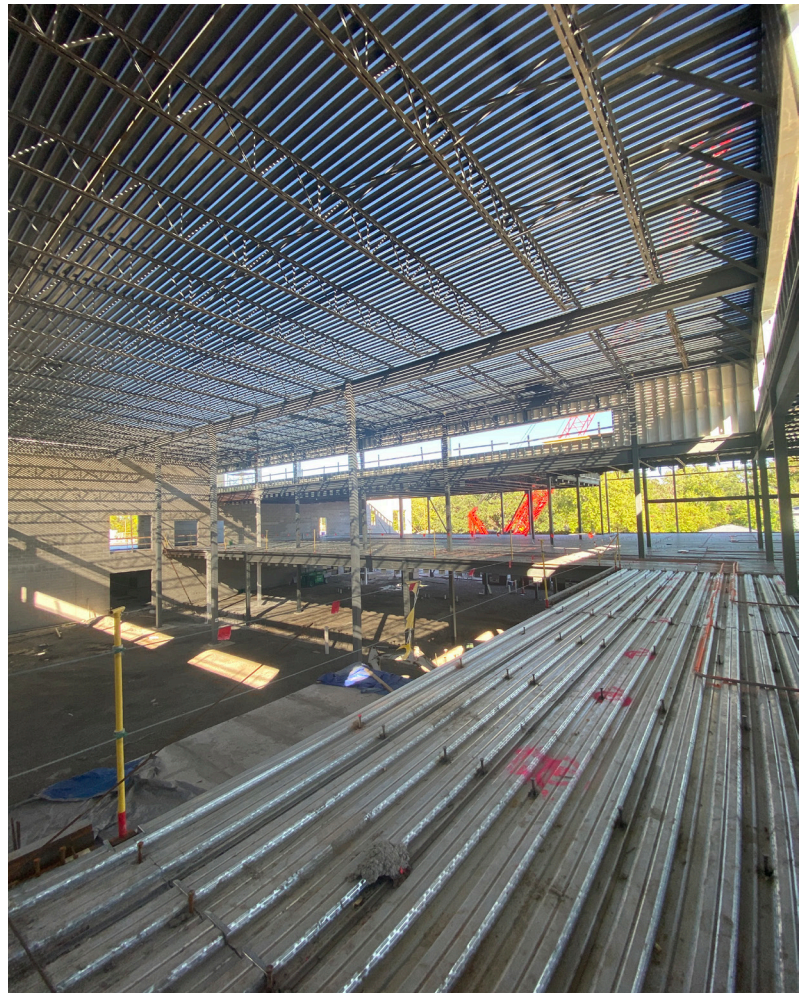

NEW ELEMENTARY SCHOOL RENDERED LOCKER BAY AT CLASSROOM CORE

WHAT'S NEXT?

- » Construction is at full speed at Vel Phillips Middle School: Masonry Walls, Stud Walls, Ductwork/Piping, Electrical Infrastructure in place, Drywall being Hung, Painting
- » The Field House at Vel Phillips MS will take shape with wall panels arriving Mid-October.
- » The New Elementary School site plan and associated Traffic Study will go before the City's Traffic & Parking Advisory Board on October 11.
