December 12, 2022 - December 22, 2022 • WWW.STDOMINICHS.ORG/COLLEGE

ACT Focus

Tip of the Week: ACT Science Tips and Techniques 6-10

1. **Don't Re-read:** If you find yourself very confused or re-reading the question more than twice, pick a choice and move on.
2. **For the scientist's views:** Read if and only when you need to. Read the question first, just like the ACT reading part, and then find the answer in the passage.
3. **Extra practice:** In addition to the book drills, google random graphs and tables and see if you can spot trends, information, etc. to improve your graphing skills.
4. **Review terms covered earlier in this session:** To remind yourself about IV, DV, etc. .
5. **Speed:** Work quickly but accurately

SCHOLARSHIP UPDATE

Colleges and universities are working diligently through the FAFSA data received for each of their applicants. You will soon begin to receive personalized financial aid offers. These offers not only include the automatic scholarships you earned at the time of your acceptance, but also will include federal grants, work study and merit scholarships you may have earned. Check the admissions portal for updates to your financial aid account.

Haven't filled out the FAFSA yet?

February 1 is the Missouri deadline, but check with the financial aid office at your school. Many schools have a priority deadline. Mizzou is one of them! Their priority deadline is January 7, 2023

Alumni Spotlight

Tim Gloriod '16

University of Missouri - Columbia | Bachelors of Arts in Sociology

Tim Gloriod is a 2016 graduate of St. Dominic High School who was a four year member of the Crusaders' football team. Tim remembers back to his time at St. Dominic as one that created an environment of selflessness, and ultimately led him to want to pursue a career that made a difference in people's lives.

Tim would go on to the University of Missouri-Columbia (Mizzou) where he also played on the Rugby team while earning his degree in Sociology with a minor in Criminal Justice.

"I wanted to get into a career that dealt with many different people from very different backgrounds, so I decided on majoring in sociology. Along with that, studying criminal justice and criminology was a great opportunity to understand the different sociological factors that go into crimes and criminals."

Upon graduation from Mizzou, Tim would become a deputy for the Sheriff's Department in Olathe, KS. He has since taken that experience to become a Claims Adjuster for Zurich. Tim offered the following advice to current students as they prepare for their college and career path:

"I've found all along the way that our teachers, professors, fellow students, and future managers all want us to succeed and are there to help. If you are unsure about something just ask, because more times than not you will also be helping a fellow student that has the same question you do."

Weekly Wellness
