

DLM-AA, Grades 3-8

3/15 thru 5/10

Description of Assessment, What is Assessed and Purpose of the IAR:

DLM-AA is designed for students with many types of significant cognitive disabilities. It is a completely individualized assessment designed so students can show what they know and can do in literacy, math, and science.

CogAT, selected students in grades 2-7

April 2023

Description of Assessment, What is Assessed and Purpose of the CogAT:

CogAT, which stands for Cognitive Abilities Test, is utilized to reflect a student's overall reasoning and problem solving abilities through a battery of verbal, quantitative, and nonverbal assessments. This data, along with other benchmark data, will be utilized to determine acceleration needs (ex: enrichment, GATE, advanced math, etc.)
