LEBANON COMMUNITY SCHOOL DISTRICT BUDGET | 2022 - 2023

INTRODUCTION

As Superintendent of the Lebanon Community School District, I propose a \$84,809,616.28 budget for the 2022-2023 fiscal year. This budget aligns our resources to our goals and district strategic plan. The proposed budget assumes a State School Fund allocation of \$9.299 billion, a fully-funded Student Investment Account grant allocation of \$800,000,000, and a fully-funded High School Success grant allocation of \$315,000,000.

SUMMARY OF RESOURCES

General Fund Budget	\$51,785,998.00 (61.06%)
Special Revenue (Grants)	\$27,542,668.28 (32.48%)
Debt Service	\$4,423,550.00 (5.22%)
Other Funds	\$1,057,400.00 (1.25%)
Total Budget	\$84,809,616.28

GENERAL FUND BUDGET

The General Fund represents 61% of the 2022-2023 proposed budget for all funds and accounts for most operating activities of the district. General Fund revenues come from two primary sources—local property taxes and the State School Fund (primarily funded through state income taxes). The proposed budget assumes a State School Fund appropriation of \$9.299 billion, with 51% allocated in 2022-2023 (the second year of the current biennium).

GRANTS-FUNDED BUDGET

Grant Funds represent 32.48% of the 2022-2023 proposed budget for all funds and accounts for local, state, and federal grants received by the district for specific programs. Significant resources include the following grants:

TITLE I

Schools with significant numbers of students from low-income homes will receive supplemental funds to meet students' educational goals. We currently focus our Title I resources at the elementary level to support our early literacy goal. These funds are allocated yearly based on the previous spring's school numbers. We strive to provide all elementary schools with a stable Title I program, and we supplement through the general fund to ensure this.

STUDENT INVESTMENT ACCOUNT (SIA) GRANT

During the 2019 legislative session, the Student Success Act marked a turning point for public education in Oregon. When fully implemented, schools in Oregon will see an additional \$1 billion investment each year. The Student Investment Account represents 50% of the Student Success Act funding dedicated to public schools in Oregon. These funds are budgeted in the Grants Fund, and the district expects to receive \$3,300,000 in 2022-2023.

The High School Graduation and College and Career Readiness Act of 2016 (Measure 98) was approved by voters in 2016 and provides direct funding to school districts to establish or expand career and technical education (CTE) programs, establish or expand college-level educational opportunities, and establish or expand dropout-prevention strategies. These strategies support the needs of students related to engagement, personalization, achievement, and college and career readiness. These funds are budgeted in the Grants Fund, and the district expects to receive \$1,134,193 in 2022-2023 to continue the implementation of strategies outlined in the measure.

ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF (ESSER) FUND GRANTS

Through multiple U.S. Congressional actions, LCSD is receiving federal grants through the ESSER fund, which was established to address the pandemic's impact on our educational community. These funds are budgeted in the Grants Fund, and the district expects to receive \$7,200,000 over the next two years. Central to our planning on using these funds is the need to measure and address unfinished instruction, prioritize students with the most opportunity for growth, and enhance instruction and blended learning.

SUMMER ACADEMIC SUPPORT GRANTS

Through Oregon legislative action, House Bill 5042A authorizes the Oregon Department of Education to make available \$150,000,000 in state general funds to school districts for academic summer school to support high school students facing academic credit loss, summer enrichment programs, and wrap-around child care. These funds are budgeted in the Grants Fund, and the district expects to receive \$682,497 in funding.

This summer, our students will receive additional instruction and have access to mental health support as well as opportunities to grow academically, socially, and emotionally. We are collaborating with Boys & Girls Club of Greater Santiam to expand opportunities for student engagement. Summer academic support will include a three-week credit recovery program for high school students and academic boost programs for both elementary and middle school students.

CONCLUSION

This budget proposal reflects one-time funding resources that we have targeted to help mitigate student learning loss. We are dedicated to using all of the resources at our disposal to strengthen existing systems and identify new and expanded practices to support our students year round—academically, socially, and emotionally. We are dedicated not simply to minimizing the pandemic's impact but in ensuring that students thrive and graduate with options ahead of them.

With renewed optimism, I remain confident about the capacity of our organization and our community to advance our vision of Pursuing Excellence for Every Student, Every Day.

I thank the budget committee members for their service, support, thoughtful analysis, dialogue, and consideration of this proposed budget.

Respectfully submitted,

Bo Yates

The Budget At A Glance

Local Budget Law

Oregon's Local Budget Law is set forth in ORS 294.305 to 294.565 and sets the standard procedures for preparing, presenting, and using budgets. Citizen involvement is encouraged before the budget is formally adopted.

A budget is a financial plan for one fiscal year. It shows estimates of revenues and costs of items or services that the District wants to purchase in the coming year.

The budget authorizes the District to spend money and limits how much it can spend. The budget also justifies the levy of property taxes. The District must plan a balanced budget where resources equal expenditures. The District can't plan to purchase more items or services than it has money to pay for them.

The Budget Process

The budget process is broken down into four phases.

Phase 1: the budget officer puts together a proposed budget. This takes months of time and involves both building and

central office staff. The format of the proposed budget is designed by the Department of Revenue and includes a budget message prepared annually by the Superintendent. Once the proposed budget is given to the Budget Committee, citizens may obtain a copy by calling (541) 451-8458. The Budget Committee is made up of all the current Board Members and an equal number of appointed electors. The Budget Committee's duties are: to receive the budget document; to hear the budget message; to hear and consider public comment; to discuss and revise the budget as needed; to approve the budget; and to approve the property taxes.

Phase 2: is when the Budget Committee approves the budget. The first Budget Committee meeting usually takes place in April or May. The Budget Committee reviews the proposed budget, listens to comments from citizens, and then approves the budget.

Phase 3: includes adopting the budget and certifying property taxes to the county assessor. This phase includes a special hearing of the School Board. Notice of the hearing and a summary of the budget are published in the local newspaper five to

thirty days in advance of the hearing.

Phase 4: occurs when the District is operating under the adopted budget. Any changes to the adopted budget must be made before additional money is spent, or money is spent for a different purpose than described in the adopted budget. The School Board may adopt a supplemental budget at a regular meeting if expenditures in the supplemental budget are less than 10 percent of the annual budget fund being adjusted. If the expenditures are more than 10 percent, the School Board must first publish the supplemental budget and hold a special hearing.

Budget Funds

1. General Fund

The General Fund keeps track of expenditures needed to run the daily operations of the District. Property tax money raised through the permanent rate limit and State School Fund payments go into this fund.

2. Special Revenue Fund

These funds account for money that must be used for a specific purpose. They

include Federal, State, and Local grants, as well as Food Service and School Activity Funds.

Most federal grants are received as part of the Elementary and Secondary Education Act (Title I through V). The allocations for these are not published until after the fiscal year starts so we budget slight increases in each grant entitlement in order to have authority to spend what we receive.

State and Local grant funds include some “placeholders” for additional grants that may be received during the year. This gives us the authority to spend the funds if any new grants are approved.

The Food Service fund accounts for the resources and expenditures of the District’s meal programs. Revenue sources include sales of meals, and subsidies under the National School Lunch Act.

School Activity Funds account for the District’s individual school activity programs. The major sources of revenue are student participation fees, and fund-raising activities.

3. Debt Service Fund

This fund records the repayment of general obligation bonds and general long-term debt, principal and interest.

The District has appropriated for the 2005

Bond Refunding and the 2011 Bond Refunding.

The Debt Service Fund also includes principal and interest payments on full faith and credit obligations through QSCB (Qualified School Construction Bond) funding that was established in 2011.

4. Capital Project Fund

This fund records the revenues and expenditures used to build or acquire facilities such as land or buildings. Once the building is built or the land acquired, the fund is closed. Revenues usually come from the sale of general obligation bonds.

In 2007, the Oregon State Legislature passed a law (SB1036) that will help Oregon school districts pay for a portion of the cost of new or expanded school facilities. The bill allows school boards, in cooperation with cities and counties, to tax new residential and non-residential development. This tax will require developers to share the cost of growth with school districts.

5. Enterprise Fund

This fund accounts for operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing goods or services to the students or general public on a continuing

basis are financed or recovered primarily through user charges.

6. Internal Service Fund

This fund accounts for the operation of district functions that provide goods or services to other district functions, other districts, or to other governmental units, on a cost-reimbursement basis.

BUDGETING AND ACCOUNTING

The budget is developed to reflect Generally Accepted Accounting Principles (GAAP). As governmental funds, revenues and expenditures are budgeted and accounted for using the modified accrual basis of accounting. Under this basis, revenues are recognized when they become both measurable and available. Available is defined as collectible within the current period or soon enough thereafter to pay liabilities of the current period. Revenues subject to accrual include property taxes, grant revenue and charges for services. Property taxes are considered to be available if they are collected within 60 days after year-end.

Expenditures are recorded when the related fund liability is incurred. Principal and interest on long-term debt are recorded as fund liabilities when due.

Resources include a good faith estimate

of beginning cash carried forward from the previous fiscal year.

ASSUMPTIONS FOR BUDGET PREPARATION

General Fund

Revenue and Resource Estimates the General Fund budget is heavily dependent upon funding from the state. Historically, the largest source of revenue for public schools in Oregon has been local property taxes. In 1995, Measure 5 changed that dramatically by lowering the amount of property taxes schools could raise. In 1997, Measure 50 further limited local property taxes to schools. Measure 5 required the state legislature to offset lost property tax revenue with money from the state general fund, which is composed primarily of state income taxes. As a result, Oregon schools are increasingly supported by state, not local, dollars.

The 2022-23 budget is developed using State School Funding for schools at \$9.299 billion for the 2021-23 biennium.

As part of the Linn-Benton-Lincoln ESD Local Service Plan, the District receives resolution funds every year to be used on services provided by the ESD.

Expenditures and Commitments

Salaries, health insurance and other benefit increases will be budgeted for in accordance with contractual agreements.

Budget increases will be estimated for basic items expected to increase such as; utilities, leases, property and liability insurance, etc.

The District continues to “pick-up” the negotiated 6% employee contribution to PERS.

Contingency and Ending Fund Balance

Contingency is for expenditures which cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. The budgeted amount is transferred by school board resolution to the proper expenditure code.

Unappropriated Ending Fund Balance is an estimate of funds needed to maintain operations from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available.

Other Funds

Revenue and Resource Estimates

Federal Title programs include: Title I-A Improving Basic Programs; II-A Improving Teacher Quality; and X Education for Homeless. Other Federal programs include IDEA (Individuals with

Disabilities in Education Act). The amounts for these grants are not announced until the fall so they are assumed to be funded at current level. If these grants are not funded, or are funded for less, expenditures will not be made.

Student Activity Funds account for funds collected by the student body at each school. These include; student fees, sports fees, concession sales, donations, and miscellaneous. The student organization at each school determines how the funds are to be used. The main criteria is that they are used for the benefit of the students.

Debt Service Funds levy taxes to pay back outstanding bonds for the District.

PROGRAM BUDGETING AND ACCOUNTING MANUAL OVERVIEW

The budget is prepared following the “Program Budgeting and Accounting Manual for School District and Education Service Districts in Oregon” published by the Oregon Department of Education. The Manual is designed as a resource tool and the use of the budget and accounting codes will vary with the individual needs of each district. The minimum requirement is adopted as Administrative Rule by the State Board of Education. Additional codes are available at the option of the district for more extensive use of account descriptions. The 2019 Manual was developed based on the following goals:

- To provide consistent classification of expenditures to allow valid spending comparisons among schools and district. The system complies with Generally Accepted Accounting Principles (GAAP)
- The system can be used to plan and manage the resources of the district
- The manual is a working handbook to which revisions will be made.

A primary emphasis of the manual is to define account classifications that provide meaningful financial management

information to its users. Achieving consistency in budgeting and financial reporting enhances our ability to present a clear picture of the district’s financial condition and to make valid comparisons among districts. Financial information that is consistently presented in a simple and straightforward format will be readily understood by the public, and provide a sound basis for decision-making.

Governmental accounting systems are organized and operated on a fund basis. If one were to compare fund accounting with commercial accounting, each fund would equate to an independent business, with a separate set of records owned by one entity, the district. The majority of the District’s funds are in the Governmental Funds group. These include: 100 General Fund; 200 Special Revenue Funds; 300 Debt Service Funds; and 400 Capital Projects Funds.

There are three basic types of financial activity within funds: (1) revenues and other sources of funds, (2) expenditures and other uses of funds, and (3) transactions affecting the balance sheet (assets and liabilities) of the District.

Revenues are classified by Fund and Source. Sources are further classified by major source: 1000 Local sources; 2000 Intermediate Sources; 3000 State Sources; 4000 Federal Sources, and: 5000 Other Sources.

Expenditures are classified by Fund, Function, Object, Operational Unit, Area of Responsibility, and Sub-Area.

Function describes the activity for which a service or material object is acquired. The major functions of a district are: 1000 Instruction; 2000 Support Services; 3000 Enterprise and Community Services; 4000 Facilities Acquisition and Construction; 5000 Other Uses; 6000 Contingency, and; 7000 Unappropriated Ending Fund Balance.

The Object is the service or commodity bought. Objects are divided into: 100 Salaries; 200 Benefits; 300 Purchased Services; 400 Supplies and Materials; 500 Capital Outlay; 600 Other Objects; 700 Transfer, and; 800 Other Uses.

The Operational Unit is used to identify schools or non-school cost centers such as central programs or departments. These codes are defined by the District but are required for state reporting.

The Area of Responsibility provides additional detail to the account code and is used to identify expenditures for specific curriculum areas and programs.

The Sub-Area is used by the District to classify expenditures for particular purposes at our discretion. This is most often used to identify the fiscal year for Federal Grants.

An example of an account code would be:

100.1131.0410.610.100.000

Fund **100** is the General Fund

Function **1131** is High School Programs

Object **0410** is Supplies

Operational Unit **610** is WeBSS

Area **100** is English

Sub-Area **000** is unassigned

This structure allows for detailed reporting of expenditures in order to present a clear picture of the District's financial condition. The chart of accounts is adopted by the Oregon Department of Education, is approved by the Department of Revenue, and classifies revenues and expenditures for compliance with Oregon Budget Law. The District is in the process of aligning account codes to the PBAM (Program Budgeting and Accounting Manual, for School Districts and Education Service Districts in Oregon).

School Formula Finance

K-12 School Districts: Oregon has 197 school districts serving about 550,962 students in K-12. These districts operate with relative autonomy within guidelines specified by both the Legislature and the Oregon Department of Education. The federal government also mandates certain programs.

Local Revenue: School districts receive general operating revenue from various sources with property taxes being the primary local source. Local revenues are included as an offset to the state school fund formula. Other offset sources include the Common School Fund, Federal Forest Fees, and County School fund.

State Support: The State School Fund (SSF) provides about 67% of school formula operating revenue. This revenue is mostly from state income taxes and lottery revenue. The state's share of education funding increased from about 30% before Measure 5 (1990) to about 70% after Measure 50 (1997). State revenue replaced reduced local revenue because of these two property tax limitations.

Along with increased state aid, the school fund distribution method for state support changed dramatically.

Equalization Formula: In 1991 the Legislature adopted the SSF formula and phased in its implementation. The SSF equalization formula allocates an amount to each school district based primarily on number of students. The state grant is this formula amount reduced by local revenues. The formula equalizes revenues per student by removing past differentials caused by widely varying local tax rates and property wealth per student.

To recognize that some students need more school services, the formula assigns weights to certain students. For example, special education students count as 2.0 students to recognize their need for special programs. There are additional weights for: ESL .50; students in pregnant/parenting programs 1.0; students in poverty .25; and students in foster care or neglected/delinquent .25. There is a limit to the total weight per student. The grant per weighted students is also adjusted for: teacher experience; 70% of transportation costs; costs over \$30,000 per high cost disability student; and up to 8% for classroom construction costs with a limit per biennium.

Frequently Asked Questions:

Why Can't we eliminate or reduce funds spent on Special Education?

We, like all other public schools in the nation, serve the needs of many kinds of students. Special Education is a required service by both federal and state law and cannot be eliminated. The Individuals with Disabilities Education Act (IDEA) grant program requires school districts, as a condition of receiving these federal funds, to meet "maintenance of effort" (MOE). This means that the total state and local general fund expenditures of a school district for education of children with disabilities for any year must be at least equal to the amount spent in the

most recent preceding fiscal year. If we do not meet MOE, we must return general funds in the amount equal to the shortfall to ODE.

Why do we need a contingency fund and what is it used for?

The Operating Contingency fund is a specific amount of money that is budgeted and set aside to provide for unforeseen costs of an unusual or extraordinary nature that could not be planned for when the budget was developed. Examples would include a major equipment failure (like a school's boiler) or a significant increase in fuel prices resulting from some external event. These funds are under the direct control of the school board and cannot be used without their approval.

What is an Ending Fund Balance and how is it used?

An ending fund balance is money left at the end of the school year. In the budget, it is an estimate of funds needed to maintain operations of the district from July 1 of the ensuing fiscal year and the time when sufficient new revenues become available to meet cash flow needs

of the fund. No expenditures can be made from the unappropriated ending fund balance. An ending fund balance is important for the following reasons:

1. Over 90% of our General Fund revenue is through the State School Fund and used to pay for our operations and services. Payments from ODE fluctuate based on the economy. ODE provides us with estimates of how much these payments will be for the coming year. However, as payments are made, ODE adjusts them based on changes in factors that make up the funding. The payments could be less or more than estimated. Having an ending fund balance allows us to stabilize overall revenue in order to maintain instructional programs for students.
2. As a "rule of thumb", OSBA recommends boards maintain a minimum ending fund balance of 5%-8% of its General Fund resources. This is based upon an average-size district (ADM of about 6,000) and assumes that districts will be able to anticipate a fairly reliable level of funding each year. The Government Finance Officers Association (GFOA) recommends, at a minimum and for any size district, that governments maintain an unreserved (not earmarked for

a specific purpose) ending fund balance of no less than 5%-15% of its general fund operating revenues, or of no less than one to two months of regular general fund operating expenditures. The more unpredictable your revenues and expenditures are, the more likely you will need to maintain a larger ending fund balance. Ending fund balance is not a sustainable source of revenue for a district, thus it is generally designed to address one-time expenditures. Once you draw those reserves down to cover lost revenue or to pay for ongoing expenditures, they are gone.

3. Funds left at the end of a school year can be rolled forward into the next school year as a revenue source. This is the carryover money, which in a time of unstable school funding has helped to stabilize programs and services - preventing a roller coaster ride of cuts and add backs.

STATE SCHOOL FUND GRANT

Linn County, Lebanon Community SD 9 - 2101

2022-2023 Local Revenue

Property Taxes and in-lieu of property taxes from local sources	=	\$11,925,243.00
Federal Forest Fees	=	\$120,000.00
Common School Fund	=	\$440,590.83
County School Fund	=	\$50,000.00
State Managed Timber	=	\$130,000.00
ESD Equalization	=	\$0.00
In-Lieu of Property Taxes(non-local sources)	=	\$0.00
Revenue Adjustments	=	\$0.00
Sum of Local Revenue	=	\$12,665,833.83

2022-2023 Experience Adjustment

District Average Teacher Experience	=	11.15
State Average Teacher Experience	=	12.30
Experience Adjustment (Difference in District and State Teacher Experience)	=	-1.15

2022-2023 Transportation Grant

Salaries	=	N/A
Payroll	=	N/A
Purchased Services	=	N/A
Supplies	=	N/A
Other	=	N/A
Garage Depreciation	=	N/A
Bus Depreciation	=	N/A
Fees Collected	=	N/A
Non-Reimbursable	=	N/A
Net Eligible Trans Expenditures	=	\$1,550,000.00
Transportation per ADMr Rank		11%
Transportation Reimbursement Rate		70.00%
70.00% of the Net Eligible Transportation Expenditures = the Transportation Grant \$1,085,000.00		

2022-2023 Extended ADMw

2022-2023 ADMw 4,698.09

2021-2022 ADMw 4,716.26

Extended ADMw 4,716.26

2022-2023 General Purpose Grant

Multiply the Teacher Experience Adjustment of -1.15 by \$25 then add \$4500 to the result = \$4,471.25
Then multiply \$4,471.25 by the Extended ADMw 4716.2566 and then by the funding ratio 2.09059674947 = \$44,085,589.25

2022-2023 Total Formula Revenue

Add the General Purpose Grant \$44,085,589.25 to the Transportation Grant \$1,085,000.00 = \$45,170,589.25

2022-2023 State School Fund Grant

Subtract the Local Revenue \$12,665,833.83 from the Total Formula Revenue \$45,170,589.25 = \$32,504,755.41

2022-2023 Rates per ADMw

General Purpose Grant per Extended ADMw = \$9,348

Total Formula Revenue per Extended ADMw = \$9,578

Charter Schools Rate(ORS 338.155) = \$9,384

200 Fund – Special Revenue Funds

Special Revenue Funds account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Some examples of special revenue funds might include: restricted state or federal grants in aid; restricted tax levies. A separate fund may be used for each restricted source or one fund may be used, supplemented by the dimension project/reporting code; e.g., bus replacement fund. Food Service and Student Body Funds should be classified here.

Special Revenue Funds

202	Vision Screening	278	TITLE III - ELL Consortium
205	SB1149	279	Student Activity Fund
207	National Writing Project Green Acres	281	Linn County Safe Schools Project/YST
214	NIKE, Inc Grant	282	Teen Parenting Grant
221	ESSA Student Support/Enrichment	286	ATHLETICS - HS & MS
222	SSAE Title IV-A	287	DHS INTEGRATION PROJECT
225	ESSA Foster Transportation	289	High School Success
228	TITLE I-A	290	CTE Revitalization
230	Bus Replacement Fund	291	Farm To School Education
232	Classroom Furniture Fund	293	PERKINS GRANT
233	OEA Choice Wellness Grant	294	HB 2444-OR FFA Summer Teacher Contracts
234	ESSER	295	Band - Music Replacement
235	Nutrition Services Gardening	297	Fresh Fruits & Vegetables
240	Textbook Adoption Fund	298	Farm to School Grant
243	MISCELLANEOUS GRANTS	299	NUTRITION SERVICES (Old fund 296)
245	MTSS LEA Coaches	701	District Office Hospitality Fund
248	YTP - Youth Transition Program	901	GEER Grant
250	Special Revenue Funds - Non-Fed	902	ESSER II
251	SIA	903	ESSER III
252	High School Success - M98	904	Summer Learning Grants
254	OEA Educator Health & Wellbeing	905	Summer KPI - Early Learning Hub
257	IDEA Part B §619	906	Emergency Connectivity Fund
259	IDEA PART B §611	907	ARP-HCY II
264	TAP - Asbestos Assessment	950	After School At Risk Meals and Snacks
271	TITLE IIA - Teacher Quality	951	Early Indicator and Intervention Systems (EIS)
272	Capital Projects Fund	997	Farm To School Procurement Grant
273	OUTDOOR SCHOOL	998	Farm to School Competitive
274	Technology Fund	999	PERS RESERVE

205 Fund – Senate Bill 1149 (SB 1149)

Senate Bill 1149 directed Oregon's two largest utilities, Portland General Electric and Pacific Power, to collect a "public purpose charge" from their customers.

The charge collected is equal to 3 percent of the total revenues from electricity services. The first ten percent of those funds collected go to Schools Districts to complete energy audits and implement energy efficiency measures in public schools within the PGE and Pacific Power service areas.

School improvements can include new windows, upgraded heating and cooling systems, building envelope improvements, energy efficient lighting, domestic hot water systems, and more.

Each year the district provides the Oregon Department of Energy utility information acquired from the District sites electric, natural gas and propane billings. Only District sites that are under the auspices of PGE or Pacific Power are qualified facilities that can be eligible for PPC (Public Purpose Charge) funds. A complicated formula establishes the amount of funding that can be applied to District projects that have been approved through SB1149. The District is applying some of these funds to repay Fund 311, the 2011 Qualified School Construction Bond (QSCB), for energy efficient projects that were approved for SB 1149.

230 Fund – Bus Replacement Fund

This fund was established to accommodate the requirement to reserve the depreciation value of our current bus fleet for future bus replacement. The money is generated through the transportation portion of the State School Funding Formula and is required to be used for bus replacement. To facilitate this process, the amount of the depreciation will be included in the calculation for the transfer from general fund. The District's goal is to purchase buses to meet EPA's 2007 emissions standards that require specific buses to be retrofitted or replaced by 2025. The District's intent is to purchase multiple buses at a time to maximize maintenance savings whenever possible.

232 Fund – Classroom Furniture Fund

This fund was established to replace the District's classroom furniture through an allocation operated at a District level. The funding source is through a transfer from the District's General Fund. This fund needs replenishment annually to reach the goal of having comparable classroom furniture throughout the District.

234 Fund – Elementary and Secondary School Emergency Relief Fund (ESSER)

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Department awards grants to State educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the nation. LEAs must provide equitable services to students and teachers in non-public schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

251 Fund – SIA

During the 2019 legislative session, Oregon’s leaders made a real commitment to our children, our educators, our schools and our state with the passage of the Student Success Act. When fully implemented, the Student Success Act is expected to invest \$2 billion in Oregon education every two years; that’s a \$1 billion investment in early learning and K-12 education each year.

At the heart of the SIA is a commitment to improving access and opportunities for students who have been historically underserved in the education system.

272 Fund – Capital Improvements Fund

This fund is dedicated to major capital projects for the repair and upkeep of District's facilities and grounds. In 2011-2013 there were QSCB (Qualified School Construction Bond) dollars used to address lighting and boiler energy efficiency projects. In 2020, the school district started a Construction Excise Tax. The revenue from the tax will be added to the Capital Improvement Fund to meet the needs of future capital projects.

274 Fund – Technology Fund

This fund is dedicated to major repair, replacement and upgrading of technology, including computing, networking and telecommunications. This fund was established in 2010-2011. In 2015-2016, the funds were saved and combined with 2016-2017 allocations to address major network upgrades that are E-Rate reimbursable through the new funding area. 2016-2017 projects included wiring and cabling upgrades and/or replacement. New E-Rate reimbursable projects for 2017-2018 addressed wireless capabilities and cabling. In 2018-2019, \$100,000 will be transferred from General Fund to support upgrades and additional security features. In 2019-2020, potential server upgrades and maintain a funding balance for major upgrades in the next three years. In 2022-2023, \$100,000 will be transferred from the General Fund to support technology upgrades to improve the online education experience.

277 Fund – Track and Turf Replacement Fund

Through Board Resolution this fund was developed as a dedicated source for the replacement and future maintenance of the Lebanon High School track and football field. Starting in June 2021, the school district is replacing the turf football field to be completed in the fall of 2021. No additional transfers will be made in 2022-23.

286 Fund – High School Athletic Fund

This fund is for money raised by admissions and athletic fees, along with the revenue transfer from the General Fund. Expenditures are used to support the High School Athletic Program and some Middle School Athletics. The District continues to explore areas where both high school and middle school students can participate in sports together (such as track, cross country, and wrestling) without a large financial outlay. In 2016-2017, the District increased the transfer from General Fund by \$40,000 for the implementation of middle school football and volleyball programs. In 2017-2018, the District increased the transfer by \$10,000 to help offset the PERS rate increase. In 2018-2019, the District increased the transfer by \$31,000 for the implementation of school basketball and increased staffing costs. In 2020-2021, the district will increase its transfer by \$25,000 to help support increase program costs and the addition of middle school soccer programs. In 2022-2023, the district will continue to support and grow its middle school athletic school programs. This will provide additional opportunities for all students to participate.

289 Fund – Measure 98

High School Success is a fund initiated by ballot Measure 98 in November 2016. The measure passed with 65% voter support and allowed the Oregon Department of Education (ODE) to disperse \$170 million total during the 2017-19 biennium among districts and charter schools that serve students in grade 9 through grade 12. The measure 98 funds are designed to assist the district with chronic absenteeism, career technical education, dropout prevention, and graduation improvement.

299 Fund – Nutrition Services Fund (Formerly 296 Fund)

This fund's primary focus is to provide food to students, including the preparation and serving of regular and incidental meals, lunches or snacks in connection with school activities, and the delivery of food.

The intent is for this service to be financed or recovered primarily through user charges and federal reimbursement. Therefore, activities are financed and operated in a manner similar to private business enterprises.

To support federal guidelines for healthier food selections and increased labor costs, the General Fund transfers have increased from previous years, starting 2015-2016.

The Community Eligibility Provision (CEP) provides the option for school districts to provide free breakfast and lunch to all students located in low income areas. In 2015-2016 the District participated in CEP at Green Acres and Cascade Elementary Schools, in 2016-2017, Pioneer and Riverview Elementary Schools, and in 2017-2018, Seven Oak Middle School was added. All schools receive breakfast at no charge. Seven Oak will continue CEP for 2020-2021. Cascades, Green Acres, Riverview and Pioneer are at the end of the CEP cycle. Pending ODE's decision regarding the Student Success Act Funding, more schools may be added back to CEP.

During the 2020-2021 school year, schools were served lunches based on the federally sponsored summer lunch program. This program will continue in 2021-2022.

902 Fund – ESSER II

Under the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund), the Department awards grants to State educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the nation. LEAs must provide equitable services as required under the CRRSA Act.

999 Fund – PERS Reserve Fund (formerly 299 Fund)

This fund was established in 2009-2010 for reserving money to cushion the District against future rate increases in the Public Employees Retirement System (PERS). In an effort to offset the impact of the increased PERS rates, all reserves in this fund were transferred to General Fund in 2013-2014. In 2014-2015, \$150,000 was transferred to re-establish funding for future rate increases. In both 2015-2016 and 2016-2017, the transfer was \$500,000 from General Fund. In 2017-2019, the PERS rates increased 4.5%, bringing the total average rate to 30.5% on all wages. To help offset the rate increase occurring in 2019-2021, \$850,000 will be transferred to the General Fund. In 2022-2023, the district will transfer the remaining retiree insurance and stipends expenses into this account.

300 Fund – Debt Service Fund

This fund accounts for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.

Revenue for this fund is property taxes levied to retire the voter approved bonded debt of the District. Expenditures in this fund are restricted to principal and interest payments on the District's obligations. Voter approved general obligation bonds have built the Pioneer and Riverview buildings and funded various additions and renovations to the District's holdings. The District has refinanced the bonded debt to take advantage of lower interest rates.

311 Fund – 2011 Non-Bonded Debt Fund

This fund records the yearly principal and interest payments on a full faith and credit obligation through QSCB (Qualified School Construction Bond) funding that was established in 2011. The purpose of this funding was to support the track and turf replacement, and energy efficiency projects while utilizing the Senate Bill 1149 (SB 1149) on appropriate projects to maximize funding. QSCBs are a federal program where a percentage of the interest is paid through federal funds. Initially the District qualified to have all of the interest covered by federal dollars resulting in 0% interest impact to the District. However, due to Federal Sequestration in 2013, the District has received a fluctuating decrease in Federal support.

421 Fund – Seismic Rehab – LHS Gym

The Seismic Rehabilitation Grant Program is a state of Oregon competitive grant program that provides funding for the seismic rehabilitation of critical public buildings, particularly public schools and emergency services facilities. Public K-12 school districts, community colleges, and education service districts are eligible for the grant program.

In 2021-2022, the district will complete seismic upgrades to the Lebanon High School main gym. This will include seismic upgrades and a new roof. In 2022-23 the district has budgeted a small amount to cover close out expenses for this project.

530 Fund – Vocational House Fund

This fund is designed as an enterprise fund. The District will purchase land to provide the students of Lebanon High School an opportunity through the Rough Carpentry / Construction Vocational Program to build a home. Once completed, the home will be sold, providing funding for additional homes to be built. In 2016-2017, the District sold a portion of the Crowfoot property to the City of Lebanon for \$80,000, resulting in the initial funding for this project. In 2017-2018, the General Fund transfer was \$80,000. In 2018-2019, a transfer from the General Fund of \$40,000 will be made to ensure the success of this program. In 2019-2020, the district sold the Vocational House. The revenue from the sale was used to purchase new property and the Rough Carpentry / Construction Vocational Program students are building a duplex.

In 2020-2021, the district purchased a two-acre parcel of land for the purpose of sub-dividing the land into twelve lots. The district will use this property for its Construction I and Construction II classes to develop and construct houses for the next five to six years.

601 Fund – Unemployment Insurance Fund

This fund accounts for the operation of District functions that provide services to other District functions on a cost reimbursement basis such as unemployment. Lebanon Community School District reserves funds and expends funds for unemployment benefits paid by the State for former District employees. The fund experienced heavy expenditures in 2009-2010 and continued through the 2010-2011 and 2011-2012 fiscal years. A transfer from general fund is necessary to fund the cost of future unemployment claims.

701 Fund – District Office Hospitality Fund

The District Office Hospitality (Social) Fund is an optional employee deduction. It is used for district office staff parties, funeral remembrances, and surgery / serious illness. The funds from this account are held in a separate staff checking account. This is held in a Trust and Agency Fund held by the district.
