Strategic Priorities 2022-2023

- I. Benchmark 1 – review lottery process to ensure meeting target population
The weighted lottery was adjusted for the incoming class of 2022. When running this year’s lottery we want to continue with that process to ensure the target populations outlined in the blueprint are served.
- II. Benchmark 2 – strengthening and aligning the MOU to benefit both IHE and ECHS
The current MOU was out of date. The IHE and ECHS will work together to develop an aligned MOU to meet the needs of both institutions and serve the students.
- III. Benchmark 3 – Reinstate Steering Committee meetings each semester
After COVID the Steering committee did not meet on a regular basis. The Steering Committee has been reestablished and will meet each semester.
- IV. Benchmark 5 – academic readiness, develop and provide interventions for students who do not pass the TSIA
Since COVID many students have not passed specifically the math portion of the TSIA. Working together the college and ECHS will work to provide interventions to ensure students gain the skills needed to pass the exam and then enroll in college math courses.
