

## ***Insurance Information (Grades 4-12)***

Accidents do happen. Because of that, your iPad is covered by insurance/AppleCare. Typically, insurance will pay for the cost to fix or replace your iPad unless the damage occurs intentionally! Depending on the nature of the incident, you may be responsible for the replacement cost of the device and/or case.

Because of these costs, there may be consequences should your iPad be damaged and need repaired. The following are **PER YEAR** consequences:

- **Following 1st Damage Incident** – The student may receive disciplinary action pending investigation. The student must also review the Do's and Don'ts of iPad usage and The Student Technology Guidelines. The student may also be given an older spare unit to use.
- **Following 2nd Damage Incidents** – The student may receive disciplinary action pending investigation. The student must also review the Do's and Don'ts of iPad usage and The Student Technology Guidelines. The student may also be given an older spare unit to use.
- **Following 3rd Damage Incidents- iPad repair is NOT COVERED under the insurance/AppleCare and the Parent/Guardian is fully responsible for the amount charged for the repair.**
