If formal action is required, the item will be placed on a future agenda and action will be taken at a future date. If information or a report is requested, the request for it must also be submitted in writing to the superintendent. (Please complete a speaker's card at the secretary's desk).

This is a period in which members of the public may address the Board on any subject within the Board's jurisdiction that is not on the agenda. The Brown Act does not allow the Board to take action or discuss items which are not on the agenda. This is because other members of the public have not been notified through the agenda that the subject of the statement would be discussed at this Board meeting.

The Board may ask for the item to be placed on a future agenda, direct the speaker to a person who can help, or provide the speaker with the correct procedure to follow to address his/her problem. All speakers have a constitutional right to free speech. As a protective measure, we would like to remind you that if you say something which might give another person the right to pursue legal recourse against you, there is a taped record of this meeting. This does not mean you cannot criticize employees of the District. However, we would suggest that you do it without using names. We would also suggest that you use the personnel complaint procedures. The board can only hear and address complaints which have been processed in line with the policy. We have copies of the policy and forms here, and staff will help you complete them.

# BUSINESS SERVICES MEMORANDUM

**TO:** Dr. James C. Franco, Superintendent  
**FROM:** Dr. Casey Goodall, Associate Superintendent for Business Services  
**DATE:** November 20, 2009  
**SUBJECT:** Ratify Routine Expenditures and Notice of Completions Which Meet the Criteria for Placement on the Consent Agenda

**BACKGROUND:** To be valid or to constitute an enforceable obligation against the district, education code 17604 requires that all contracts must be approved and/or ratified by the board of trustees. This requirement is met in several different ways, depending on the value of the requisition, the types of services or materials being procured, and the advance notice staff has in procuring the services or materials. Routine requisitions less than \$5,000 are ratified on the consent calendar when the board approves the warrants list. Except when specific exceptions are detailed in board policies and procedures, requisitions greater than \$15,000 are submitted as action items for board pre-approval. Also, Special Services and advice in financial, accounting, engineering, legal or administrative matters pursuant to Government Code 63060 meet the requirements.

Routine requisitions between \$5,000 and \$15,000, and requisitions greater than \$15,000 which meet specific criteria, may be ratified on the consent calendar by board approval of a summary list, more detailed than the warrants listing. This may also include ratification of "Notice of Completion" of construction projects.

**RATIONALE:** The attached summary of these requisitions with related support documentation details financial obligations greater than \$5,000 but which meet the criteria to be ratified in this format. The summary is organized alphabetically so that the project's back-up material is identified with the same letter in the lower left hand corner.

**FUNDING:** Per attached summary of requisitions.

**RECOMMENDATION:** Ratify Routine Expenditures and Notice of Completions Which Meet the Criteria for Placement on the Consent Agenda

**Prepared by:** Dr. Casey Goodall, Associate Superintendent for Business Services.

# BUSINESS SERVICES MEMORANDUM

**TO:** Dr. James C. Franco, Superintendent  
**FROM:** Dr. Casey Goodall, Associate Superintendent for Business Services  
**DATE:** November 20, 2009  
**SUBJECT:** Ratify Measure E Related Expenditures and Notice of Completions Which Meet the Criteria for Placement on the Consent Agenda

**BACKGROUND:** To be valid or to constitute an enforceable obligation against the district, education code 17604 requires that all contracts must be approved and/or ratified by the board of trustees. This requirement is met in several different ways, depending on the value of the requisition, the types of services or materials being procured, and the advance notice staff has in procuring the services or materials. Routine requisitions less than \$5,000 are ratified on the consent calendar when the board approves the warrants list. Except when specific exceptions are detailed in board policies and procedures, requisitions greater than \$15,000 are submitted as action items for board pre-approval. Also, Special Services and advice in financial, accounting, engineering, legal or administrative matters pursuant to Government Code 63060 meet the requirements.

Routine requisitions between \$5,000 and \$15,000, and requisitions greater than \$15,000 which meet specific criteria, may be ratified on the consent calendar by board approval of a summary list, more detailed than the warrants listing. This may also include ratification of "Notice of Completion" of construction projects.

**RATIONALE:** The attached summary of these requisitions with related support documentation details financial obligations greater than \$5,000 but which meet the criteria to be ratified in this format. The summary is organized alphabetically so that the project's back-up material is identified with the same letter in the lower left hand corner.

**FUNDING:** Per attached summary of requisitions.

**RECOMMENDATION:** Ratify Measure E Related Expenditures and Notice of Completions Which Meet the Criteria for Placement on the Consent Agenda

**Prepared by:** Dr. Casey Goodall, Associate Superintendent for Business Services.

# BUSINESS SERVICES MEMORANDUM

**TO:** Dr. James Franco, Superintendent  
**FROM:** Dr. Casey Goodall, Associate Superintendent for Business Services  
**DATE:** November 19, 2009  
**SUBJECT:** Approve Assembly Vendors and Site Assembly Utilization Calendars

**BACKGROUND:** To be valid or to constitute an enforceable obligation against the district, education code 17604 requires that all contracts must be approved and/or ratified by the board of trustees. This requirement is met in several different ways, depending on the value of the requisition, the types of services or materials being procured, and the advance notice staff has in procuring the services or materials.

**RATIONALE:** School site assemblies require pre-approval to ensure three different documents are in place: an approved contract; a certificate of insurance; an endorsement letter naming the district an additional insured. In addition, all assemblies are reviewed to ensure the content is appropriate for student audiences, and that conflicts do not occur with other school site or district events.

To that end, the attached list of vendors has met all of the criteria to provide assemblies at TUSD sites, and their presentation has been deemed appropriate for TUSD students. Additionally, the attached calendar of events has been reviewed to ensure the date and time of the event does not conflict with other site or district events.

This list will be updated monthly and presented to the board for approval.

**FUNDING:** Per attached summary of requisitions.

**RECOMMENDATION:** Approve Assembly Vendors and Site Assembly Utilization Calendars

# BUSINESS SERVICES MEMORANDUM

**TO:** Dr. James C. Franco, Superintendent  
**FROM:** *CJG* Dr. Casey J. Goodall, Associate Superintendent for Business  
**DATE:** November 23, 2009  
**SUBJECT:** **Accept the Annual Report on the Collection and Expenditure of Development Fees for Fiscal Year 2008/09**

**BACKGROUND:** Effective January 1, 1997, SB 1693 amended the Government Code to add additional reporting requirements regarding development fees which are assessed on new development to mitigate the impact of that development on school facilities.

**RATIONALE:** The attached reports reflect the status of Development Fee funds in accordance with SB 1693.

Although it appears that mitigation payments are exempt from the annual reporting requirements of GC 66006(b)(1), since they are special taxes and not a "fee", they are included in the report in order to show a complete picture.

**FUNDING:** Fund 25-9019: Developer Fees, Fund 25-9011: Mitigation, Fund 25-9012 Mountain House Mitigation.

**RECOMMENDATIONS:** Accept the Annual Report on the Collection and Expenditure of Development Fees for Fiscal Year 2008/09

# EDUCATIONAL SERVICES MEMORANDUM

**TO:** Dr. James Franco, Superintendent  
**FROM:** *JS* Dr. Sheila Harrison, Assistant Superintendent of Educational Services and Human Resources  
**DATE:** November 18, 2009  
**SUBJECT:** **Ratify Overnight Travel for the Tracy High Sophomore and Varsity Boys Basketball Teams to Participate in the Harlan Carter Basketball Tournament in Redding, CA, on December 3-4, 2009**

**BACKGROUND:** The Harlan Carter Basketball Tournament hosts teams from different areas and backgrounds and encourages student interaction. The Tracy High Boys Sophomore and Varsity Basketball Teams would like to participate in the Harlan Carter Basketball Tournament at Shasta High School in Redding, CA, on December 3-4, 2009. This is an annual event for Tracy High School. Approximately twenty four players and two coaches will be making the trip. Students will travel to and from the tournament by District vans driven by Coaches Paul Demsher, Paul Pedersen and team parents who are District approved. Team players, coaches and chaperones will be staying at the Best Western Hill Top Inn in Redding, CA.

**RATIONALE:** Two overnights are required to provide the basketball team's ample time to rest and prepare for their games. Tournament competition is a good venue to expose our teams to, as it helps them experience travel, socialization skills, working together as a team and learn appropriate behavior when away from home. This will be a worthwhile learning experience for all the players. This aligns with Strategic Goal #2: Provide a safe environment for students and staff that is conducive to learning and Strategic Goal #7: Develop and utilize partnerships that contribute to the achievement of District Goals.

**FUNDING:** The Tracy High Athletic Department will pay the \$750 transportation costs for District vans. The Tracy High School Boys Basketball Program (ASB) will pay the \$450 tournament fee and hotel costs. Individual players will pay for food and miscellaneous expenses. Money generated by fundraiser(s) will be available to pay for those students who are unable to fund their own trip.

**RECOMMENDATION:** Ratify Overnight Travel for the Tracy High School Sophomore and Varsity Boys Basketball Teams to Participate in the Harlan Carter Basketball Tournament in Redding, CA, on December 3-4, 2009

**Prepared by:** Mr. Jason Noll, Principal, Tracy High School.

**DATE:** November 18, 2009  
**SUBJECT:** Approve Overnight Travel for the West High Boys Varsity  
Basketball Team to Pleasant Valley High School in Chico on  
December 10 – 12, 2009

**BACKGROUND:** For the past several years the West High Varsity Basketball Team has been fortunate enough to be invited to participate in prestigious tournaments throughout the State. The Pleasant Valley High School tournament hosts teams from a wide variety of school districts in California and encourages student interaction by housing the visiting teams in the homes of Pleasant Valley students. Tournament competition is a good venue to expose our teams to as it helps them to experience travel, socialization skills, working together as a team, and teaches them appropriate behavior when away from home. The tournament will be held Thursday, December 10<sup>th</sup> through Saturday, December 12<sup>th</sup> at Pleasant Valley High School in Chico, California. Fifteen students will travel to and from the tournament by district vans, driven by chaperones Derek Sprecksel, Head Coach, Jon VanDrimmelen, teacher at West High, and Troy Brown, Assistant Principal at West High. Several player's parents will attend the tournament as well.

**RATIONALE:** This will be a worthwhile learning experience for all the players. This meets Strategic Goal #7: Develop and utilize partnerships that contribute to the achievement of District Goals.

**FUNDING:** There will be no cost to West High or Tracy Unified School District. The West High Basketball program will pay for all expenses incurred to attend this tournament and various fundraising activities will provide the funding needed to cover the cost of transporting students and coaches.

**RECOMMENDATION:** Approve Overnight Travel for the West High Boys Varsity Basketball Team to Pleasant Valley High School in Chico on December 10 – 12, 2009

# EDUCATIONAL SERVICES MEMORANDUM

**TO:** Dr. James Franco, Superintendent  
**FROM:** Dr. Sheila Harrison, Assistant Superintendent of Educational Services and Human Resources  
**DATE:** November 19, 2009  
**SUBJECT:** Approve the Request to the California Department of Education to Authorize Villalovoz School as a Schoolwide Title 1 Program

**BACKGROUND:** : Schoolwide programs (SWPs) are a cornerstone of the vision for school reform as defined in Title I of the federal No Child Left Behind (NCLB) Act of 2001. Research shows that in order for the lowest achieving students in the highest poverty schools to meet high standards of performance, the school's entire instructional program, not just a separate Title I program, must be substantially improved. Since no separate student eligibility process is required for participation in a SWP, the advantage to a school becoming a SWP is that the SWP educational program serves ALL students. Fiscally, NCLB allows schools to consolidate or blend funds. SWP schools may then use their consolidated federal, state, and local funds to reform their entire educational program. Title I schools often choose to change their status from targeted assistance to SWP status in order to better meet the needs of their students.

**RATIONALE :** During the 2008-2009 Villalovos School was identified as the next school within Tracy Unified School District to qualify as a Title 1 School. This determination is made based upon the number of students at each site who qualify for free and reduced lunch. To be eligible to operate as a SWP school, schools must have a concentration of students living in poverty of at least 40 percent in the initial year of the SWPs. **WHEREAS**, the Mountain House District's Resolution Number 2009/10-5 also expressed the Mountain House Board's desire to no longer be a Thompson Bill component elementary school district of the Tracy District and instead, to

reorganize to become a Thompson Bill component elementary school district of the future Lammersville Unified School District;

**WHEREAS**, in response to the interests of the Mountain House District as expressed in its Resolution No. 2009/10-5, an addendum to the Joint Petition has been prepared, entitled Addendum No. 1 to the Lammersville Unified School Reorganization Study and Implementation Plan ("Addendum No. 1 to the Joint Petition") and presented to the Board of the Tracy District;

**WHEREAS**, contemporaneous with the preparation of Addendum No. 1 to the Joint Petition, a Pre-Unification Agreement between the Tracy Joint Unified School District and the Mountain House Elementary School District has been prepared and presented to the Board of the Tracy District; and

**WHEREAS**, by way of this Resolution, the Tracy District intends: (i) to express its support for the proposed reorganization by the Mountain House District as described in Addendum No. 1 to the Joint Petition, (ii) to approve Addendum No. 1 to the Joint Petition, and (iii) to approve the Pre-Unification Agreement between the Tracy Joint Unified School District and the Mountain House Elementary School District.

**NOW, THEREFORE, BE IT RESOLVED**, that the Board of Education hereby finds, determines and orders as follows:

Section 1. Recitals. The foregoing recitals are true and correct.

Section 2. Tracy District's Support of Mountain House District's Reorganization. The Board hereby approves of and supports the efforts of the Mountain House District to withdraw as a Thompson Bill component elementary school district of the Tracy District and to reorganize to become a Thompson Bill component elementary school district of the future Lammersville Unified School District for purposes of providing high school educational services to high school age students residing within the Mountain House District's boundaries. Further, the Board authorizes and directs Tracy District staff to prepare materials and data and to cooperate with the Mountain House District's reorganization efforts.

Section 3. Approval of Addendum No. 1 to the Joint Petition. The Board hereby approves Addendum No. 1 to the Joint Petition, attached hereto as **Exhibit A** in substantially final form, to become an addendum to the Joint Petition previously approved by the Board and on file with the San Joaquin County Committee on School District Organization. The Tracy District's Superintendent and the Associate Superintendent of Business Services is entitled to make such insertions, revisions, corrections, or amendments as are necessary to Addendum No. 1 to the Joint Petition as long as such modifications are consistent with the terms and conditions of this Resolution, consistent with the Pre-Unification Agreement

between the Tracy Joint Unified School District and the Mountain House Elementary School District, and consistent with the Joint Petition.

Section 4. Approval of the Pre-Unification Agreement. The Board hereby approves the form of the Pre-Unification Agreement between the Tracy Joint Unified School District and the Mountain House Elementary School District, attached hereto as **Exhibit B** in substantially final form, concerning the obligations and rights of both districts upon the reorganization of the Mountain House District to become a Thompson Bill component elementary school district of the future Lammersville Unified School District. Such obligations and rights include, but are not limited to, administrative arrangements and agreed upon procedures to accommodate students and programs and the interdistrict attendance of high school age pupils who are residents of the Mountain House District. The Board further authorizes and directs the Superintendent and the Associate Superintendent of Business Services of the Tracy District and their designees ("Officer"), and each of them individually, for and in the name of the Tracy District, to approve, execute, and deliver such agreement in substantially the form presented to this meeting, with such changes, insertions, revisions, corrections, or amendments as shall be approved by the Tracy District Officer executing the agreement for the Tracy District.

Section 5. Transportation Service for High School Age Students Residing within the Mountain House District. Consistent with the Mountain House Resolution Number 2009/10-5, the Board hereby declares that upon the Mountain House District's withdrawal from the Tracy District and reorganization to become a Thompson Bill component elementary school district of the future Lammersville Unified School District, the Tracy District shall no longer be obligated to provide transportation services to the high school age students residing within the boundaries of the Mountain House District. Such obligation shall thereafter be the responsibility of the future Lammersville Unified School District.

Section 6. Satisfaction of Conditions to Support of Joint Petition. The Board hereby finds that the conditions to the Tracy District's support of the Joint Petition, set forth in Addendum No. 1 to Joint Resolution No. 09-05, have been satisfied. As a result, the Tracy District states its unconditional support for the Joint Petition and the Lammersville District's Unification efforts.

School District Reorganization Study and Implementation Plan  
To Form Lammersville Unified School District from a Portion of the  
Tracy Joint Unified School District

Addendum #1

This addendum addresses the issues related to the Mountain House School District (SD) becoming a Thompson Bill District in the new Lammersville Unified School District once the new district is formed. The Reorganization Study and Implementation Plan dated August 2009 included the Mountain House SD as part of the Tracy Joint Unified School District (JUSD).

1. Mountain House SD Historical Enrollment (California Department of Education CBED information)

05/06	9
06/07	6
07/08	9
08/09	3
09/10	6

3. Future residential development in the Mountain House SD boundaries is not expected to change over the next 5 to 10 years which would have an impact upon the unification.

4. Condition 1 "The new district will be adequate in terms of the number of pupils enrolled." The numbers have been adjusted to show Mountain House 9-12 students attending Lammersville.

Revised 1A, page 11:

- A. The affected school districts would have the following projected enrollment on the date that the proposal becomes effective or any new district becomes effective (estimated July 2011):

	Lammersville (11)	Tracy USD (11)
Elementary Students	2064	10,779
High School Students	635	5,725
*Unified District Students	2693	(Total) 16,510
<b>*Enrolled in Tracy JUSD</b>		

The Impact of six (6) Mountain House students leaving Tracy schools represents less than a 0.1% impact. The impact of new students attending the new Lammersville High School would be less than 1%.

**Table 1.2**  
(Revised to shift Mountain House SD 9-12 students to Lammersville)

District	Projected Enrollment (Date of Unification)
Proposed Lammersville USD	2,699
Remaining Tracy JUSD	16,504

**Table 1.3**  
(Revised to shift Mountain House SD 9-12 students to Lammersville)

District	Projected Enrollment Change
Proposed Lammersville USD	+958
Remaining Tracy JUSD	-867

### Conclusion

There are no adverse enrollment projections from Mountain House School District becoming a Thompson Bill District of the new Lammersville Unified School District.

## 5. Assessed Valuation

Total estimated assessed value after Lammersville Unification

▪ Alameda County Portion (Mountain House SD)	\$74,705,532
▪ Tracy JUSD	\$13,625,831,328
▪ Lammersville	\$2,628,791,749

The assessed valuation impact of the Mountain House SD on the Tracy JUSD is 0.5%. The increase in assessed value on the new Lammersville Unified School District would be 2.8%. The change of assessed value of property from the Tracy JUSD would be insignificant.

## 6. Enrollment by Ethnicity

	Tracy		Lammersville		Mountain House	
	Students	%	Students	%	Students	%
Am. Indian / Alaska Native	107	.6%	17	1%	0	0%
Asian	1,590	9.2%	348	20%	0	0%
Pacific Islander	211	1.2%	22	1.3%	0	0%
Filipino	1,129	6.5%	301	17.3%	0	0%
Hispanic/Latino	7,031	40.5%	358	20.6%	13	31%
African American	1,403	8.1%	183	10.5%	0	0%
White (non Hispanic)	5,042	29.1%	490	28.1%	27	64.3%
Multiple or No Response	829	4.8%	22	1.3%	2	4.8%

The inclusion of the Mountain House SD students into the new Lammersville Unified School District will not have an adverse affect on the racial or ethnic make up of either Lammersville or Tracy school districts.

- The revenue limit calculations will have an insignificant impact if the estimated 6 Mountain House SD 9-12 students attend the new Lammersville High School.
- The educational programs described in the unification report will not change if the Mountain House SD 9-12 students attend the new Lammersville High School.

9. The student housing costs described in the unification report will not change if the Mountain House SD 9-12 students attend the Lammersville High School. The impact of 6 new 9-12 students on the Lammersville housing plan would not require any new classrooms based upon a state classroom student loading standard of 27 students per classroom.
10. The Property Values section of the unification report will not change.

### Conclusion

The proposed change of the Mountain House School District as a Thompson Bill District to be included in the unification proposed for the Lammersville School District will not have an impact on the unification study dated August 2009.

# BUSINESS SERVICES MEMORANDUM

**TO:** Dr. James Franco, Superintendent  
**FROM:** *cg/ab* Dr. Casey Goodall, Associate Superintendent, Business Services  
**DATE:** November 20, 2009  
**SUBJECT:** Consider Claim No. 6-0910 TUSD

**BACKGROUND:** On or about November 13, 2009, a claim was received by the Tracy Unified School District in which the claimant stated that a loss or injury occurred on or about August 3, 2009. The District's insurance providers reviewed the claim and determined:

- a. The information provided to date does not suggest that there is a liability on behalf of the School District.

The District's insurance providers recommends a rejection/denial of this claim by the Board of Trustees.

The amount of the claim is noted as exceeding \$66,000.00.

**RATIONALE:** District's insurance advisors, legal advisors, and District staff recommend rejection/denial of this claim. This is standard practice in order to protect the District from future litigation.

**FUNDING:** District insurance account covers costs up to the Board approved deductible amount.

**RECOMMENDATIONS:** All claims December 8, 2009 and after are hereby denied/rejected.

**Prepared by:** Dr. Casey Goodall, Associate Superintendent for Business Services.

# BUSINESS SERVICES MEMORANDUM

**TO:** Dr. James Franco, Superintendent  
**FROM:** *Cy* Dr. Casey Goodall, Associate Superintendent for Business  
**DATE:** November 19, 2009  
**SUBJECT:** Certify 2009-2010 Fiscal Year First Interim Report

**BACKGROUND:** Education Code Section 42130 and 42131 require that the superintendent of each school district shall submit two reports to the governing board of the district during each fiscal year. The first report shall cover the financial and budgetary status of the district for the period ending October 31. The second report shall cover the period ending January 31. Both reports shall be approved by the district governing board no later than 45 days after the close of the period being reported. All reports required by this subdivision shall be in a format or on forms prescribed by the Superintendent of Public Instruction, and shall be based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127. The reports, and supporting data, shall be maintained and made available by the school district for public review.

The governing board of each school district shall certify, in writing, within 45 days after the close of the period being reported, whether or not the school district is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent fiscal year.

In addition to the AB1200 oversight responsibilities generated in 1992, additional oversight responsibilities were added in 2004 with AB2756 requiring the San Joaquin County Office of Education added an additional requirement that the Tracy Unified School District board review the assumptions supporting the multiple year projections. The review associated with these two levels of review will be included with the First Interim Report document.

It should be noted that labor negotiations have not been completed for the current year, nor have any impacts caused by negotiations on the current or subsequent year budgets been included in this budget analysis.

Furthermore, the district is experiencing declining enrollment of approximately 100 students per year, and in the midst of facing the largest budget cuts ever proposed for TUSD. While the depth of further reductions are not yet known, the state's estimated shortfall, as announced by the California Legislative Analyst on November 18<sup>th</sup>, is a staggering \$14.4 billion per year, with half of the recommended cuts, \$7.2 billion, most likely coming from K-12 education. This statewide \$7.2 billion cut to K-12 education might lead to additional cuts of approximately \$18.7 million to TUSD for the current school year. The impact of these reductions will become clearer when Governor Schwarzenegger proposes his state budget in January.

The First Interim Report confirms a qualified review in which the district will be able to meet current obligations, but not the obligations of any future years.

**FUNDING:** The first interim report generates no cost. It is merely a reporting of all projected revenues and expenses in the current and next two fiscal years. This report and the actions required to implement the changes will ensure the district is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent three fiscal years.

**RECOMMENDATION:** Certify 2009-2010 Fiscal Year First Interim Report.

**SUBJECT:** Adopt Board Policy 1230 Community Support Organizations (Third Reading – Intent to Adopt)

**BACKGROUND:** On October 13<sup>th</sup> and 27<sup>th</sup>, 2009, the Board of Education reviewed a new policy governing Community Support Organizations. The policy represents best practices recommended by the California School Boards Association. Advisory groups were added as an additional set of groups covered by the policy.

**RATIONALE:** Bold items in the attached Administrative Regulation reflect recommended changes. Formatting will be corrected once changes are completed.

**FUNDING:** There is no cost to name these facilities.

**RECOMMENDATION:** Adopt Board Policy 1230 Community Support Organizations (Third Reading – Intent to Adopt)

## COMMUNITY SUPPORT ORGANIZATIONS

The Governing Board recognizes the importance of having parent support/booster clubs that enhance and assist in furthering the educational opportunities of students.

Community support organizations (CSO) such as Parent Teacher Clubs, Parent Teacher Associations, Athletics Boosters, Band Boosters, **Advisory Groups**, and any other organizations approved by the Board to promote, encourage, and support the approved academic, co-curricular, and extra curricular activities of the district. All CSO's are directly responsible to the respective building principal who must operate under the laws of the State and administrative guidelines of the district.

The Board recognizes that school-connected organizations are separate legal entities, independent of the district. However, in order to help the Board fulfill its legal and fiduciary responsibility to manage district operations, any school-connected organization that desires to raise money to benefit any district student shall submit a request for authorization to the Board, in accordance with Board policy and administrative regulation. In addition, the Superintendent or designee shall establish appropriate internal controls for the relationship between school-connected organizations and the district.

The Board encourages school-connected organizations to consider the impact of fund-raising activities on the overall school and district program. School-connected organizations may consult with the principal to determine school needs and priorities. Activities by school-connected organizations shall not conflict with law, Board policies, administrative regulations, or any rules of the sponsoring school.

# BUSINESS SERVICES MEMORANDUM

**TO:** James Franco, Superintendent  
**FROM:** C. Goodall, Assistant Superintendent for Business  
**DATE:** November 19, 2009  
**SUBJECT:** Adopt Revised Board Policy 3452 Student Activity Funds (Third Reading – Intent to Adopt)

**BACKGROUND:** On October 13<sup>th</sup> and 27<sup>th</sup>, 2009, the Board of Education reviewed a first reading of proposed changes to Board Policy 33452 governing Student Activity Funds. The policy represents best practices recommended by the California School Boards Association.

**BACKGROUND:** On May 28, 2008, the Board of Education adopted changes to Administrative Regulation 1330.1 governing management of the District Facility Use policy. Since that time, additional changes have been recommended

**RATIONALE:** Bold items in the attached Administrative Regulation reflect recommended changes. Formatting will be corrected once changes are completed.

**FUNDING:** There is no cost to name these facilities.

**RECOMMENDATION:** Adopt Revised Board Policy 3452 Student Activity Funds (Third Reading Intent to Adopt)

## STUDENT ACTIVITY FUNDS

The Governing Board recognizes that student organizations can provide students with an opportunity to conduct worthwhile cocurricular activities beyond those provided by the district can help students learn about effective financial practices. To that end, student organizations may raise and spend funds to support activities that promote welfare, morale, and educational experiences of the student body.

Generally, there are two types of Associated Student Body (ASB) organizations. ASBs in high schools and middle schools are called “organized ASBs” since the students, organizing their activities around student clubs and/or a student council, have primary responsibility for the ASB, with the assistance of an adviser. In elementary schools, the ASB is “unorganized” because there is no student council and the principal or designee usually oversees the fund-raising and spending decisions, with more limited involvement from the students.

### **Fundraising events**

At the beginning of each school year, each principal or designee shall submit to the Superintendent or designee a list of the fund-raising events that each student organization proposes to hold that year. The Superintendent or designee shall review the proposed events and determine whether the events contribute to the educational experience and are not in conflict with or detract from the school’s educational program. When reviewing proposed events, the Superintendent or designee shall consider the effects of the activities on student health and safety, evaluate the risk of liability to the district, and ensure that the proposed activities are in compliance with law, Board policy, and administrative regulation.

### **Management of funds**

The Education Code requires the district to provide for the supervision of all funds raised by any student body organization or student organization using the name of the school. Consequently, student body funds shall be managed in accordance with law and sound business procedures designed to encourage the largest possible educational return to students without sacrificing the security of funds.

The Superintendent or designee shall develop internal control procedures to safeguard the organization’s assets, promote the success of fund-raising ventures, provide reliable financial information, and reduce the risk of fraud and abuse. These procedures shall detail the oversight of activities and funds including, but not limited to, the appropriate role and provision of training for staff and students, parameters for events on campus, appropriate and prohibited uses of funds, and accounting and record-keeping processes, including procedures for handling questionable expenditures.

**STUDENT ACTIVITY FUNDS**

The principal or designee shall be responsible for the proper conduct of all student organization financial activities. The budget adopted by the student body organization should serve as the financial plan for the school year and shall be submitted to the Superintendent or designee at the beginning of each school year. The Superintendent or designee shall periodically review the organization's use of funds to ensure compliance with the district's internal control procedures.

Funds derived from the student body shall be disbursed according to procedures established by the student organization. All disbursements must be approved by a Board-designated official, the certificated employee who is the student organization advisor, and a student organization representative.

The Board shall provide an annual audit of student accounts by a certified public accountant or licensed public accountant. The cost of the audit shall be paid from district funds.

# BUSINESS SERVICES MEMORANDUM

**TO:** James Franco, Superintendent  
**FROM:** G. Goodall, Assistant Superintendent for Business  
**DATE:** November 19, 2009  
**SUBJECT:** Approve 2009-10 High School Associated Student Body Budgets and Constitutions and Associated Student Body Accounting Guide

**BACKGROUND:** Under the law, students in California's public schools may raise money and make decisions about how they will spend this money. Student organizations that are established to raise and spend money on behalf of students are called Associated Student Body organizations or ASBs. ASBs must be made up of current students. The funds that are raised and spent by student organizations are called associated student body funds or ASB funds. ASB organizations and management of ASB funds represent an opportunity for students to not only raise money, but also to learn some of the principles of operating a small business and to learn leadership skills, while making a contribution to their school and fellow students. Student organizations may raise a surprisingly large amount of funds in a year.

**RATIONALE:** The governing board of the school district is ultimately responsible for the appropriate activities of student organizations. Under Education Code section 48930, the governing board has the authority to approve the formation of a student body organization, to establish the parameters under which the organization will operate. The board establishes policies and regulations specifying how the student body organization will be established, how the organization's activities will be supervised and how the organization's finances will be operated and managed.

One tool for managing ASB funds is the annual operating budget, which is a financial plan for the school year. The budget allows the ASB organization to estimate at the beginning of the year where it will be, in financial terms, at the end of the year. The budget must include estimated revenues, estimated expenses, and estimated ending reserves and carryover.

Budget monitoring is the process of comparing the actual revenues and expenses at a point in time to the budget to determine whether the revenues are being received as expected and that the expenses are not exceeding the projected amounts.

**FUNDING:** Annual approval of ASB Budgets and Constitutions allows the Board of Trustees oversight of the annual plans of the ASB organizations. The ASB Accounting Guide has been reviewed and updated and will be used to provide consistent guidance to individuals involved in managing ASB funds.

**RECOMMENDATION:** Approve 2009-10 High School Associated Student Body Budgets and Constitutions and Associated Student Body Accounting Guide

**DATE:** December 2, 2009  
**SUBJECT:** Approve Memorandum of Understanding Dated 11/18/09 By and Between Tracy Joint Unified School District and Lammersville Elementary School District

**BACKGROUND:** On August 11, 2009, the Board of Trustees ratified a Memorandum of Understanding (MOU) that was previously executed by the Associate Superintendent of Business Services between the Lammersville Elementary School District and the Tracy Joint Unified School District. The intent of the MOU is to serve as an agreement to satisfy the County Treasurer and to allow for the payment of costs of legal services fees and unification consultant fees for both Districts to be paid from the Mountain House Developer Fees held in a Tracy District account. Both Districts agree that the unification of the Lammersville District is directly related to the planning and construction of a high school; and, agree that the costs of preparing and planning for the unification of the Lammersville District are an eligible and proper expenditure of Mountain House Developer Fees.

This version is substantially the same MOU that was ratified by the TUSD Board on August 11, 2009. The MOU will be re-executed by the Associate Superintendent of Business Services after the December 8, 2009 TUSD Board of Education meeting.
