

# **Next Generation Science Standards(NGSS)**

## **Adoption Introduction**

December 14, 2022  
Amy Gerling and Scott Sherman

# NGSS Committee 2022-2023

## Elementary (Grades K-5)

Chelsea Eschnaur

Iris Hannon

Nicole Medina

Andrea Saldana

Michelle Conzonire

Joe Turner

Samantha Chang

## Middle School (Grades 6-8)

Roxanne Trieu

Crystal King

Nikki Shifter

## High School (Grades 9-12)

Angie Hwang

Deborah Deweke

Joe Antonio

Kevin Slattery

Ann Marie Hwang

Parent Representative: Amanda Hroblak

# **NGSS Vision and Mission Statements**

## **Science Vision**

Temple City Unified School District delivers relatable science education that provides students opportunities to build knowledge and feel empowered in their daily lives; to accurately use research driven and evidence based sources of qualitative and quantitative data to find solutions to everyday problems; and to effectively communicate their conclusions to others.

## **Mission**

Temple City Unified School District provides a rigorous and relatable curriculum and instruction to all students that emphasizes critical and creative thinking, attention to procedures, opportunities for hands-on investigative, innovative, and collaborative learning. Our students utilize questioning techniques to draw conclusions about data, analyze errors, and use error analysis as a learning opportunity.

# NGSS Proposed Timeline

## Next Generation Science Standards Timeline

Dates	Meeting/Presentation/ Activity	Notes	Status
Nov. 15	First Meeting	<a href="#">Agenda</a>	Complete
Dec 8	Full Pull Out Day	<a href="#">Agenda</a>	Complete
Dec. 14, 2022	BoE Presentation  Last day to cast ballot for curriculum presentations from approved vendors	<a href="#">Presentation</a> <input type="checkbox"/>	In Process
