

to go home

see the dog

then they went

look at us

yes and no

play with him

by the house

he was going

come to me

get the cat

in or out

one, two, three

to the man

a little dog

he has it

sit by them

how do you

like the book

in our car

what do you

do you know

make a book

which one is

this much is

about his frog
