

Statement of Ethics for Administrators

An educational administrator's professional behavior must conform to an ethical code of behavior, and the code must set high standards for all educational leaders. The educational leader provides professional leadership across the Bethany Public School District and also across the community. This responsibility requires the leader to maintain standards of exemplary professional conduct while recognizing that their actions will be viewed and appraised by the community, professional associates, and students.

The educational leader acknowledges that they service the school and community by providing equal educational opportunities to each and every child. The work of the leader must emphasize accountability and results, increased student achievement, and high expectations for each and every student.

To these ends, the educational leader subscribes to the following statements of standards.
