Administrative Reports

General

The Superintendent shall present, at regular Bethany Board of Education meetings, administrative reports concerning the administration, operation, and maintenance of the Bethany Public School District (District) and any other appropriate reports.

As necessary, the Superintendent shall request reports from District and school administrators on school operations and educational programs together with any suggestions and/or comments they may have.

School District Annual Report

The Superintendent shall, at least three (3) weeks prior to the annual town meeting, submit to the town a full written report of the District proceedings and the condition of the school with plans and suggestions for improvement.

Copies of this report shall be filed with the Connecticut State Board of Education as required by state law.
