

Community Engagement Meeting
February 27, 2018

Question:

If 40 community, faculty, and staff members set out to develop a long-range facilities master plan, what will you have after they've been working at it for six months ?

Community Engagement Meeting
February 27, 2018

Agenda

7:00 Welcome and Overview of Imagine

7:20 What has Imagine Learned?

Breakout at Work Team Stations

8:40 Reconnect and Discuss Next Steps

8:45 Follow up Time with Work Teams

The Imagine Team

Composition

29 Community Members

- Mirror racial and ethnic diversity of student body
- Mirror proportion of students from two villages
- Have varied relationships to the school
- Possess wide variety of professional and life experiences

11 OPRF Faculty & Staff Members

The Imagine Team

Our Objective

Understand OPRF's current facilities and future needs, and—with the help of the consulting architects—develop a long-term facilities master plan for the school.

The Imagine Team

Based on the goals of OPRF's Strategic Plan, facilities must support...

- ❑ Seamless transitions to post-secondary education and career paths
- ❑ Academic achievement and social and emotional growth of all students, regardless of race, socioeconomic status or other social factors
- ❑ Learning environments that support the unique strengths and needs of each individual
- ❑ Development of collaboration, problem solving, reflection, critical thinking, and independent learning skills
- ❑ Implementation of effective teaching/learning methodologies
- ❑ Objectives in a fiscally responsible manner

Imagine Research Process

40 People Organized into Four Work Teams

- Academics & Student Achievement
- Extracurriculars, Athletics, and Physical Education
- Fine & Applied Arts
- Whole Building

Imagine Research Process

Tours

- 4 OPRF (comprehensive)
- 23+ OPRF (specialized)
- 5 peer schools (renovations)
- 5 peer schools (specialized)

Surveys

- 667 student respondents
- 360 faculty & staff respondents
- 175 club sponsors, coaches & Phys Ed teacher respondents

Meetings & listening sessions

- 658+ students heard in 29 listening sessions
- 29 Meetings with department/division heads and administrators
- 21 work team listening sessions with faculty & staff
- Conversations with scores of additional faculty & staff

Other sources

- Detailed inventories & investigations of hundreds of spaces at OPRF
- Current facilities reports & intergovernmental agreements
- Previous OPRF facilities committee & consultant reports
- Professional research & architects

Tonight's Format:

Team Research Rotation

Team stations

- Posters
- Presentation
- Conversations & your feedback
- Handout
- Bell after 20 minutes

Rotate clockwise to next station & repeat above

Gathering your feedback

- Paper feedback forms at each station
- Google feedback form
- Team notetakers

bit.ly/ImagineFeedback

Next Steps

Tonight:

Summing up the Research Phase

What issues should be addressed in a facilities master plan?

Next Community Meetings:

April 16, 2018

Options for addressing those issues: our ideas, community's feedback

May 19 & 21, 2018

Refined options for addressing those issues

Join us again & stay in touch

How we would like to keep in touch with you:

- Community Engagement Meeting : April 16, 2018
- Community Engagement Meetings : May 19 or 21, 2018
