

## Option 1

Level	Start	End
Middle	7:50 AM	2:20 PM
ICS	7:50 AM	2:45 PM
High	8:30 AM	3:20 PM
Stem	8:30 AM	3:20 PM
Elementary A	8:40 AM	3:10 PM
AM PreK/HS	8:40 AM	11:10 AM / 12:10 PM
PM PreK/HS	12:10 PM	2:40 PM / 3:40 PM
Transition	9:20 AM	3:50 PM
Elementary B	9:20 AM	3:50 PM

Option 1 moves high school start times to 8:30 AM with dismissal at 3:20 PM. STEM would follow the high school schedule. ICS would follow the middle school start time but dismiss 2 minutes later to align with the length of the high school day for ICS high school students. Middle schools would move to a 7:50 AM start time and 2:20 dismissal. Elementary schools continue to be grouped into two groups with group A starting at 8:40 AM and group B starting at 9:20 AM with dismissal at 3:10 PM and 3:50 PM respectively.

AM preschool programs would start at the same time as the host elementary school. Preschool start times would move to 8:40 AM and 12:10 PM with dismissal at 11:10 AM, 12:10 PM, 2:40 PM, and 3:40 PM depending on the program. The length of the school day is not changed for any level.

Modeling using current ridership data for the 22-23 school year suggests Option 1 would require approximately 10 additional bus routes. Route optimization of this model could reduce the number of additional routes needed to between 6 and 9.
