North Branch Area Schools

December 2022

20th Annual Old Fashioned Family Christmas

AUCTION & FUNDRAISER FOR SPACE CAMP SCHOLARSHIPS

On **Friday, December 9th, 2022** families in the North Branch community and surrounding area are invited to attend North Branch Area Schools' 20th Annual Old Fashioned Family Christmas.

The annual event will be held from **6:00-8:00pm** at **Ruth Fox Middle School** and will host a variety of games, food, pictures with Santa, and more! Following the activities at 8:00 is the much anticipated drawings. There will be drawings for the \$1 baskets (valued at over \$100 each), and our 25¢ items. You do not need to be present to win.

Tickets for the \$1 basket drawing may be purchased the day of at the event, or in advance from the Ruth Fox office. Information will be posted on the Ruth Fox Middle School Facebook page, as it becomes available.

The OFFC is designed to raise money to send Ruth Fox Middle School students to the U.S. Space and Rocket Center Space Camp in Huntsville, Alabama. The application period for students to apply to be one of this year's Space Campers will open in February 2023.

Come on out to have fun and support this great cause!

- ❄️ **All Ages Welcome!**
- ❄️ **Pictures with Santa!**
- ❄️ **Food Available!**

Coach Curt June

Message from the Superintendent

Dear North Branch Families and Community Members,

It is the holiday season and we have so much to be thankful for at North Branch Area Schools. Once again, our school district was voted Best of the Best by Lapeer County residents. Our Board of Education truly focuses on three shared goals with our district:

1. North Branch Area Schools and the Board of Education will teach, measure, and continuously improve instruction aligned with state standards for increased student achievement and College and Career Readiness;
2. North Branch Area Schools and the Board of Education will evaluate and enhance opportunities for students by adopting and executing a budget that prioritizes teaching and learning in a safe environment while improving the district's financial stability;

3. North Branch Area Schools and the Board of Education will validate the importance of every staff member as critical to the success of the district and will maintain partnerships of integrity and trust within the North Branch Community.

On Tuesday, November 1st, North Branch Area Schools held its first annual "NBAS School District Update" in a virtual meeting at 7:00 p.m. During this meeting, Curriculum Director Amber White highlighted the outstanding test scores recently released by the state that showed that NBAS students are doing well academically with increased student achievement across the board. She also shared information regarding the new Smart Labs that will be ready to go for the 2023-2024 school year in the North Branch Elementary and Ruth Fox Middle School. These Smart labs (see article on page 9) will ensure that our district continues to prioritize teaching and learning for all students. Regarding school safety, I shared that all staff and students have been trained in ALICE (Alert, Lockdown, Inform, Counter, Evacuate), all classrooms have Nightlock door security devices installed, and we are the only school district in

Michigan to utilize the Crisis Alert badges which allows our buildings to go into lockdown in seconds if needed. Lastly, on behalf of the Board of Education, Administrators, Teachers and Support Staff, and close to 2,400 students, thank you to our families and community for continuing to financially support our school district! We promise to maintain partnerships of integrity and trust within the North Branch Community.

As I have written for the past two years, I am most thankful that I understand the reason we celebrate during the holiday season. I am appreciative that I live in a community where family and friends are a priority and people come together to lend a helping hand to those who need a little extra assistance especially during this time of the year. I hope you are able to spend quality time with your loved ones over the holidays. Our last day of school before the holiday break is Tuesday, December 20 and we will return to school on Wednesday, January 4, 2023.

Happy Holidays,
Jim Fish
North Branch Superintendent

NORTH BRANCH SCHOOLS ARE ALL IN!

**THE OPPORTUNITIES
OF A
LARGE SCHOOL...**

**...IN A
SMALL TOWN
ENVIRONMENT**

**A heartfelt thank you to our families,
staff and community for
overwhelmingly supporting the
North Branch non-homestead millage
renewal on November 8th.
We sincerely appreciate your
continued support of our outstanding
school district.**

NBHS Students Participate in *Veterans Day Celebration*

The Lapeer County Ed-Tech wanted to honor our local veterans and help teach our students what the true meaning of Veterans Day is. On Thursday, November 10th, Ed-Tech hosted it's first annual Veterans Day celebration with all of their students. Faculty and students gathered outside the front of the Ed-Tech building. Members of the NBHS band

helped in the performance of a flag ceremony. The Band played Reveille as the flag was raised. They also proceeded to play Taps, our National Anthem, and God Bless America.

Our student band did an outstanding job. The entire Ed-Tech student body was extremely respect-

ful during the entire ceremony. There was a small number of local veterans join them. We're extremely proud of all students and staff for helping us with this event. Especially Jeff Swain, who was the master of ceremony, and Jeff Ehardt for his efforts in our NBHS Band performance.

DRAMA DEPARTMENT DEVELOPMENTS

The North Branch Drama Department has been very busy again this year. Our first production of the year was "Little Shop of Horrors."

The show was a huge success and

a crowd pleaser. The cast and crew spent countless hours rehearsing the show and did a tremendous job on performance nights. Special thanks go out to Mrs. Lauren Dayton who served

as the music director, Wendy Miller as choreographer and Alex Naracon as technical director. A special thanks to all of the talented musicians who played in the orchestra, led by alumni

Noah Manthei. We would also like to thank all of the parents who volunteered their time and talents to help make this show a success.

We are currently working on two projects: the NBHS 2022 talent show and our night of one act plays. Talent show performances will take place on December 20th during the last period of the day. Seating is limited, so parents of the performers will not be allowed to attend.

Our night of one act plays will be performed on January 19th, 20th and 21st, 2023. We will be performing three senior directed one act plays entitled: "Cornfield of Dreams," "Law and Order: Fairy Tale Unit" and "The Urloined Letter." One of the shows will be representing North Branch at the Mid-Michigan Theater Arts Festival on January 27th and 28th, 2023.

Quest's JMG Program prepares students for their future

Our Jobs for Michigan Graduates program, led by Ashley Fanson, regularly brings career-oriented guest speakers to our classrooms.

Recently Ashley brought Eric Cattane from Security Credit Union in Lapeer, and Petty Officer Price from the US Navy.

Eric Cattane from Security Credit Union in Lapeer

Petty Officer Price from the US Navy

Don't Break the Bank paying for College!

Talk with our Counselors about NBHS's Early College Option known as the North Branch Early College.

Quest Performs Annual Service Learning Project

Quest performed its annual service learning project, tidying up lawns for local senior citizens. In all, we estimate we removed around 300 bags of leaves and lawn debris!

They would like to thank the community members that gave them the opportunity to serve.

Quest Hosts 5th Annual TASL Disc Golf Championship

It was a beautiful late September day with minimal wind. After winning the first 4 championships, Quest fell just short to Bad Axe Ascent finishing 2nd.

Individually, the leaders for the Owls were Caleb Bates, John Potter, and Bryce Fitzhenry, who all threw 42's, and placed 6th overall at the event. Tyler Booth added a 43, while Andrew Chard and Gavin Vollen each carded 44s.

Tyler Booth, John Potter, Ashley Fanson (JMG Ashley)

<https://www.facebook.com/NBQuesthighschool/>

Quest Enjoys Community Support

Each year Quest enjoys amazing community support at their annual Quest Benefit Dinner. This year was no exception, with almost 200 attendees, and over \$2,000 raised for the Quest activity account. The North Branch Masonic Lodge has hosted the event for Quest since 2006, and has contributed a total of over \$28,000 to Quest High School.

Quest Program Coordinator had this to say, "Quest is spoiled by the North Branch community. Other alternative schools would be fortunate to enjoy even a fraction of the love this community puts back into our students." Quest Junior Casey Proffer added, "It's comforting to know what we do matters so much!"

Quest Students Volunteer at Family Fun Fair

Quest students lent a helping hand at the annual Family Fun Fair put on by our North Branch PTC! A big thank you for inviting Quest students to volunteer! A great event by a great organization!

Great job **Melissa Ptasznik, Jaylyn Cargill, and Casey Proffer!** Your work was greatly appreciated!

Quest rise to the call of *Kindness Kayla*

"**Kindness Kayla**" is at it again this school year, challenging students to be the change they want to see in the world.

Quest students rose to the occasion, completing challenges that made their school, home, and community life a better place! In celebration, Kayla, along with volunteers from the Eastern Stars, served Quest students a delicious catered lunch!

Enroll Today at Award Winning

Quest High School!

Students interested in enrolling at Quest High School or obtaining more information about the programs offered at Quest can learn more about us on our

Facebook page at:

www.facebook.com/NBQuesthighschool/

To enroll at Quest, contact Program Coordinator Corey Rosser by email at

crosser@nbbrnccos.net

or by phone at 810-688-7581.

RUTH FOX Cool Kids Café

Mrs. Schaaf's and Mrs. Bosh's students have been working up special treats for the Ruth Fox teachers, from the new Cool Kids Café.

They have been functional skills by filling coffee, latte, hot chocolate with whipped cream, and soft drink orders from an electronic menu. Students then use a map of the school to deliver their products to the correct classrooms, and spread a little sunshine on the way.

Students feel the café is "fun", and enjoy the delivery aspect the most. They look forward to Café Friday's.

RFMS Welcomes New Faces

Mrs. Courtney Priemer is joining the Ruth Fox teaching staff as our new 6th grade ELA and Social Studies Teacher. She is a Michigan State University graduate, with a Bachelor's degree in education. Mrs. Priemer is passionate about all subjects, but has a particular fondness for Social Studies. She enjoys spending time with her family, taking part in their after school activities, and caring for two rescue dogs. **Welcome Mrs. Priemer!**

Students assist Neighbors Helping Neighbors

Members of Ruth Fox Middle School's student council attended Lapeer's Neighbors Helping Neighbors event the past week. The event has been put on in Lapeer for many years. Students had the opportunity to help members of the community find out about the various resources offered in Lapeer and neighboring counties. They were also able to help community members pick out necessities for themselves as well as their families.

Students enjoyed their time volunteering and everyone at the event spoke very highly of how well the students helped others as soon as we got to the American Legion Hall.

We look forward to attending the event again next year!

PENNY WARS

This year the Ruth Fox Middle School once again participated in Penny Wars the week of the **Michigan vs. Michigan State** football game. Students put money into the corresponding jar to support their favorite team. Though it was a close contest, Michigan was once again victorious in the RFMS Annual Penny Wars over MSU. Over \$490 was raised in just 4 days, of which every penny will be used to support Ruth Fox students in our PBIS initiatives and supporting families who are in need during this upcoming holiday season.

Follow RFMS@ruthfoxmiddle

Exciting Adventures await students in STEM Room

During activities in the STEM class at NBE, students actively engage in the Engineering Design Process. Students work through a series of steps to find solutions to problems.

So far this year, fourth grade students designed and created their dream schools, while second grade students designed and created paper houses to represent themselves. Third grade students had to create devices that served a purpose out of cardboard boxes. They could "purchase" other materials using a budget of \$20. BK through first grade students made paper backpacks, designed new lunch boxes, and created monsters.

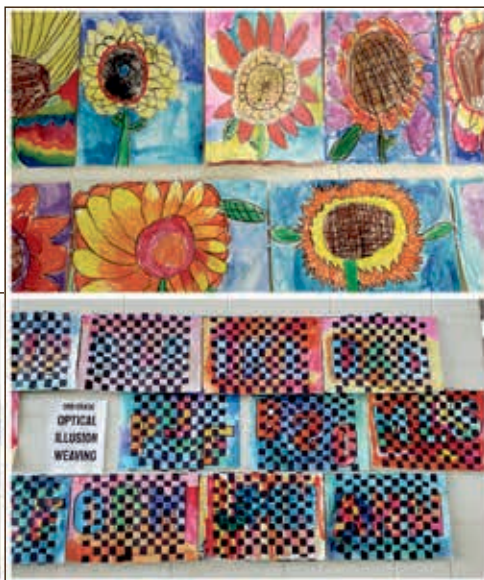

Be on the lookout for tales about "Rot" the Decomposing Pumpkin!

Art Projects in full swing at NBE!

Students have been focusing on many different art techniques, vocabulary, and artists.

1st grade students learned about the word Emphasis when reading BJ Novak's Book With No Pictures. They used different types of lines to create a design, and then a picture frame and color to emphasize their favorite part. 2nd grade students studied Vincent Van Gogh and his Sunflowers. They learned about Van Gogh's life, why many people did not like his artwork when he was alive, and why we find it so interesting now. 3rd grade students studied Bridget Riley and optical illusion artwork. They used their knowledge of hot and cold colors to create a weaving that would fool the eyes!

L.E.A.F.

The Lapeer County Education Attainment Fund (LEAF) is a children's savings program brought to NBE by the Lapeer County Community Foundation (LCCF), ELGA Credit Union, and the Lapeer County Intermediate School District.

LEAF provides kindergartners (and BK students, which is new this year) with a savings account seeded with \$25 and designed to help students start saving for college or career training expenses.

This year NBE will continue our participation in the LEAF program for grades BK-3. We are in our 4th year with LEAF and it has been a great program. We grow the program each year and our first class of LEAF students are 3rd graders this year.

Please visit:

**<https://lapeercountycf.org/leaf/>
for more information.**

For 1st-3rd graders, our first deposit day was November 10th. BK/K students will have their kickoff closer to the middle of the year and have deposit days throughout the remainder of the school year.

Special thanks to The North Branch Knights of Columbus and Rick Swoish

for the generous donation of winter coats for our students. We appreciate the support we have received over the years and will make sure that donated coats find good homes as winter approaches.

RECYCLING Takes NBE by Storm!

During kindergarten through 4th grade enrichment time, students in Mrs. Opperman's class have taken charge of running a recycling program within North Branch Elementary School. Students began by setting their goal of recycling 5,000lbs of materials throughout the school year. We placed 41 bins K-4th grade classrooms, the office as well as teacher work rooms, the art room and STEAM classroom and then we got to work! Through our partnership with PepsiCo Recycling we have tracked our progress and have met different goals and challenges along the way, we've made posters that talk about the importance of recycling and what types of materials we can recycle. The PepsiCo company offers different rewards and incentives for the amount we recycle or the challenges we complete, one of which was gaining an additional 15 tubs for recycling for our school!

The support we have received from administration as well as every member of staff throughout the school has been wonderful. Through their support and dedication NBE has been able to recycle 1,403 lbs of paper, cardboard, tin, plastic, and glass. That is more than the weight of an adult American Bison! PepsiCo helps us to track the impact we are making through recycling, something that the students find really encouraging.

Reuse
Reduce
Recycle**

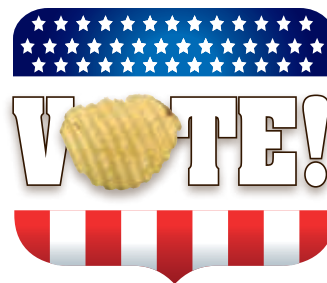

NORTH BRANCH
ELEMENTARY

NBE Running Club Shines in Caro

The North Branch Elementary Running Club had a great fall season with over 80 members from grades 2nd-6th grade practicing weekly. On Saturday, October 22nd the club had nearly forty members come out to race the Thumb Area Championship two-mile course in Caro, Michigan. North Branch did an outstanding job on the course. Our elementary boys placed 3rd overall and our elementary girls placed 1st. Both fields had over 100 participants competing and several of our team members were awarded medals in the top 30 overall placings. Congratulations to all participants! A special thank you to all families for your support with this program and transporting your child to the race event.

Allison Johson, 5th grader, first place overall for elementary girls with a time of 14:26.92. Emerson Weingartz, a 3rd grader, was in second place overall for elementary girls with a time of 14:47.22. Lauren Salowitz, a 2nd grader, smiles proudly with her medal and ribbon with 28th place and time of 19:26.23 with run club coach Holly Berridge. Maximus Silvernail finished strong for North Branch with a time of 18:24.67 and the boy's team all finished strong at the finish line. **WAY TO GO RUNNING BRONCOS!**

Mrs. Sieradzki's and Mrs. Gormley's class learned about Election Day and the voting process by going through the 2022 Official Chip Election. Students were given a voter's registration card, which they had to present before heading into the polls. They were then able to do "research" on the two candidates, BBQ chip and Sour Cream and Onion Chip. Once they tasted each, they were to write their vote on the ballot card and deposit it into the ballot box. Once the polls were closed, the students went through the cards and graphed the results. It was a very close match, but the overall winner ended up being the BBQ chip! It was a great way to learn about this important day and process in a kid friendly way!

NBE 4th Graders Visit Camp Lael

Fourth grade students from North Branch Elementary attended Camp Lael on Skinner Lake to learn about different ecology concepts, including the importance of human interaction with the environment.

Classes had an opportunity to play games such as Camouflage, Migratory Birds, and Predator/Prey. Students also learned about copper in Michigan and even had the opportunity to observe a beaver lodge.

The days were packed full of learning experiences – they designed copper beads, identified macroinvertebrates, made apple cider, went canoeing, and so much more.

NBE Welcomes Heather Fantin!

Heather comes to us with several years of experience as a community servant leader, most recently serving as the Chief of Police in Capac, where she served for over twenty years. During her time as Chief, she worked diligently to build strong partnerships among the community, the school,

the police department, and local organizations. Heather has served as a School Resource Officer and boasts extensive training in working with both children and safety. Her extensive training background includes ALICE, child forensic interviewing, CPR, confidentiality, report writing, and truancy laws & procedures – just to name a few.

Heather's overall strong desire to serve is second to none. As a North Branch alum, Heather knows what being a Bronco entails and is thrilled to be able to support the next generation of Broncos. North Branch Elementary is extremely fortunate to be adding Heather to our staff and we are excited to welcome her back home.

FIRE PREVENTION WEEK: October 9th-15th

NBE was fortunate enough this year to welcome fire fighters in from the North Branch, Deerfield, and Burlington fire departments in for a day of excitement.

Classes learned about fire safety, how to do their part in prevention, and even got to see some of the amazing equipment that fire fighters use on the job – including a fire truck. Students had a great time learning, and loved being able to ask fire fighters

questions about their jobs.

Special thanks to all the firefighters who took time out of their day to come spend some much-appreciated time at NBE.

Full STEAM Ahead!

STEM stands for Science, Technology, Engineering, & Mathematics. STEAM includes the Arts which is a critical element for innovation when it comes to developing unique solutions to problems, beauty in design, and presenting information in engaging ways for the people to understand.

By 2030, the number of STEM jobs will grow at a higher rate than non-STEM fields – with positions in computing, engineering, and advanced manufacturing leading the way (U.S. Bureau of Labor Statistics). Today there is a national shortage of students in the STEM pipeline and a shortage of workers prepared for high-paying STEM careers.

As a way to ignite curiosity and motivation for STEAM related fields, the district has been researching opportunities that will develop the “21st Century Skills” our BK – 12 students need.

In the 2023-24 school year, the district will be moving “full STEAM ahead” with a functional SmartLab at North Branch Elementary and Ruth Fox Middle School. The 2022-23 school year will be used to plan for the implementation. The SmartLabs will be equipped with various technology (e.g., 3D printers, padcasters, laser engraver, CNC Milling Machine), software (e.g., Stop Motion, Adobe Photoshop, Animation-ish) and learning kits (e.g., Snap Circuits, Solar, Ozobots, VEX GO). During specials, students will visit the SmartLab and go through a student-led, project-based learning approach where they put themselves in the shoes of those who are trying to solve problems in the real world.

The SmartLabs will be key to igniting and sustaining our students' interest in STEAM by providing:

- More learning by doing
- More emphasis on student choice, agency and independence
- More emphasis on authentic STEAM tasks
- More emphasis on students developing a STEAM identity early
- More emphasis on students finding STEAM role models

During the 2022-23 school year, North Branch High School will be looking at STEAM pathways that will strengthen our 9th-12th grade programming for the 2023-24 school year.

NBE All Star Reading Night huge success!

During this event families get to come to Krepp's Field and rotate through stations to hear stories read by our very own North Branch High School athletes. This event allows our youngest learners to meet and interact with our Bronco athletes, get free books, and interact in various other stations all centered around literacy. This has quickly become a favorite of our students and they look forward to it each year.

We would like to thank the community of North Branch for coming out to our annual All-Star Reading Night in full force! We had over 120 families attend with well over 200 students. This night could not have been possible without the support of our community as well as the local businesses who sponsor our event.

The Kiwanis of Lapeer provided every 3rd grader at NBE with a copy of their very own dictionary.

Special thanks to the Kiwanis for their continual support of our students – we appreciate it!
