Dear Parent/Guardian:

As we prepare for the upcoming school year, I would like to ensure that every family receives a free & reduced meal application. We have enjoyed serving free meals to all students the past two years. However, the USDA did not extend free meals for this school year. **I would like to encourage every family apply for Free & Reduced Meals. Those who qualify for Free meals will have their student school fees waived as well.**

This application can be completed by any parent or guardian of a Manchester Local School District student to see if they qualify for free or reduced meals while at school. If a student qualifies, this would allow them to eat both breakfast and lunch for either free or at a reduced price of \$0.30 at breakfast and \$0.40 at lunch. We are committed to offering nutritious foods in our district to ensure our students are able to accelerate in their curriculum. You can pre-load money on your student's lunch account for a small convenience fee at www.payschoolscentral.com or send in cash or check (made out to: Manchester Food Service) to the cashier with your student.

Please see the current meal prices for all schools below:
