2. Change from “Campus” to “District”

The screenshot shows a software interface with a blue header bar containing tabs for 'ents', 'Assessments', and 'STAAR Profile'. Below the header is a green navigation bar with buttons for 'KENTRO', 'STAAR', 'TELPAS', 'LION', 'TPRI/TJL', and 'CPALLS'. A dropdown menu is open, showing options: 'Campus', 'District', 'Campus', and 'Teacher'. The 'District' option is highlighted. To the right of the dropdown is a 'Kentro Standard' dropdown and an 'All Students' dropdown. Below these are columns for 'Pass', 'Fail', 'Tested', and 'No Score', each with sub-columns for '%', 'Total', and 'N/A'. The table below has columns for 'Date', 'Semester', 'Series', 'Language', 'Target', 'Code', 'Type', 'Category', 'Subject', and 'Scope', followed by the same sub-columns for 'Pass', 'Fail', 'Tested', and 'No Score'. The 'Date' column has a '1' in a green box. The 'All' buttons are in green boxes with dropdown arrows.

Pass		Fail		Tested		No Score	
%	Total	%	Total	%	Total	%	Total
N/A	0	N/A	0	N/A	0	N/A	0

3. Change standard to “TEA 2021-22 Standard”

The screenshot shows the 'Assessments' section of the STAAR Profile interface. A dropdown menu is open, displaying the following options:

- Kentro Standard
- Kentro Standard
- 70% Standard
- TEA 2021-22 Standard**
- TEA 2021-22 Standard +1
- TEA 2021-22 Standard +2
- TEA 2021-22 Standard +3

The 'TEA 2021-22 Standard' option is highlighted in green and enclosed in a red box. The background interface includes tabs for 'Assessments' and 'STAAR Profile', a navigation bar with 'KENTRO', 'STAAR', 'TELPAS', 'LION', 'TPRI/TJL', and 'CPALLS', and a table with columns for 'Date', 'Semester', 'Target', 'Code', and 'Type'.

Scroll to the right to find these columns.

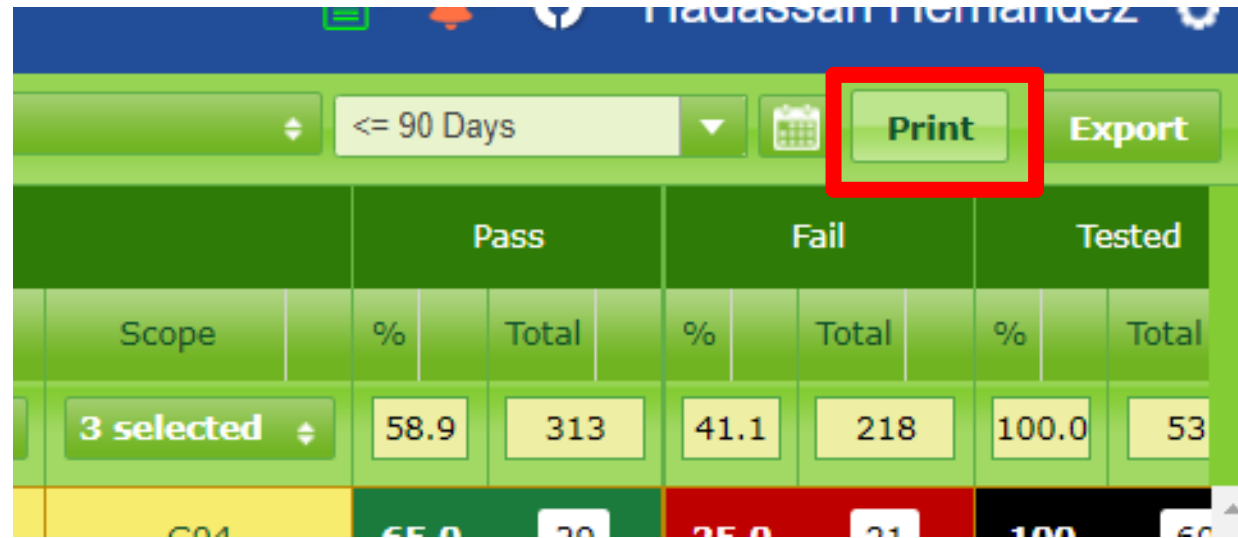

5. Select the assessment or set assessments that you want to generate the report for.

The screenshot shows a web interface for managing assessments. At the top, there are navigation tabs: Info, Campus, Staff, Students, Assessments (selected), and STAAR Profile. Below these are sub-tabs for different assessment systems: KENTRO (selected), STAAR, TELPAS, LION, TPRI/TJL, and CPALLS. The main area displays a table with columns for Title and Cutpoints. Each row represents an assessment and includes a selection checkbox, a row number, a green arrow icon, a PDF icon, and the assessment title. The cutpoints are displayed as a series of colored boxes with numbers and ranges.

Assessments may be selected by clicking on the row #.

7. Click on the print button on the upper right-hand corner.

The screenshot shows a software interface with a data table. At the top, there is a navigation bar with the name "Madassan Hernandez". Below it, a filter dropdown is set to "<= 90 Days". To the right of the filter are two buttons: "Print" and "Export". The "Print" button is highlighted with a red rectangular box. Below the buttons is a table with columns for "Scope", "Pass", "Fail", and "Tested". Each of these columns is further divided into "%", "Total", and "Total" sub-columns. The first row of data shows "3 selected" for Scope, 58.9% and 313 for Pass, 41.1% and 218 for Fail, and 100.0% and 53 for Tested. A second row of data is partially visible below it.

Scope	Pass		Fail		Tested	
	%	Total	%	Total	%	Total
3 selected	58.9	313	41.1	218	100.0	53
604	65.9	30	35.9	21	100.0	50

8. From the menu, select one of the available options:
“Kentro Data Wall Report” or “Kentro Data Wall Report with Student Name”. Then, click “Print”.

9. When the report is ready, a red button will appear on the report que. Click on it.

The screenshot shows a software interface with a dark blue header bar. On the right side of the header, the name "Hadassah Hernandez" is displayed. In the center of the header, there is a notification icon (a document with a list) enclosed in a red square box, with a red circle containing the number "1" next to it. To its right is another notification icon (a hand holding a document) with a red circle containing the number "23". Further right is a refresh icon. Below the header is a green navigation bar with a dropdown menu set to "All Students", a date range selector set to "<= 90 Days", and buttons for "Print" and "Export". Below this is a table with columns: "Language", "Target", "Code", "Type", "Category", and "Subject". The "Target" column has a dropdown menu set to "All". The "Type" column has a dropdown menu set to "All". The "Category" column has a dropdown menu set to "All". The "Subject" column has a dropdown menu set to "All".

10. Download the report by clicking on the green arrow.

The screenshot shows a web application interface for a report queue. At the top, there are three tabs: "Report Queue" (selected), "Pre-made Reports", and "ECDS". Below the tabs is a "Report Queue" header with a list icon. The main area is a table with the following columns: "Report Name", "Description", "Title", and "Note". The "Report Name" column has a search input field with "search" text. The "Description" column has a search input field with "search" text. The "Title" column has a search input field with "search" text. The "Note" column has a search input field with "search" text. The first row of the table has a red box around a green arrow icon in the "Report Name" column, indicating the download action. The report name is "entro Data Wall Report". The description is "This report works best when TEA Standard is selected and a Series is tagged for the selected assessments. The data wall report reflects assessment data by campus and teacher with a focus on Domain I and II outcomes and minimum goal targets for students with a previous year STAAR result. The campus section will reflect teacher outcomes and the teacher section will reflect class (period) performance along with a student performance list for each assessment."
