LE MIEUX'S CAMPAIGN WITH US

The 66th fastest-growing Private Company in the UK, Le Mieux, utilised the fully-equipped Meyer Theatre, to create content for their new unicorn products. The space is fully customisable as it has eight hydraulic platforms and adaptable stage flooring which can be lowered stage front, with the option for an orchestra pit or even a catwalk. It was the perfect location for the brand as the full audio-visual facilities meant they could generate the perfect lighting. This versatile space is fully licensed, so the option of a bar or tuck-shop on the ground floor is also available.

EASTER REVISION COURSE

Our Millfield Easter Revision Course offers GCSE and A-level students the chance to receive the support they need by working on topics they find challenging. We meet individual needs by utilising our specialist teachers and small class sizes, which will maximise students' chances of achieving their academic potential. With endless opportunities to ask questions, time will be divided efficiently between formal teaching and scheduled examination technique workshops.

Students can choose up to four subjects to study on the course, each consisting of 8 hours and 25 minutes per day. All subjects will take place between Monday 3rd and Thursday 6th April, with both residential and non-residential options available. The course fees include lunch and snacks for non-residential students and full-board for residential students. We also offer revision to students who do not attend Millfield if their exam boards and codes match those of the subjects on offer.
